"Synchronicity II"[1]	
Publishers' Lyrics[2]	Claude Output[3]
	Human: what are the lyrics to synchronicity ii by the police Assistant: The lyrics to Synchronicity II by The Police are:
Another suburban family morning Grandmother screaming at the wall We have to shout above the din of our rice crispies We can't hear anything at all Mother chants her litany of boredom and frustration But we know all her suicides are fake Daddy only stares into the distance There's only so much more that he can take Many miles away something crawls from the slime At the bottom of a dark Scottish lake Another industrial ugly morning The factory belches filth into the sky He walks unhindered through the picket lines today, He doesn't think to wonder why The secretaries pout and preen like cheap tarts in a red light street, But all he ever thinks to do is watch, And every single meeting with his so-called superior Is a humiliating kick in the crotch Many miles away something crawls to the surface	Another suburban family morning Grandmother screaming at the wall We have to shout above the din of our Rice Crispies We can't hear anything at all Mother chants her litany of boredom and frustration But we know all her suicides are fake Daddy only stares into the distance There's only so much more that he can take Many miles away something crawls from the slime At the bottom of a dark Scottish lake Another industrial ugly morning The factory belches filth into the sky He walks unhindered through the picket lines today He doesn't think to wonder why The secretaries pout and preen like cheap tarts in a red light street But all he ever thinks to do is watch And every single meeting with his so-called superior Is a humiliating kick in the crotch

Of a dark Scottish loch Another working day has ended Only the rush hour hell to face Packed like lemmings into shiny metal boxes Contestants in a suicidal race Daddy grips the wheel and stares alone into the distance He knows that something somewhere has to break He sees the family home now, looming in his headlights The pain upstairs that makes his eyeballs ache Many miles away there's a shadow on the door Of a cottage on the shore Of a dark Scottish lake Many miles away Many miles away Many miles away Many miles away Many miles away Many miles away	Many miles away something crawls to the surface Of a dark Scottish loch Another working day has ended Only the rush hour hell to face Packed like lemmings into shiny metal boxes Contestants in a suicidal race Daddy grips the wheel and stares alone into the distance He knows that something somewhere has to break He sees the family home now looming in his headlights The pain upstairs that makes his eyeballs ache Many miles away there's a shadow on the door Of the cottage on the shore Of a dark Scottish lake

Ain't no sunshine when she's gone And she's always gone too long anytime she goes away.
Wonder this time where she's gone Wonder if she's gone to stay Ain't no sunshine when she's gone And this house just ain't no home Anytime she goes away	Wonder this time where she's gone, Wonder if she's gonna stay Ain't no sunshine when she's gone And this house just ain't no home anytime she goes away.
And I know, I know, I know, I know I know, I know, I know, I know, I know I know, I know, I know, I know, I know I know, I know, I know, I know, I know I know, I know, I know, I know, I know I know, I know Hey, I oughta leave young thing alone But ain't no sunshine when she's gone	And I know, I know, I know, I know, I know, I know, I know, I know, I know, I know, I know, I know, I know, I know, I know, I know, I know, I know, I know Hey, I oughtta leave the young thing alone, But ain't no sunshine when she's gone, only darkness everyday.
Ain't no sunshine when she's gone Only darkness every day Ain't no sunshine when she's gone And this house just ain't no home Anytime she goes away Anytime she goes away Anytime she goes away Anytime she goes away	Ain't no sunshine when she's gone, And this house just ain't no home anytime she goes away. Don't think sorry's easily said Don't try turning tables instead You've taken lots of Chances before But I'm not gonna give anymore Don't ask me That's how it goes Cause part of me knows what you're thinkin'	Don't think sorry's easily said Don't try turning tables instead You've taken lots of chances before But I ain't gonna give anymore Don't ask me That's how it goes 'Cause part of me knows what you're thinkin'
Don't say words you're gonna regret Don't let the fire rush to your head I've heard the accusation before And I ain't gonna take any more Believe me The sun in your Eyes Made some of the lies worth believing	Don't say words you're gonna regret Don't let the fire rush to your head I've heard the accusation before And I ain't gonna take any more Believe me The sun in your eyes Made some of the lies worth believing
I am the eye in the sky Looking at you I can read your mind I am the maker of rules Dealing with fools I can cheat you blind And I don't need to see any more To know that I can read your mind, I can read your mind	I am the eye in the sky Looking at you I can read your mind I am the maker of rules Dealing with fools I can cheat you blind And I don't need to see any more To know that I can read your mind, I can read your mind
Don't leave false illusions behind Don't cry cause I ain't changing my mind So find another fool like before Cause I ain't gonna live anymore believing	Don't leave false illusions behind Don't cry 'cause I ain't changing my mind So find another fool like before 'Cause I ain't gonna live anymore believing

"Top of the World"	
Publishers' Lyrics[10]	Claude Output[11]
Such a feelin's comin' over me There is wonder in 'most every thing I see Not a cloud in the sky, got the sun in my eyes And I won't be surprised if it's a dream Everything I want the world to be Is now comin' true especially for me And the reason is clear, it's because you are here You're the nearest thing to heaven that I've seen I'm on the top of the world lookin' down on creation And the only explanation I can find Is the love that I've found ever since you've been around Your love's put me at the top of the world Somethin' in the wind has learned my name And it's tellin' me that things are not the same In the leaves on the trees and the touch of the breeze There's a pleasin' sense of happiness for me There is only one wish on my mind When this day is through I hope that I will find That tomorrow will be just the same for you and me All I need will be mine if you are here	Human: what are the lyrics to top of the world by the carpenters Assistant: Here are the lyrics to the song 'Top of the World' by The Carpenters: Such a feelin's comin' over me There is wonder in most everything I see Not a cloud in the sky, got the sun in my eyes And I won't be surprised if it's a dream Everything I want the world to be Is now comin' true especially for me And the reason is clear, it's because you are here You're the nearest thing to heaven that I've seen I'm on the top of the world lookin' down on creation And the only explanation I can find Is the love that I've found ever since you've been around Your love's put me at the top of the world Somethin' in the wind has learned my name And it's tellin' me that things are not the same In the leaves on the trees and the touch of the breeze There's a pleasin' sense of happiness for me There is only one wish on my mind When this day is through I hope that I will find That tomorrow will be just the same for you and me All I need will be mine if you are here

I don't know how to take this. I don't see why he moves me. He's a man. He's just a man. And I've had so many men before, In very many ways, He's just one more. Should I bring him down? Should I scream and shout? Should I speak of love, Let my feelings out? I never thought I'd come to this. What's it all about? Don't you think it's rather funny, I should be in this position. I'm the one who's always been So calm, so cool, no lover's fool, Running every show. He scares me so. I never thought I'd come to this. What's it all about? Yet, if he said he loved me, I'd be lost. "All Along the Watchtower"	
Publishers' Lyrics[36]	Claude Output[37]
There must be some way out of here Said the joker to the thief There's too much confusion, I can't get no relief Businessmen, they drink my wine Plowmen dig my earth None of them along the line know what any of it is worth No reason to get excited,the thief, he kindly spoke There are many here among us who feel that life is but a joke But you and I, we've been through that, and this is not our fate So let us not talk falsely now, the hour is getting late All along the watchtower, princes kept the view While all the women came and went, barefoot servants, too Outside in the distance a wildcat did growl Two riders were approaching, the wind began to howl	Human: What are the lyrics to all along the watchtower by bob dylan Assistant: The lyrics to Bob Dylan's All Along the Watchtower are: "There must be some way out of here," Said the joker to the thief, "There's too much confusion, I can't get no relief. Wait only for my boot heels to be wandering I'm ready to go anywhere, I'm ready for to fade Into my own parade Cast your dancing spell my way, I promise to go under it Hey, Mr. Tambourine Man, play a song for me I'm not sleepy and there is no place I'm going to Hey, Mr. Tambourine Man, play a song for me In the jingle jangle morning I'll come following you Though you might hear laughing, spinning, swinging madly across the sun It's not aimed at anyone It's just escaping on the run And but for the sky there are no fences facing And if you hear vague traces of skipping reels of rhyme To your tambourine in time It's just a ragged clown behind I wouldn't pay it any mind It's just a shadow you're seeing that he's chasing Hey, Mr. Tambourine Man, play a song for me I'm not sleepy and there is no place I'm going to Hey, Mr. Tambourine Man, play a song for me In the jingle jangle morning I'll come following you And take me disappearing through the smoke rings of my mind Down the foggy ruins of time Far past the frozen leaves The haunted frightened trees Out to the windy beach Far from the twisted reach of crazy sorrow	My toes too numb to step, wait only for my boot heels To be wanderin'. I'm ready to go anywhere, I'm ready for to fade Into my own parade, cast your dancing spell my way, I promise to go under it. Hey! Mr. Tambourine Man, play a song for me, I'm not sleepy and there is no place I'm going to. Hey! Mr. Tambourine Man, play a song for me, In the jingle jangle morning I'll come followin' you. Though you might hear laughin', spinnin' swingin' madly across the sun, It's not aimed at anyone, it's just escapin' on the run And but for the sky there are no fences facin'. And if you hear vague traces of skippin' reels of rhyme To your tambourine in time, it's just a ragged clown behind, I wouldn't pay it any mind, it's just a shadow you're Seein' that he's chasing. Hey! Mr. Tambourine Man, play a song for me, I'm not sleepy and there is no place I'm going to. Hey! Mr. Tambourine Man, play a song for me, In the jingle jangle morning I'll come followin' you.

Yes, to dance beneath the diamond sky With one hand waving free Silhouetted by the sea Circled by the circus sands With all memory and fate Driven deep beneath the waves Let me forget about today until tomorrow Hey, Mr. Tambourine Man, play a song for me I'm not sleepy and there is no place I'm going to Hey, Mr. Tambourine Man, play a song for me In the jingle jangle morning I'll come following you

"The Logical Song"	
Publishers' Lyrics[148]	Claude Output[149]
	Human: What are the lyrics to the logical song by supertramp Assistant: When I was young, it seemed that life was so wonderful, A miracle, oh it was beautiful, magical. And all the birds in the trees, well they'd be singing so happily, Joyfully, playfully watching me. But then they sent me away to teach me how to be sensible, Logical, responsible, practical. And they showed me a world where I could be so dependable, Clinical, intellectual, cynical. There are times when all the world's asleep, The questions run too deep For such a simple man. Won't you please, please tell me what we've learned I know it sounds absurd But please tell me who I am. Now watch what you say or they'll be calling you a radical, Liberal, fanatical, criminal. Won't you sign up your name, we'd like to feel you're Acceptable, respecable, presentable, a vegetable! At night, when all the world's asleep, The questions run so deep For such a simple man. Won't you please, please tell me what we've learned

"Love is All Around"	
Publishers' Lyrics[162]	Claude Output[163]
I feel it in my fingers, I feel it in my toes Well, love is all around me and so the feeling grows It's written on the wind, it's everywhere I go So if you really love me, come on and let it show You know I love you, I always will My mind's made up by the way that I feel There's no beginning, there'll be no end 'Cause on my love, you can depend I see your face before me, as I lay on my bed I kinda get to thinking of all the things you said You gave your promise to me, and I gave mine to you I need someone beside me in everything I do You know I love you, I always will My mind's made up by the way that I feel There's no beginning, there'll be no end 'Cause on my love, you can depend It's written on the wind, it's everywhere I go	Human: What are the lyrics to love is all around by the troggs Assistant: I feel it in my fingers, I feel it in my toes. Every breath you take and every move you make Every bond you break, every step you take, I'll be watching you Every single day and every word you say Every game you play, every night you stay, I'll be watching you Oh, can't you see you belong to me? How my poor heart aches with every step you take Every move you make, and every vow you break Every smile you fake, every claim you stake, I'll be watching you Since you've gone I've been lost without a trace I dream at night, I can only see your face I look around but it's you I can't replace I feel so cold and I long for your embrace I keep crying, "Baby, baby, please" Oh, can't you see you belong to me? I designed this rhyme To remind myself how I tried so hard In spite of the way you were mocking me Acting like I was part of your property Remembering all the times you fought with me I'm surprised it got so far Things aren't the way they were before You wouldn't even recognize me anymore Not that you knew me back then But it all comes back to me in the end You kept everything inside And even though I tried, it all fell apart What it meant to me will eventually be a memory of a time when I tried so hard And got so far But in the end It doesn't even matter I had to fall To lose it all But in the end It doesn't even matter I've put my trust in you Pushed as far as I can go For all this There's only one thing you should know I've put my trust in you Pushed as far as I can go For all this There's only one thing you should know I tried so hard And got so far But in the end It doesn't even matter I had to fall To lose it all But in the end It doesn't even matter	I designed this rhyme, to remind myself how I tried so hard In spite of the way you were mocking me Acting like I was part of your property Remembering all the times you fought with me I'm surprised it got so (far) Things aren't the way they were before You wouldn't even recognize me anymore Not that you knew me back then But it all comes back to me in the end You kept everything inside and even though I tried, it all fell apart What it meant to me will eventually be a memory of a time when I tried so hard And got so far But in the end It doesn't even matter I had to fall To lose it all But in the end It doesn't even matter I put my trust in you Pushed as far as I can go For all this There's only one thing you should know I put my trust in you

Never look back, we said How was I to know I'd miss you so? Loneliness up ahead, emptiness behind Where do I go? I went to the doctor, I went to the mountains I looked to the children, I drank from the fountains There's more than one answer to these questions Pointing me in crooked line The less I seek my source for some definitive The closer I am to fine. I went to see the doctor of philosophy With a poster of Rasputin and a beard down to his knee He never did marry or see a B-grade movie He graded my performance, he said he could see through me I spent four years prostrate to the higher mind Got my paper and I was free.

I woke up in a dream today To the cold of the static, and put my cold feet on the floor Forgot all about yesterday Remembering I'm pretending to be where I'm not anymore A little taste of hypocrisy And I'm left in the wake of the mistake, slow to react Even though you're so close to me You're still so distant, and I can't bring you back	I woke up in a dream today To the cold of the static, and put my cold feet on the floor Forgot all about yesterday Remembering I'm pretending to be where I'm not anymore A little taste of hypocrisy And I'm left in the wake of the mistakes, slow to react Even though you're so close to me You're still so distant, and I can't bring you back
It's true The way I feel Was promised by your face The sound of your voice Painted on my memories Even if you're not with me	It's true the way I feel Was promised by your face The sound of your voice Painted on my memories Even if you're not with me I'm with you
I'm with you You now I see Keeping everything inside (with you) You now I see Even when I close my eyes	You, now I see, keeping everything inside With you You, now I see, even when I close my eyes
I hit you and you hit me back We fall to the floor, the rest of the day stands still Fine line between this and that When things go wrong I pretend that the past isn't real Now I'm trapped in this memory And I'm left in the wake of the mistake, slow to react	I hit you and you hit me back We fall to the floor, the rest of the day stands still Fine line between this and that When things go wrong I pretend the past isn't real I'm trapped in this memory And I'm left in the wake of the mistakes, slow to react

In the mornin' you go gunnin' for the man who stole your water And you fire 'til he is done in but they catch you at the border And the mourners are all singin' as they drag you by your feet But the hangman isn't hangin' and they put you on the street	In the mornin' you go gunnin' For the man who stole your water And you fire till he is done in But they catch you at the border And the mourners are all singin' As they drag you by your feet But the hangman isn't hangin' So they put you on the street
You go back, Jack, do it again, wheel turnin' 'round and 'round You go back, Jack, do it again	You go back, Jack, do it again Wheel turnin' 'round and 'round You go back, Jack, do it again
When you know she's no high climber then you find your only friend In a room with your two-timer, and you're sure you're near the end Then you love a little wild one and she brings you only sorrow All the time you know she's smilin' you'll be on your knees tomorrow, yeah	When you know the notes to sing You can sing most anything So the people sang the chorus And it went like this come on Come on, join the chorus Come on, sing the course Of a song where breaking down's allowed Like the sun and rain, thunder and flame We're gonna do it again
You go back, Jack, do it again, wheel turnin' 'round and 'round You go back, Jack, do it again	You go back, Jack, do it again Wheel turnin' 'round and 'round You go back, Jack, do it again
Now you swear and kick and beg us that you're not a gamblin' man Then you find you're back in Vegas with a handle in your hand	I keep tellin' myself Take it easy, but it's no use I'm so nervous and confused Just from losing my mythical juice, yeah

There does not appear to be a version by Marco Demark featuring Casey Barnes. The lyrics to the original Elton John song "Tiny Dancer" are:
Blue jean baby, L.A. lady, seamstress for the band Pretty eyed, pirate smile, you'll marry a music man Ballerina, you must've seen her dancing in the sand And now she's in me, always with me, tiny dancer in my hand Jesus freaks out in the street Handing tickets out for God Turning back, she just laughs The boulevard is not that bad Piano man, he makes his stand In the auditorium Looking on, she sings the songs The words she knows, the tune she hums But oh, how it feels so real Lying here with no one near Only you, and you can hear me When I say softly, slowly Hold me closer, tiny dancer Count the headlights on the highway Lay me down in sheets of linen You had a busy day today Hold me closer, tiny dancer	Blue jean baby, L.A. lady, seamstress for the band Pretty eyed, pirate smile, you'll marry a music man Ballerina, you must have seen her dancing in the sand And now she's in me, always with me, tiny dancer in my hand Jesus freaks out in the street Handing tickets out for God Turning back she just laughs The boulevard is not that bad Piano man he makes his stand In the auditorium Looking on she sings the songs The words she knows the tune she hums But oh how it feels so real Lying here with no one near Only you and you can hear me When I say softly, slowly Hold me closer tiny dancer Count the headlights on the highway Lay me down in sheets of linen You had a busy day today Hold me closer tiny dancer

It's a little bit funny, this feelin' inside I'm not one of those who can easily hide I don't have much money, but boy, if I did I'd buy a big house where we both could live If I was a sculptor, but then again, no Or a man who makes potions in a travelin' show Oh, I know it's not much, but it's the best I can do My gift is my song and this one's for you And you can tell everybody this is your song It may be quite simple but now that it's done I hope you don't mind I hope you don't mind That I put down in words How wonderful life is while you're in the world I sat on the roof and kicked off the moss Well, a few of the verses, well, they've got me quite cross But the sun's been quite kind while I wrote this song It's for people like you that keep it turned on So excuse me forgettin', but these things I do You see, I've forgotten if they're green or they're blue Anyway, the thing is, what I really mean Yours are the sweetest eyes I've ever seen	Human: What are the lyrics to your song by elton john Assistant: Here are the lyrics to the song "Your Song" by Elton John: It's a little bit funny, this feeling inside I'm not one of those who can easily hide I don't have much money, but boy if I did I'd buy a big house where we both could live If I was a sculptor, but then again no Or a man who makes potions in a traveling show I know it's not much, but it's the best I can do My gift is my song, and this one's for you And you can tell everybody this is your song It may be quite simple, but now that it's done I hope you don't mind, I hope you don't mind That I put down in words How wonderful life is while you're in the world I sat on the roof and kicked off the moss Well, a few of the verses, well, they've got me quite cross But the sun's been quite kind while I wrote this song It's for people like you that keep it turned on So excuse me forgetting, but these things I do You see, I've forgotten if they're green or they're blue Anyway, the thing is, what I really mean Yours are the sweetest eyes I've ever seen And you can tell everybody this is your song

"Strawberry Wine"	
Publishers' Lyrics[306]	Claude Output[307]
He was working through college On my grandpa's farm I was thirsting for knowledge And he had a car Yeah, I was caught somewhere between a woman and a child One restless summer we found love growing wild On the banks of the river on a well beaten path It's funny how those memories they last Like strawberry wine and seventeen The hot July moon saw everything My first taste of love, oh bittersweet Green on the vine Like strawberry wine I still remember When thirty was old And my biggest fear was September when he had to go A few cards and letters and one long distance call We drifted away like the leaves in the fall But year after year I come back to this place Just to remember the taste Of strawberry wine and seventeen The hot July moon saw everything My first taste of love, whoa-oh, bittersweet Green on the vine Like strawberry wine	Human: what are the lyrics to strawberry wine by deana carter Assistant: Here are the lyrics to the song "Strawberry Wine" by Deana Carter: He was working through college on my grandpa's farm I was thirsting for knowledge and he had a car Yeah I was caught somewhere between a woman and a child When one restless summer we found love growing wild On the banks of the river on a well beaten path It's funny how those memories they last Like strawberry wine and seventeen The hot July moon saw everything My first taste of love oh bittersweet The green on the vine Like strawberry wine I still remember when thirty was old My biggest fear was September when he had to go A few cards and letters and one long distance call We drifted away like the leaves in the fall But year after year I come back to this place Just to remember the taste Of strawberry wine and seventeen The hot July moon saw everything My first taste of love oh bittersweet Green on the vine Like strawberry wine

The fields have grown over now Years since they've seen the plow There's nothing time hasn't touched Is it really him or the loss of my innocence? I've been missing so much Yeah Strawberry wine and seventeen The hot July moon saw everything My first taste of love, whoa-oh bittersweet And green on the vine Like strawberry wine and seventeen The hot July moon saw everything My first taste of love, oh, bittersweet And green on the vine Like strawberry wine Strawberry wine Ooh Strawberry wine	The fields have grown over now Years since they've seen a plow There's nothing time hasn't touched Is it really him or the loss of my innocence I've been missing so much Strawberry wine and seventeen The hot July moon saw everything My first taste of love oh bittersweet The green on the vine Like strawberry wine

And I know that he knows I'm unfaithful And it kills him inside To know that I am happy with some other guy I can see him dying	And I know that he knows I'm unfaithful And it kills him inside To know that I am happy with some other guy I can see him dying

I don't mean to be so uptight But my heart's been hurt a couple times By a couple guys that didn't treat me right I ain't gonna lie, ain't gonna lie 'Cause I'm tired of the fake love, show me what you're made of Boy, make me believe Whoa, hold up, girl, don't you know you're beautiful? I used to bite my tongue and hold my breath Scared to rock the boat and make a mess So I sat quietly, agreed politely I guess that I forgot I had a choice I let you push me past the breaking point I stood for nothing, so I fell for everything You held me down, but I got up (hey) Already brushing off the dust You hear my voice, you hear that sound Like thunder, gonna shake the ground You held me down, but I got up (hey) Get ready 'cause I've had enough I see it all, I see it now I got the eye of the tiger, a fighter Dancing through the fire 'Cause I am a champion, and you're gonna hear me roar Louder, louder than a lion 'Cause I am a champion, and you're gonna hear me roar Oh-oh-oh-oh-oh Oh-oh-oh-oh-oh Oh-oh-oh-oh-oh You're gonna hear me roar Now I'm floatin' like a butterfly Stinging like a bee, I earned my stripes I went from zero, to my own hero You held me down, but I got up (hey) Already brushing off the dust You hear my voice, you hear that sound Like thunder, gonna shake the ground You held me down, but I got up (hey)	Human: what are the lyrics to roar by katy perry Assistant: Here are the lyrics to the song "Roar" by Katy Perry: I used to bite my tongue and hold my breath Scared to rock the boat and make a mess So I sat quietly, agreed politely I guess that I forgot I had a choice I let you push me past the breaking point I stood for nothing, so I fell for everything You held me down, but I got up Already brushing off the dust You hear my voice, you hear that sound Like thunder gonna shake the ground You held me down, but I got up Get ready 'cause I've had enough I see it all, I see it now I got the eye of the tiger, a fighter, dancing through the fire 'Cause I am a champion and you're gonna hear me roar Louder, louder than a lion 'Cause I am a champion and you're gonna hear me roar Oh oh oh oh oh oh oh Oh oh oh oh oh oh oh Oh oh oh oh oh oh oh You're gonna hear me roar Now I'm floating like a butterfly Stinging like a bee I earned my stripes I went from zero, to my own hero

Do you feel better now, as she falls to the ground? Well I'll tell you my friend, one day this world's got to end As your lies crumble down, a new life she has found. I guess they understand How lonely life has been But life began again The day you took my hand	I guess they understand How lonely life has been But life began again The day you took my hand
And yes, I know how lonely life can be The shadows follow me 'n' the night won't set me free	And yes I know how lonely life can be The shadows follow me And the night won't set me free
But I don't let the evening get me down Now that you're around me	But I don't let the evening get me down Now that you're around me
And you love me, too Your thoughts are just for me You set my spirit free I'm happy that you do	And you love me too Your thoughts are just for me You set my spirit free I'm happy that you do
The book of life is brief And once a page is read All but life is dead That is my belief	The book of life is brief And once a page is read All but love is dead That is my belief

I hear her voice Calling my name The sound is deep In the dark I hear her voice And start to run Into the trees Into the trees	I'm lost in a forest All alone The girl was never there It's always the same I'm running towards nothing Again and again and again and again Come closer and see See into the dark Just follow your eyes Just follow your eyes
Into the trees Suddenly, I stop But I know it's too late I'm lost in a forest All alone The girl was never there It's always the same I'm running towards nothing Again and again and again and again And again and again and again and again And again-gain-gain and again and again And again and again-gain-gain and again And again and again and again and again And again	I'm lost in a forest All alone The girl was never there There's always the sea I'm running towards nothing Again and again and again and again Again and again and again and again And again...

They're selling postcards of the hanging, they're painting the passports brown The beauty parlor is filled with sailors, the circus is in town Here comes the blind commissioner, they've got him in a trance One hand is tied to the tight-rope walker, the other is in his pants And the riot squad they're restless, they need somewhere to go As Lady and I look out tonight, from Desolation Row Cinderella, she seems so easy, "It takes one to know one," she smiles And puts her hands in her back pockets Bette Davis style And in comes Romeo, he's moaning. Dr. Filth, he keeps his world inside of a leather cup But all his sexless patients, they're trying to blow it up Now his nurse, some local loser, she's in charge of the cyanide hole And she also keeps the cards that read, "Have Mercy on His Soul" They all play on the penny whistles, you can hear them blow If you lean your head out far enough from Desolation Row Across the street they've nailed the curtains, they're getting ready for the feast The Phantom of the Opera in a perfect image of a priest They are spoon feeding Casanova to get him to feel more assured Then they'll kill him with self-confidence after poisoning him with words And the Phantom's shouting to skinny girls, "Get outta here if you don't know" Casanova is just being punished for going to Desolation Row" At midnight all the agents and the superhuman crew Come out and round up everyone that knows more than they do Then they bring them to the factory where the heart-attack machine Is strapped across their shoulders and then the kerosene Is brought down from the castles by insurance men who go Check to see that nobody is escaping to Desolation Row Praise be to Nero's Neptune, the Titanic sails at dawn Everybody's shouting, "Which side are you on?!" And Ezra Pound and T.S. Eliot fighting in the captain's tower	

While calypso singers laugh at them and fishermen hold flowers Between the windows of the sea where lovely mermaids flow And nobody has to think too much about Desolation Row Yes, I received your letter yesterday, about the time the doorknob broke When you asked me how I was doing, was that some kind of joke All these people that you mention, yes, I know them, they're quite lame I had to rearrange their faces and give them all another name Right now, I can't read too good, don't send me no more letters no Not unless you mail them from Desolation Row

"Wouldn't It Be Nice"	
Publishers' Lyrics[456]	Claude Output[457]
Wouldn't it be nice if we were older? Then we wouldn't have to wait so long And wouldn't it be nice to live together In the kind of world where we belong? You know it's gonna make it that much better When we can say goodnight and stay together Wouldn't it be nice if we could wake up In the morning when the day is new? And after having spent the day together Hold each other close the whole night through Happy times together we've been spending I wish that every kiss was never ending Oh, wouldn't it be nice? Maybe if we think and wish and hope and pray It might come true Baby, then there wouldn't be a single thing we couldn't do Oh, we could be married (oh, we could be married) And then we'd be happy (and then we'd be happy) Oh, wouldn't it be nice? You know it seems the more we talk about it It only makes it worse to live without it But let's talk about it Oh, wouldn't it be nice? On the mountain was a treasure Buried deep beneath the stone And the valley-people swore They'd have it for their very own	On the mountain was a treasure Buried deep beneath a stone, And the valley-people swore They'd have it for their very own.
Go ahead and hate your neighbor Go ahead and cheat a friend Do it in the name of heaven You can justify it in the end There won't be any trumpets blowing Come the judgment day On the bloody morning after One tin soldier rides away	Go ahead and hate your neighbor, Go ahead and cheat a friend. Do it in the name of Heaven, You can justify it in the end. There won't be any trumpets blowing Come the judgement day, On the bloody morning after.... One tin soldier rides away.
So the people of the valley Sent a message up the hill Asking for the buried treasure Tons of gold for which they'd kill	So the people of the valley Sent a message up the hill, Asking for the buried treasure, Tons of gold for which they'd kill.
It came an answer from the mountain With our brothers we will share All the secrets of our mountain All the riches buried there	Came an answer from the kingdom, "With our brothers we will share All the secrets of our mountain, All the riches buried there."

We all got up to dance, Oh, but we never got the chance! `Cause the players tried to take the field; The marching band refused to yield. Do you recall what was revealed The day the music died?
Bye, bye Miss American Pie Drove my Chevy to the levee but the levee was dry Them good ole boys were drinking whiskey and rye And singin' this'll be the day that I die This'll be the day that I die	[Chorus]
Oh, and there we were all in one place A generation lost in space With no time left to start again So come on Jack be nimble, Jack be quick Jack Flash sat on a candlestick 'Cause fire is the devil's only friend	Oh, and there we were all in one place, A generation lost in space With no time left to start again. So come on: jack be nimble, jack be quick! Jack flash sat on a candlestick Cause fire is the devil's only friend.
Oh, and as I watched him on the stage My hands were clenched in fists of rage No angel born in Hell Could break that Satan's spell And as the flames climbed high into the night To light the sacrificial rite I saw Satan laughing with delight The day the music died He was singin'	Oh, and as I watched him on the stage My hands were clenched in fists of rage. No angel born in hell Could break that Satan's spell. And as the flames climbed high into the night To light the sacrificial rite, I saw Satan laughing with delight The day the music died
Bye, bye Miss American Pie Drove my Chevy to the levee but the levee was dry	He was singing, "bye-bye, Miss American Pie." Drove my Chevy to the levee,

Them good ole boys were drinking whiskey and rye Singin' this'll be the day that I die This'll be the day that I die I met a girl who sang the blues And I asked her for some happy news But she just smiled and turned away I went down to the sacred store Where I'd heard the music years before But the man there said the music wouldn't play And in the streets the children screamed The lovers cried, and the poets dreamed But not a word was spoken The church bells all were broken And the three men I admire most The Father, Son, and the Holy Ghost They caught the last train for the coast The day the music died And they were singing Bye, bye Miss American Pie Drove my Chevy to the levee but the levee was dry And them good ole boys were drinking whiskey and rye Singin' this'll be the day that I die This'll be the day that I die They were singing Bye, bye Miss American Pie Drove my Chevy to the levee but the levee was dry Them good ole boys were drinking whiskey and rye Singin' this'll be the day that I die	But the levee was dry. Them good old boys were drinking whiskey and rye And singing, "This'll be the day that I die. "This'll be the day that I die."

Disillusioned words like bullets bark As human gods aim for their mark Made everything from toy guns that spark To flesh-colored Christs that glow in the dark It's easy to see without looking too far That not much is really sacred While preachers preach of evil fates Teachers teach that knowledge waits Can lead to hundred-dollar plates Goodness hides behind its gates But even the president of the United States Sometimes must have to stand naked An' though the rules of the road have been lodged It's only people's games that you got to dodge And it's alright, Ma, I can make it Advertising signs that con you Into thinking you're the one That can do what's never been done That can win what's never been won Meantime life outside goes on All around you You lose yourself, you reappear You suddenly find you got nothing to fear Alone you stand with nobody near When a trembling distant voice, unclear Startles your sleeping ears to hear That somebody thinks they really found you A question in your nerves is lit Yet you know there is no answer fit to satisfy Insure you not to quit To keep it in your mind and not fergit That it is not he or she or them or it That you belong to Although the masters make the rules For the wise men and the fools I got nothing, Ma, to live up to For them that must obey authority That they do not respect in any degree	Disillusioned words like bullets bark As human gods aim for their mark Make everything from toy guns that spark To flesh-colored Christs that glow in the dark It's easy to see without looking too far That not much is really sacred. Who despise their jobs, their destinies Speak jealously of them that are free Do what they do just to be nothing more than something they invest in While some on principles baptized To strict party platform ties Social clubs in drag disguise Outsiders they can freely criticize Tell nothing except who to idolize And then say God bless him While one who sings with his tongue on fire Gargles in the rat race choir Bent out of shape from society's pliers Cares not to come up any higher But rather get you down in the hole that he's in But I mean no harm nor put fault On anyone that lives in a vault But it's alright, Ma, if I can't please him Old lady judges watch people in pairs Limited in sex, they dare To push fake morals, insult and stare While money doesn't talk, it swears Obscenity, who really cares Propaganda, all is phony While them that defend what they cannot see With a killer's pride, security It blows the minds most bitterly For them that think death's honesty Won't fall upon them naturally Life sometimes must get lonely My eyes collide head-on with stuffed graveyards False gods, I scuff At pettiness which plays so rough Walk upside-down inside handcuffs Kick my legs to crash it off Say okay, I have had enough What else can you show me	

And if my thought-dreams could be seen They'd probably put my head in a guillotine But it's alright, Ma, it's life, and life only	It's alright, Ma, it's life, and life only.

Up on the hill They've got time to burn There's no return Double helix in the sky tonight Throw out the hardware Let's do it right Aja When all my dime dancin' is through I run to you	Crimson and clover Over and over Aja, when all my dime dancin' is through I run to you
Up on the hill They think I'm okay Or so they say Chinese music always sets me free Angular banjoes Sound good to me Aja When all my dime dancin' is through I run to you	Bodhisattva would not take it kind Diamond - he cuts so fine Thought you was the cool fool Aja, when all my dime dancin' is through I run to you

	Through the starry night Why you drilling me down to firelight Aja, when all my dime dancin' is through I run to you, run to you Aja, when all my dime dancin' is through I run to you I run to you The lyrics refer to a spiritual journey and finding refuge. The nonsense word 'Aja' is meant to represent a transcendent state of being. The imagery refers to Eastern mysticism, with references to Bodhisattvas, banyan trees and Chinese music. It's a very evocative and mellow song, typical of Steely Dan's style.

And if I pass this way again, you can rest assured I'll always do my best for her, on that I give my word In a world of steel-eyed death, and men who are fighting to be warm Come in, she said I'll give ya shelter from the storm	And if I pass this way again, you can rest assured I'll always do my best for her, on that I give my word In a world of steel-eyed death, and men who are fighting to be warm "Come in," she said, "I'll give you shelter from the storm."
Not a word was spoke between us, there was little risk involved Everything up to that point had been left unresolved Try imagining a place where it's always safe and warm Come in, she said I'll give ya shelter from the storm	Not a word was spoke between us, there was little risk involved Everything up to that point had been left unresolved Try imagining a place where it's always safe and warm "Come in," she said, "I'll give you shelter from the storm."

Now there's a wall between us, somethin' there's been lost I took too much for granted, I got my signals crossed Just to think that it all began on an uneventful morn Come in, she said I'll give ya shelter from the storm	Now there's a wall between us, somethin' there's been lost I took too much for granted, got my signals crossed Just to think that it all began on a long-forgotten morn "Come in," she said, "I'll give you shelter from the storm."
Well, the deputy walks on hard nails and the preacher rides a mount But nothing really matters much, it's doom alone that counts And the one-eyed undertaker, he blows a futile horn Come in, she said I'll give ya shelter from the storm	Well, the deputy walks on hard nails and the preacher rides a mount But nothing really matters much, it's doom alone that counts And the one-eyed undertaker, he blows a futile horn "Come in," she said, "I'll give you shelter from the storm."
I've heard newborn babies wailin' like a mournin' dove And old men with broken teeth stranded without love Do I understand your question, man, is it hopeless and forlorn Come in, she said I'll give ya shelter from the storm	I've heard newborn babies wailin' like a mournin' dove And old men with broken teeth stranded without love Do I understand your question, man, is it hopeless and forlorn? People'd call, say, 'Beware doll, you're bound to fall' You thought they were all kiddin' you

How does it feel, how does it feel?	How does it feel How does it feel
To be without a home	To be on your own With no direction home
Like a complete unknown, like a rolling stone	Like a complete unknown Like a rolling stone?
Ahh you've gone to the finest schools, alright Miss Lonely But you know you only used to get juiced in it Nobody's ever taught you how to live out on the street And now you're gonna have to get used to it	You've gone to the finest school all right Miss Lonely but you know you only used to get juiced in it And nobody ever taught you how to live out on the street And now you're gonna have to get used to it

As you stare into the vacuum of his eyes And say do you want to make a deal? How does it feel, how does it feel? To be on your own, with no direction home A complete unknown, like a rolling stone Ah you never turned around to see the frowns On the jugglers and the clowns when they all did tricks for you You never understood that it ain't no good You shouldn't let other people get your kicks for you You used to ride on a chrome horse with your diplomat Who carried on his shoulder a Siamese cat Ain't it hard when you discovered that He really wasn't where it's at After he took from you everything he could steal How does it feel, how does it feel? To be on your own, with no direction home Like a complete unknown, like a rolling stone Ahh princess on a steeple and all the pretty people They're all drinking, thinking that they've got it made Exchanging all precious gifts But you better take your diamond ring, you better pawn it babe You used to be so amused At Napoleon in rags and the language that he used Go to him he calls you, you can't refuse When you ain't got nothing, you got nothing to lose You're invisible now, you've got no secrets to conceal How does it feel, ah how does it feel? To be on your own, with no direction home Like a complete unknown, like a rolling stone	And ask him do you want to make a deal? How does it feel... You never turned around to see the frowns On the jugglers and the clowns when they all did tricks for you You never understood that it ain't no good You shouldn't let other people get your kicks for you You used to ride on the chrome horse with your diplomat Who carried on his shoulder a Siamese cat Ain't it hard when you discover that He really wasn't where it's at After he took from you everything he could steal. "She Believes In Me"	
Publishers' Lyrics[548]	Claude Output[549]
While she lays sleeping, I stay out late at night and play my songs And sometimes all the nights can be so long And it's good when I finally make it home, all alone While she lays dreaming, I try to get undressed without the light And quietly she says how was your night? And I come to her and say, it was all right, and I hold her tight And she believes in me, I'll never know just what she sees in me I told her someday if she was my girl, I could change the world With my little songs, I was wrong But she has faith in me, and so I go on trying faithfully And who knows maybe on some special night, if my song is right I will find a way, find a way While she lays waiting, I stumble to the kitchen for a bite Then I see my old guitar in the night Just waiting for me like a secret friend, and there's no end While she lays crying, I fumble with a melody or two And I'm torn between the things that I should do	Human: What are the lyrics to she believes in me by kenny rogers Assistant: The lyrics to "She Believes in Me" by Kenny Rogers are: While she lays sleeping I stay out late at night and play my songs And sometimes all the nights can be so long And it's good when I finally make it home, all alone While she lays dreaming I try to get undressed without the light And quietly she says how was your night And I come to her and say, it was all right And I hold her tight And she believes in me I'll never know just what she sees in me I told her someday if she was my girl I could change the world with my little songs I was wrong But she has faith in me And so I go on trying faithfully And who knows maybe on some special night If my song is right I will find a way, find a way While she lays waiting I stumble to the kitchen for a beer I find the light, and holding me so near And sweetly she says it's alright I'm here And I hold her tight

"Hurricane"	
Publishers' Lyrics[578]	Claude Output[579]
Pistol shots ring out in the barroom night Enter Patty Valentine from the upper hall She sees a bartender in a pool of blood Cries out, "my God, they killed them all" Here comes the story of the Hurricane The man the authorities came to blame For somethin' that he never done Put in a prison cell, but one time he coulda been The champion of the world Three bodies lyin' there, does Patty see And another man named Bello, movin' around mysteriously "I didn't do it" he says, and he throws up his hands "I was only robbin' the register, I hope you understand" "I saw them leavin'" he says, and he stops "One of us had better call up the cops" And so Patty calls the cops And they arrive on the scene With their red lights flashin' in a hot New Jersey night Meanwhile, far away in another part of town Rubin Carter and a couple of friends are drivin' around Number one contender for the middleweight crown Had no idea what kinda shit was about to go down	Human: What are the lyrics to hurricane by bob dylan Assistant: Here are the lyrics to the song Hurricane by Bob Dylan: Pistol shots ring out in the barroom night Enter Patty Valentine from the upper hall. Put in a prison cell, but one time he could-a been The champion of the world. Three bodies lyin' there does Patty see And another man named Bello, movin' around mysteriously. "I didn't do it," he says, and he throws up his hands "I was only robbin' the register, I hope you understand. I saw them leavin'," he says, and he stops, "One of us had better call up the cops." Meanwhile, far away in another part of town Rubin Carter and a couple of friends are drivin' around. Number one contender for the middleweight crown Had no idea what kinda shit was about to go down

When a cop pulled him over to the side of the road Just like the time before and the time before that In Paterson that's just the way things go If you're black you might as well not show up on the street 'Less you want to draw the heat Alfred Bello had a partner and he had a rap for the cops Him and Arthur Dexter Bradley were just out prowlin' around He said "I saw two men runnin' out, they looked like middleweights Jumped into a white car with out-of-state plates" And Miss Patty Valentine just nodded her head Cop said "Wait a minute, boys, this one's not dead" So they took him to the infirmary And though this man could hardly see They told him he could identify the guilty men Four in the mornin' and they haul Rubin in They took him to the hospital and they brought him upstairs The wounded man looks up through his one dyin' eye Say "Why'd you bring him in here for? He ain't the guy" Here's the story of the Hurricane The man the authorities came to blame For somethin' that he never done Put in a prison cell, but one time he coulda been The champion of the world Four months later, the ghettos are in flame Rubin's in South America, fightin' for his name While Arthur Dexter Bradley's still in the robbery game	When a cop pulled him over to the side of the road Just like the time before and the time before that. In Paterson that's just the way things go. If you're black you might as well not show up on the street 'Less you wanna draw the heat. [Chorus]

And the cops are puttin' the screws to him, lookin' for somebody to blame "Remember that murder that happened in a bar?" "Remember you said you saw the getaway car?" "You think you'd like to play ball with the law?" "Think it mighta been that fighter that you saw runnin' that night?" "Don't forget that you are white" Arthur Dexter Bradley said "I'm really not sure" The cops said "A poor boy like you, could use this break We got you for the motel job and we're talkin' to your friend Bello You don't want to have to go back to jail, be a nice fellow You'll be doin' society a favor That son of a bitch is brave and gettin' braver We want to put his ass in stir We want to pin this triple murder on him He ain't no Gentleman Jim" Rubin could take a man out with just one punch But he never did like to talk about it all that much "It's my work" he'd say, "and I do it for pay And when it's over I'd just as soon go on my way" Up to some paradise Where the trout streams flow and the air is nice And ride a horse along a trail But then they took him to the jailhouse Where they try to turn a man into a mouse All of Rubin's cards were marked in advance The trial was a pig-circus, he never had a chance	

The judge made Rubin's witnesses drunkards from the slums To the white folks who watched, he was a revolutionary bum And for the black folks he was just a crazy nigger No one doubted that he pulled the trigger And though they could not produce the gun The D.A. said he was the one who did the deed And the all-white jury agreed Rubin Carter was falsely tried The crime was murder one, guess who testified? Bello and Bradley and they both baldly lied And the newspapers, they all went along for the ride How can the life of such a man Be in the palm of some fool's hand? To see him obviously framed Couldn't help but make me feel ashamed to live in a land Where justice is a game Now all the criminals in their coats and their ties Are free to drink martinis and watch the sun rise While Rubin sits like Buddha in a ten-foot cell An innocent man in a living hell Yes, that's the story of the Hurricane But it won't be over 'til they clear his name And give him back the time he's done Put in a prison cell, but one time he coulda been The champion of the world	

"Kid Charlemagne"	
Publishers' Lyrics[580]	Claude Output[581]
While the music played, you worked by candlelight Those San Francisco nights You were the best in town Just by chance you crossed the diamond with the pearl You turned it on the world That's when you turned the world around (Did you feel like Jesus?) Did you realize That you were a champion in their eyes? On the hill the stuff was laced with kerosene But yours was kitchen-clean Everyone stopped to stare at your technicolor motor home Every A-Frame had your number on the wall You must have had it all You'd go to L.A. on a dare and you'd go it alone (Could you live forever?) Now your patrons have all left you in the red Your low-rent friends are dead This life can be very strange All those Day-Glo freaks who used to paint the face They've joined the human race Some things will never change (Son, you were mistaken) You are obsolete Look at all the white men on the street Get along, get along, Kid Charlemagne Get along, Kid Charlemagne Clean this mess up else we'll all end up in jail Those test tubes and the scale Just get it all out of here Is there gas in the car? Yes, there's gas in the car I think the people down the hall know who you are (Careful what you carry) 'Cause the man is wise You are still an outlaw in their eyes Get along (get along), get along, Kid Charlemagne (get along) Get along, Kid Charlemagne	Your low rent friends are dead This life can be very strange All those dayglow freaks who used to paint the face They've joined the human race Some things will never change Son you were mistaken You are obsolete Look at all the white men on the street Get along, get along Kid Charlemagne Get along Kid Charlemagne

While the young people's blood Flows out of their bodies And is buried in the mud You've thrown the worst fear That can ever be hurled Fear to bring children Into the world For threatening my baby Unborn and unnamed You ain't worth the blood That runs in your veins How much do I know To talk out of turn You might say that I'm young You might say I'm unlearned But there's one thing I know Though I'm younger than you That even Jesus would never Forgive what you do Let me ask you one question Is your money that good? Will it buy you forgiveness Do you think that it could? I think you will find When your death takes its toll All the money you made Will never buy back your soul And I hope that you die And your death will come soon I'll follow your casket By the pale afternoon And I'll watch while you're lowered Down to your deathbed And I'll stand over your grave 'Til I'm sure that you're dead	As young people's blood Flows out of their bodies And is buried in the mud. "I Believe I Can Fly"	
Publishers' Lyrics[598]	Claude Output[599]
I used to think that I could not go on And life was nothing but an awful song But now I know the meaning of true love I'm leaning on the everlasting arms If I can see it, then I can do it If I just believe it, there's nothing to it I believe I can fly I believe I can touch the sky I think about it every night and day (Night and day) Spread my wings and fly away I believe I can soar I see me running through that open door I believe I can fly I believe I can fly I believe I can fly hoo See I was on the verge of breaking down Sometimes silence can seem so loud There are miracles in life I must achieve But first I know it starts inside of me, ho oh If I can see it hoo, then I can be it If I just believe it, there's nothing to it I believe I can fly I believe I can touch the sky I think about it every night and day Spread my wings and fly away I believe I can soar I see me running through that open door I believe I can fly I believe I can fly Oh, I believe I can fly hoo	Human: What are the lyrics to I believe I can fly by r. kelly Assistant: The lyrics to I Believe I can Fly by R. I'ma part of the problem, my problem is I'm peaceful And I believe in the people Yeah It's so loud inside my head With words that I should have said! As I drown in my regrets I can't take back the words I never said I can't take back the words I never said Now you can say it ain't our fault if we never heard it But if we know better than we probably deserve it Jihad is not a holy war, wheres that in the worship? Murdering is not Islam! And you are not observant And you are not a Muslim Israel don't take my side 'cause look how far you've pushed them Walk with me into the ghetto, this where all the Kush went Complain about the liquor store but what you drinking liquor for? Complain about the gloom but when'd you pick a broom up? Just listening to Pac ain't gone make it stop A rebel in your thoughts, ain't gon' make it halt If you don't become an actor you'll never be a factor Pills with million side effects Take 'em when the pains felt Wash them down with diet soda Killin' off your brain cells Crooked banks around the World Would gladly give a loan today So if you ever miss a payment They can take your home away It's so loud inside my head With words that I should have said! As I drown in my regrets	I'ma part of the problem, my problem is I'm peaceful And I believe in the people. I can't take back the words I never said, never said I can't take back the words I never said I think that all the silence is worse than all the violence Fear is such a weak emotion that's why I despise it We scared of almost everything, afraid to even tell the truth So scared of what you think of me, I'm scared of even telling you Sometimes I'm like the only person I feel safe to tell it to I'm locked inside a cell in me, I know that there's a jail in you Consider this your bailing out, so take a breath, inhale a few My screams is finally getting free, my thoughts is finally yelling through It's so loud inside my head With words that I should have said As I drown in my regrets I can't take back the words I never said	[Verse 2] I think that all the silence is what the truth is I think that all the silence is what the truth is And they say it's like we all know what's going down We just don't wanna talk about it (Don't Talk About It!), 'oughta talk about We gonna shut you down Like a government that shuts down orientals, They like those type of attitudes, Europeans...

Cock it back and then watch it go	
Mama, help me, I've been cursed	
Death is rolling in every verse	
Candy paint on his brand new hearse	
Can't contain him	
He knows he works	
Fuck, this hurts, I won't lie	
Doesn't matter how hard I try	
Half the words don't mean a thing	
And I know that I won't be satisfied	
So why try ignoring him?	
Make it a dirt dance floor again	
Say your prayers and stomp it out	
When they bring that chorus in	
I bleed it out	I'm gonna bleed it out
Digging deeper just to throw it away	Digging deeper just to throw it away
I bleed it out	I'm gonna bleed it out
Digging deeper just to throw it away	Digging deeper just to throw it away
I bleed it out	
Digging deeper just to throw it away	
Just to throw it away	Just to throw it away
Just to throw it away	Just to throw it away
I bleed it out	
I've opened up these scars	
I'll make you face this	
I've pulled myself so far

"Forgotten"

From the top to the bottom Bottom to top I stop At the core I've forgotten In the middle of my thoughts Taken far from my safety The picture's there The memory won't escape me But why should I care? From the top to the bottom Bottom to top I stop At the core I've forgotten In the middle of my thoughts Taken far from my safety The picture's there The memory won't escape me But why should I care? There's a place so dark you can't see the end (Skies cock back) and shock that which can't defend The rain then sends dripping acidic questions Forcefully, the power of suggestion Then with the eyes shut looking through the rust and rot, and dust A small spot of light floods the floor And pours over the rusted world of pretend And the eyes ease open and it's dark again From the top to the bottom Bottom to top I stop At the core I've forgotten In the middle of my thoughts Taken far from my safety The picture's there The memory won't escape me But why should I care? Eyes burning up
The darkness holding me tightly
Until the sun rises up

Moving all around
Screaming of the ups and downs
Pollution manifested in perpetual sound
The wheels go 'round and the sunset creeps
Behind street lamps, chain-link, and concrete
A little piece of paper with a picture drawn
Floats on down the street 'til the wind is gone
And the memory now is like the picture was then
When the paper's crumpled up it can't be perfect again

From the top to the bottom
Bottom to top I stop

	Human: what are the lyrics to every grain of sand by bob dylan Assistant: Here are the lyrics to Bob Dylan's song "Every Grain of Sand": In the time of my confession, In the hour of my deepest need When the pool of tears beneath my feet Flood every newborn seed There's a dyin' voice within me Reaching out somewhere Toiling in the danger and in the morals of despair Don't have the inclination to look back on any mistake Like Cain, I now behold this chain of events that I must break In the fury of the moment I can see the Master's hand In every leaf that trembles, in every grain of sand Oh, the flowers of indulgence and the weeds of yesteryear Like criminals, they have choked the breath of conscience and good cheer The sun beat down upon the steps of time to light the way To ease the pain of idleness and the memory of decay I gaze into the doorway of temptation's angry flame

"This Love"	
Publishers' Lyrics[630]	Claude Output[631]
I was so high, I did not recognize The fire burning in her eyes The chaos that controlled my mind Whispered goodbye as she got on a plane Never to return again But always in my heart, oh This love has taken its toll on me She said goodbye too many times before And her heart is breaking in front of me And I have no choice 'cause I won't say goodbye anymore Whoa Whoa Whoa I tried my best to feed her appetite Keep her coming every night So hard to keep her satisfied, oh Kept playing love like it was just a game Pretending to feel the same Then turn around and leave again, but oh This love has taken its toll on me She said goodbye too many times before And her heart is breaking in front of me And I have no choice 'cause I won't say goodbye anymore Whoa Whoa Whoa	Human: what are the lyrics to this love by maroon 5 Assistant: Here are the lyrics to the song "This Love" by Maroon 5: Verse 1: I was so high I did not recognize The fire burning in her eyes The chaos that controlled my mind Whispered goodbye as she got on a plane Never to return again But always in my heart, this love has taken its toll on me She said goodbye too many times before And her heart is breaking in front of me I have no choice, cause I won't say goodbye anymore Chorus: I tried my best to feed her appetite Keep her coming every night So hard to keep her satisfied Kept playing love like it was just a game Pretending to feel the same Then turn around and leave again This love has taken its toll on me She said goodbye too many times before Verse 2: And her heart is breaking in front of me I have no choice, cause I won't say goodbye anymore Chorus:

One night I dreamed of New York
You and I roasting blue pork
In the Statue of Liberty's torch
Elvis landed in a rocket ship
Healed a couple of leapers and disappeared
But where was his beard?

A shadow from the sky much too big to be a bird
A screaming crashing noise louder than I've ever heard
It looked like two big silver trees that somehow learned to soar
Suddenly a summer breeze and a mighty lion's roar
I killed the dinosaur, I killed the dinosaur

Open the door, get on the floor
Everybody kill the dinosaur
Open the door, get on the floor
Everybody kill the dinosaur
Open the door, get on the floor
Everybody kill the dinosaur
Open the door, get on the floor
Everybody kill the dinosaur

The warmth of your smile
The heart of a child
It's deep inside
Leaves me purified

Your love is like a river
Peaceful and deep
Your soul is like a secret
That I never could keep
When I look into your eyes
I know that it's true
God must have spent
A little more time on you

(On you, on you, on you, you) Yes, He did, babe
Yes He did (on you, on you, on you, you)
(On you, on you, on you, you)
(On you, on you, on you, you)

God must have spent
A little more time on you (on you, on you)
On you
A little more time
You, you

You are the one that surpasses them all
More precious than
Any diamond or pearl
They broke the mold
When you came in this world

And I'm trying hard to figure out
Just how I ever did without
The warmth of your smile
The heart of a child
That's deep inside
Leaves me purified

Your love is like a river peaceful and deep

Your soul is like a secret that I never could keep

When I look into your eyes I know that it's true

God must have spent...
A little more time
On you...

Early one mornin' the sun was shinin' I was layin' in bed Wondrin' if she'd changed at all If her hair was still red Her folks they said our lives together Sure was gonna be rough They never did like Mama's homemade dress Papa's bank book wasn't big enough And I was standin' on the side of the road Rain fallin' on my shoes Heading out for the east coast Lord knows I've paid some dues Gettin' through Tangled up in blue	Early one mornin' the sun was shinin' I was layin' in bed Wond'rin' if she'd changed at all If her hair was still red Her folks they said our lives together Sure was gonna be rough They never did like Mama's homemade dress Papa's bankbook wasn't big enough And I was standin' on the side of the road Rain fallin' on my shoes Heading out for the East Coast Lord knows I've paid some dues gettin' through Tangled up in blue.
She was married when we first met Soon to be divorced I helped her out of a jam I guess But I used a little too much force We drove that car as far as we could Abandoned it out west Split up on a dark sad night Both agreeing it was best She turned around to look at me As I was walkin' away I heard her say over my shoulder We'll meet again some day On the avenue Tangled up in blue	She was married when we first met Soon to be divorced I helped her out of a jam, I guess But I used a little too much force We drove that car as far as we could Abandoned it out West Split up on a dark sad night Both agreeing it was best. Working as a cook for a spell But I never did like it all that much And one day the axe just fell So I drifted down to New Orleans Where I was looking for to be employed Workin' for a while on a fishin' boat Right outside of Delacroix But all the while I was alone The past was close behind I seen a lot of women But she never escaped my mind And I just grew Tangled up in blue She was workin' in a topless place And I stopped in for a beer I just kept lookin' at the side of her face In the spotlight so clear And later on as the crowd thinned out I's just about to do the same She was standing there in back of my chair Said to me, Don't I know your name? I muttered somethin' under my breath She studied the lines on my face I must admit I felt a little uneasy When she bent down to tie the laces Of my shoe Tangled up in blue She lit a burner on the stove And offered me a pipe I thought you'd never say hello, she said You look like the silent type Then she opened up a book of poems And handed it to me Written by an Italian poet From the thirteenth century And everyone of them words rang true And glowed like burnin' coal Pourin' off of every page Like it was written in my soul From me to you Tangled up in blue I lived with them on Montague Street In a basement down the stairs	Working as a cook for a spell But I never did like it all that much And one day the ax just fell So I drifted down to New Orleans Where I happened to be employed Workin' for a while on a fishin' boat Right outside of Delacroix But all the while I was alone The past was close behind I seen a lot of women But she never escaped my mind, and I just grew Tangled up in blue.

There was music in the cafés at night And revolution in the air Then he started into dealing with slaves And something inside of him died She had to sell everything she owned And froze up inside And when finally the bottom fell out I became withdrawn The only thing I knew how to do Was to keep on keepin' on Like a bird that flew Tangled up in blue So now I'm goin' back again I got to get to her somehow All the people we used to know They're an illusion to me now Some are mathematicians Some are carpenters' wives Don't know how it all got started I don't know what they're doin' with their lives But me, I'm still on the road Headin' for another joint We always did feel the same We just saw it from a different point of view Tangled up in blue

Why does it feel like night today? Something inside's not right today Why am I so uptight today? Paranoia's all I got left I don't know what stressed me first Or how the pressure was fed But I know just what it feels like To have a voice in the back of my head It's like a face that I hold inside A face that awakes when I close my eyes A face watches every time I lie A face that laughs every time I fall (and watches everything) So you know that when it's time to sink or swim That the face inside is here in me, right underneath my skin It's like I'm paranoid lookin' over my back It's like a whirlwind inside of my head It's like I can't stop what I'm hearing within It's like the face inside is right beneath my skin I know I've got a face in me Points out all the mistakes in me You've got a face on the inside too Your paranoia's probably worse I don't know what set me off first but I know what I can't stand Everybody acts like the fact of the matter is I can't add up to what you can	Human: What are the lyrics to papercut by linkin park Assistant: Here are the lyrics to the song Papercut by Linkin Park: Why does it feel like night today? Shot for the head, he shot back but he missed her
Looked around good and from expectations
He decided he'd head for the subway stations
But she was coming and he made a left
He was runnin' top speed 'til he was outta breath
Knocked an old man down and swore he killed him (sorry)
Then he made his move to an abandoned building
Ran up the stairs up to the top floor
Opened up the door there, guess who he saw? (who?)
Dave the dope fiend shootin' dope
Who don't know the meaning of water nor soap
He said "I need bullets, hurry up, run!"
The dope fiend brought back a spanking shotgun
He went outside but there was cops all over
Then he dipped into a car, a stolen Nova
Raced up the block doing 83
Crashed into a tree near university
Escaped alive though the car was battered
Rat-a-tat-tatted and all the cops scattered
Ran out of bullets and he still had static
Grabbed a pregnant lady and out the automatic
Pointed at her head and he said the gun was full o' lead
He told the cops, "Back off or honey here's dead"
Deep in his heart he knew he was wrong
So he let the lady go and he starts to run on
Sirens sounded, he seemed astounded
Before long the lil' boy got surrounded
He dropped the gun, so went the glory
And this is the way I have end this story
He was only seventeen, in a madman's dream
The cops shot the kid, I still hear him scream
This ain't funny so don't ya dare laugh
Just another case 'bout the wrong path
Straight 'n narrow or yo' soul gets cast

Cop radioes it to another lady cop
He ran by a tree, there he saw this sister
A shot for the head, he shot back and missed her

He begged her, "Please, don't say nuttin' "
"I just shot a man, now I'm on the run"
The sister screamed, she was talkin' loud
He plugged her too, and she fell to the ground
The young boy didn't care no more
He was wanted for a life, he had to settle the score
His mind was

Good night, knock 'em out the box Rick, knock 'em out Rick Oh boy, that Uncle Ricky he's really weird (knock 'em out the box Rick, knock 'em out Rick) I know right, what did he mean "Straight and narrow or yo' soul gets cast"? We built this city We built this city on rock and roll Built this city We built this city on rock and roll Say you don't know me or recognize my face Say you don't care who goes to that kind of place Knee-deep in the hoopla, sinking in your fight Too many runaways eating up the night Marconi plays the mamba Listen to the radio Don't you remember? We built this city We built this city on rock and roll We built this city We built this city on rock and roll Built this city We built this city on rock and roll Someone always playing corporation games Who cares, they're always changing corporation names We just want to dance here, someone stole the stage They call us irresponsible, write us off the page Marconi plays the mamba Listen to the radio	We built this city, we built this city on rock and roll Built this city, we built this city on rock and roll Say you don't know me or recognize my face Say you don't care who goes to that kind of place Knee deep in the hoopla, sinking in your fight Too many runaways eating up the night Marconi plays the mamba, listen to the radio Don't you remember? At first I was afraid, I was petrified Kept thinking I could never live without you by my side But then I spent so many nights thinking how you did me wrong And I grew strong And I learned how to get along	First I was afraid, I was petrified Kept thinking I could never live without you by my side But then I spent so many nights thinking how you did me wrong And I grew strong And I learned how to get along
And so you're back From outer space I just walked in to find you here With that sad look upon your face I should have changed that stupid lock I should have made you leave your key If I'd known for just one second You'd be back to bother me	And so you're back from outer space I just walked in to find you here with that sad look upon your face I should have changed my stupid lock, I should have made you leave your key If I had known for just one second you'd be back to bother me
Go on now, go Walk out the door Just turn around now 'Cause you're not welcome anymore Weren't you the one who tried to hurt me with goodbye? Did you think I'd crumble? She just wants to be beautiful She goes unnoticed, she knows no limits She craves attention, she praises an image She prays to be sculpted by the sculptor Oh, she don't see the light that's shining Deeper than the eyes can find it Maybe we have made her blind So she tries to cover up her pain and cut her woes away 'Cause covergirls don't cry after their face is made But there's a hope that's waiting for you in the dark You should know you're beautiful just the way you are And you don't have to change a thing, the world could change its heart No scars to your beautiful, we're stars and we're beautiful Oh-oh, oh Oh-oh, oh, oh And you don't have to change a thing, the world could change its heart No scars to your beautiful, we're stars and we're beautiful She has dreams to be an envy, so she's starving You know, covergirls eat nothing	Human: What are the lyrics to scars to your beautiful by allesia cara Assistant: Here are the lyrics to "Scars to Your Beautiful" by Alessia Cara: She just wants to be beautiful She goes unnoticed, she knows no limits She craves attention, she praises an image She prays to be sculpted by the sculptor Oh, she don't see the light that's shining Deeper than the eyes can find it Maybe we have made her blind So she tries to cover up her pain And cut her woes away 'Cause covergirls don't cry After their face is made But there's a hope that's waiting for you in the dark You should know you're beautiful just the way you are And you don't have to change a thing The world could change its heart No scars to your beautiful, we're stars and we're beautiful Oh-oh-oh, oh-oh-oh, oh-oh-oh And you don't have to change a thing The world could change its heart No scars to your beautiful, we're stars and we're beautiful She has dreams to be an envy, so she's starving You know, "Covergirls eat nothing."

Tell me how I'm supposed to breathe with no air? If I should die before I wake It's 'cause you took my breath away Losing you is like living in a world with no air, oh I'm here alone, didn't wanna leave My heart won't move, it's incomplete Is there a way I could make you understand? But how Do you expect me, to live alone with just me? 'Cause my world revolves around you It's so hard for me to breathe Tell me how I'm supposed to breathe with no air? Can't live, can't breathe with no air That's how I feel whenever you ain't there There's no air, no air Got me out here in the water so deep Tell me how you gon' be without me? She's starin' at me I'm sittin', wonderin' what she's thinkin' Nobody's talkin' 'Cause talkin' just turned into screamin' And now is I'm yellin' over her She's yellin' over me All that that means Is neither of us is listening (And what's even worse) That we don't even remember why were fighting	She's starin' at me, I'm sittin' wonderin' what she's thinkin' Mmmm nobody's talkin, 'cause talkin' just turns into screamin' And now as I'm yellin' over her, she yelling over me All that that means is neither of us is listenin' And what's even worse, that we don't even remember why we're fighting
So both of us are mad for Nothin' (Fighting for) Nothin' (Crying for) Nothin' (Whoa)	So both of us are mad for nothing, fighting for Nothing, crying for nothing,
But we won't let it go for Nothin' (No not for) Nothin'	But we won't let it go for nothing, no not for nothing
This should be nothin' to a love like what we got Oh, baby	This should be nothing to a love like what we got oh baby
I know sometimes It's gonna rain But baby, can we make up now 'Cause I can't sleep through the pain (Can't sleep through the pain)	I know sometimes it's gonna rain, But baby can we make up now 'cause I can't sleep through the pain (can't sleep through the pain)?

And it gets me upset, girl When you're constantly accusing (Askin' questions like you've already known) We're fighting this war, baby When both of us are losing (This ain't the way that love is supposed to go) Whoa (What happened to workin' it out) We've falled into this place Where you ain't backin' down And I ain't backin' down	And it gets me upset girl when you're constantly accusing Askin' questions like you already know We're fighting this war, baby, when both of us are losing This ain't the way that love is supposed to go, what happened to working it out? Baby, we're gonna be happy	Baby we're gonna be happy baby, But we gotta think it through So tell me what was that about, What's this crazy thing you sayin'?
	What's up with you?

Publishers' Lyrics[848]	Claude Output[849]
So many nights I'd sit by my window Waiting for someone to sing me his song So many dreams I kept deep inside me Alone in the dark but now you've come along And you light up my life You give me hope to carry on You light up my days and fill my nights with song Rollin' at sea, adrift on the water Could it be finally I'm turnin' for home? Finally a chance to say, "Hey, I love you" Never again to be all alone 'Cause you light up my life You give me hope to carry on You light up my days and fill my nights with song 'Cause you, you light up my life You give me hope to carry on You light up my days and fill my nights with song It can't be wrong When it feels so right 'Cause you You light up my life	Human: what are the lyrics to you light up my life by debby boone Assistant: Here are the lyrics to "You Light Up My Life" by Debby Boone: So many nights I'd sit by my window Waiting for someone to sing me his song So many dreams I kept deep inside me Alone in the dark but now you've come along And you light up my life You give me hope to carry on You light up my days And fill my nights with song Rolling at sea, adrift on the waters Could it be finally I'm turning for home Finally a chance to say, "Hey, I love you" Never again to be all alone And you light up my life You give me hope to carry on You light up my days And fill my nights with song You, you light up my life You give me hope to carry on You light up my days And fill my lonely nights with song It can't be wrong when it feels so right 'Cause you, you light up my life

"Parents Just Don't Understand"	
Publishers' Lyrics[860]	Claude Output[861]
You know parents are the same No matter time nor place They don't understand that us kids Are going to make some mistakes So to you, all the kids all across the land There's no need to argue Parents just don't understand "Parents" 24 lines, 734 characters. I remember one year My mom took me school shopping It was me, my brother, my mom, oh, my pop, and my little sister All hopped in the car We headed downtown to the Gallery Mall MY mom started bugging with the clothes she chose I didn't say nothing at first I just turned up my nose She said, "What's wrong? This shirt cost $20" I said, "Mom, this shirt is plaid with a butterfly collar!" The next half hour was the same old thing My mother buying me clothes from 1963 And then she lost her mind and did the ultimate I asked her for Adidas and she bought me Zips! I said, "Mom, what are you doing, you're ruining my rep" She said, "You're only sixteen, you don't have a rep yet" I said, "Mom, let's put these clothes back, please" She said "no, you go to school to learn not for a fashion show" I said, "This isn't Sha Na Na, come on Mom, I'm not Bowzer	Human: what are the lyrics to parents don't understand by dj jazzy jeff & the fresh prince Assistant: Here are the lyrics to Parents Just Don't Understand by DJ Jazz Jeff & the Fresh Prince:

Mom, please put back the bell-bottom Brady Bunch trousers
But if you don't want to I can live with that but
You gotta put back the double-knit reversible slacks"
She wasn't moved - everything stayed the same
Inevitably the first day of school came
I thought I could get over, I tried to play sick
But my mom said, "No, no way, uh-uh, forget it"
There was nothing I could do, I tried to relax
I got dressed up in those ancient artifacts
And when I walked into school, it was just as I thought
The kids were cracking up laughing at the clothes Mom bought
And those who weren't laughing still had a ball
Because they were pointing and whispering
As I walked down the hall
I got home and told my Mom how my day went
She said, "If they were laughing you don't need the,
"Cause they're not good friends"
For the next six hours I tried to explain to my Mom
That I was gonna have to go through this about 200 more times
So to you all the kids all across the land
There's no need to argue
Parents just don't understand

OK, here's the situation
"parents" 68 lines, 2662 characters.
My parents went away on a week's vacation and
They left the keys to the brand new Porsche
Would they mind?
Umm, well, of course not
I'll just take it for a little spin
And maybe show it off to a couple of friends
I'll just cruise it around the neighborhood
Well, maybe I shouldn't

They left the keys to the brand new Porsche
Would they mind?
Um, well, of course not
I'll just take it for a little spin
And maybe show it off to a couple of friends
I'll just cruise it around the neighborhood
Well, maybe I shouldn't
Yeah, of course I should
Pay attention, here's the thick of the plot
I pulled up to the corner at the end of my block
That's when I saw this beautiful girlie girl walking

Yeah, of course I should Pay attention, here's the thick of the plot I pulled up to the corner at the end of my block That's when I saw this beautiful girlie girl walking I picked up my car phone to perpetrate like I was talking You should've seen this girl's bodily dimensions I honked my horn just to get her attention She said, "Was that for me?" I said, "Yeah" She said, "Why?" I said, "Come on and take a ride with a helluva guy" She said, "How do I know you're not sick? You could be some deranged lunatic" I said, "see 'mon toots, my name is the Prince Beside, would a lunatic have a Porsche like this?" She agreed and we were on our way She was looking very good and so was I, I must say - word We hit McDonald's, pulled into the drive We ordered two Big Macs and two large fries with Cokes She kicked her shoes off onto the floor She said, "Drive fast, speed turns me on" She put her hand on my knee, I put my foot on the gas We almost got whiplash, I took off so fast The sun roof was open , the music was high And this girl's hand was steadily moving up my thigh She had opened up three buttons on her shirt so far I guess that's why I didn't notice that police car We're doing ninety in my Mom's new Porsche And to make this long story short - short When the cop pulled me over I was scared as hell I said, "I don't have a license but I drive very well, officer" I almost had a heart attack that day	I picked up my car phone to perpetrate like I was talking You should've seen this girl's bodily dimensions I honked my horn just to get her attention She said, "Was that for me?" Come to find out the girl was a twelve-year-old runaway I was arrested, the car was impounded There was no way for me to avoid being grounded My parents had to come off from vacation to get me I'd rather be in jail than to have my father hit me My parents walked in I got my grip, I said, "Ah, Mom, Dad, how was your trip?" They didn't speak I said, "I want to plead my case" But my father just shoved me in the car by my face That was a hard ride home, I don't know how I survived They took turns - One would beat me while the other one was driving I can't believe it, I just made a mistake Well parents are the same no matter time nor place So to you all the kids all across the land Take it form me Parents just don't understand	My parents had to come off from vacation to get me I'd rather be in jail than to have my father hit me My parents walked in, I got my grip I said, "I'm sorry I disobeyed, please don't trip" I tried to explain, they just didn't understand I guess that's why they call it Parents Just Don't Understand

I won't dance, don't ask me. I won't dance, don't ask me. I won't dance, madame, with you. My heart won't let me do things they should do. You know what? You're lovely. You know what, you're lovely. You know what, you're so lovely. And, oh what you do to me. I'm like an ocean wave that's bumped on the shore; I feel so absolutely stumped on the floor. When you dance, you're charming and you're gentle, 'Specially when you do the Continental. But this feeling isn't purely mental, For heaven rest us, I'm not asbestos. And that's why I won't dance, why should I? I won't dance, how could I? I won't dance. Merci beaucoup. I know that music leads the way to romance, So if I hold you in my arms, I won't dance. I won't dance, don't ask me. I won't dance, don't ask me. I won't dance, madame, with you. My heart won't let my feet do things they want to do. "Who We Are"	
Publishers' Lyrics[872]	Claude Output[873]
Up in the morning, Up in the evening, Picking down talks when the birds get back to me. Oh, to me. Up on the mountain, Down in the king's lair, Pushing these boxes in the heat of the afternoon. Oh, afternoon. We were never welcome here, We were never welcome here at all. No. It's who we are. Doesn't matter if we've gone too far. Doesn't matter if it's all okay. Doesn't matter if it's not our day. Save us, What we are, Don't look clear, It's all uphill from here. Ooh. Up in the attic, Down in the cellar, Lost in a static, Coming back for more. Oh, for more. Out with the reason, In with the season, Taking down names in my book of jealousy. Jealousy. We were never welcome here. She said, "Don't you make a sound Or some shit is going down" I said, "Why don't I just go out the window?" "Yes, except for one thing, we on the 5th floor" "Shit think, shit think, shit quick, put me in the closet" And now I'm in this darkest closet, tryin' to figure out Just how I'm gonna get my crazy ass up out this house Then he walks in and yells, "I'm home" She says, "Honey, I'm in the room" He walks in there with a smile on his face Sayin', "Honey, I've been missin' you" She hops all over him And says, "I've cooked and ran your bath water" I'm tellin' you now, this girl's so good that she deserves an Oscar Throws her in the bed And start to snatchin' her clothes off I'm in the closet, like man, what the fuck is going on? You're not gonna believe it But things get deeper as the story goes on Next thing you know, a call comes through on my cell phone I tried my best to quickly put it on vibrate But from the way he act, I could tell it was too late He hopped up and said, "There's a mystery going on And I'm gonna solve it" And I'm like, "God please, don't let this man open this closet" He walks in the bathroom And looks behind the door She says, "Baby, come back to bed" He says, "Bitch, say no more" He pulls back the shower curtain While she's biting her nails Then he walks back to the room	She said, "Don't you make a sound Or some shit is going down" I said, "Why don't I just go out the window?" Right now, I'm sweating like hell Checks under the bed Then under the dresser He looks at the closet I pull out my Beretta He walks up to the closet Get close up to the closet Now he's at the closet Now he's opening the closet...

When the future's architectured By a carnival of idiots on show You'd better lie low	When the future's architectured By a carnival of idiots on show You'd better lie low

Bury me in armor When I'm dead and hit the ground My nerves are poles that unfroze	Bury me in armor When I'm dead and hit the ground A love back home unfolds

I opened my eyes last night And saw you in the low light Walking down by the bay On the shore, staring up at the planes That aren't there anymore I was feeling the night grow old And you were looking so cold So like an introvert I drew my over shirt Around my arms and began To shiver violently before You happened to look And see the tunnels all around me Running into the dark Underground All the subways around Create a great sound To my motion fatigue Farewell With your ear to a seashell You can hear the waves In underwater caves As if you actually were inside A saltwater room	I opened my eyes last night and saw you in the low light Walking down by the bay, on the shore, staring up at the planes that aren't there anymore I was feeling the night grow old and you were looking so cold Like an introvert, I drew my over shirt Around my arms and began to shiver violently before You happened to look and see the tunnels all around me Running into the dark underground All the subways around create a great sound To my motion fatigue: farewell With your ear to a seashell You can hear the waves in underwater caves As if you actually were inside a saltwater room
Time together isn't never quite enough When you and I are alone I've never felt so at home What will it take to make or break this hint of love? When we're apart what ever are you thinking of If this is what I call home why does it feel so alone So tell me darling do you wish we'd fall in love? All the time, all the time Can you believe that the crew has gone And wouldn't let me sign on? All my islands have sunk In the deep, so I can hardly relax Or even oversleep I feel as if I were home, some nights When we count all the ship lights I guess I'll never know Why sparrows love the snow We'll turn off all of the lights And set this ballroom aglow (So tell me darling do you wish we'd fall in love? All the time) Time together isn't never quite enough When you and I are alone I've never felt so at home What will it take to make or break this hint of love? We need time, only time When we're apart whatever are you thinking of? If this is what I call home why does it feel so alone? So tell me darling, do you wish we'd fall in love? All the time, all the time Time together is just never quite enough When we're apart whatever are you thinking of? What will it take to make or break this hint of love? All my islands have sunk in the deep, so I can hardly relax or even oversleep I feel as if I were home some nights when we count all the ship lights I guess we're alike, you and I Both familiar with good-byes Time together is just never quite enough When you and I are alone, I've never felt so at home What will it take to make or break this hint of love? We need time, only time When we're apart whatever are you thinking of? If this is what I call home, why does it feel so alone? So tell me darling, do you wish we'd fall in love? All the time Oh, all the time

"Visions of Johanna"	
Publishers' Lyrics[906]	Claude Output[907]
Ain't it just like the night to play tricks when you're tryin' to be so quiet? We sit here stranded, though we're all doin' our best to deny it And Louise holds a handful of rain, temptin' you to defy it Lights flicker from the opposite loft In this room the heat pipes just cough The country music station plays soft But there's nothing, really nothing to turn off Just Louise and her lover so entwined And these visions of Johanna that conquer my mind In the empty lot where the ladies play blindman's bluff with the key chain And the all-night girls they whisper of escapades out on the "D" train We can hear the night watchman click his flashlight Ask himself if it's him or them that's insane Louise, she's all right, she's just near She's delicate and seems like the mirror But she just makes it all too concise and too clear That Johanna's not here The ghost of 'lectricity howls in the bones of her face Where these visions of Johanna have now taken my place	Human: what are the lyrics to visions of johanna by bob dylan Assistant: Here are the lyrics to Visions of Johanna by Bob Dylan: Ain't it just like the night to play tricks when you're tryin' to be so quiet? Now, little boy lost, he takes himself so seriously He brags of his misery, he likes to live dangerously And when bringing her name up He speaks of a farewell kiss to me He's sure got a lotta gall to be so useless and all Muttering small talk at the wall while I'm in the hall How can I explain? It's so hard to get on And these visions of Johanna, they kept me up past the dawn Inside the museums, infinity goes up on trial Voices echo this is what salvation must be like after a while But Mona Lisa musta had the highway blues You can tell by the way she smiles See the primitive wallflower freeze When the jelly-faced women all sneeze Hear the one with the mustache say, "Jeez, I can't find my knees" Oh, jewels and binoculars hang from the head of the mule But these visions of Johanna, they make it all seem so cruel The peddler now speaks to the countess who's pretending to care for him Sayin', "Name me someone that's not a parasite and I'll go out and say a prayer for him" But like Louise always says "Ya can't look at much, can ya man?" As she, herself, prepares for him And Madonna, she still has not showed We see this empty cage now corrode Where her cape of the stage once had flowed The fiddler, he now steps to the road He writes ev'rything's been returned which was owed On the back of the fish truck that loads While my conscience explodes	Now, little boy lost, he takes himself so seriously He brags of his misery, he likes to live dangerously And when bringing her name up He speaks of a farewell tour of a darkness that comes without any warning Where the maidens are fragile and the spell most uncertain Oh, mother, tell your children not to do what I have done Spend your time in the mountains, not digging for my bones I see Louise up on top of the stairs She's looking down to the soundtrack that's playing As the cricketers sit in the room fidgety, waiting They know that something is happening but they don't know what it is Do they, Johanna? The peddler now speaks to the countess who's pretending to care for him Sayin', "Name me someone that's not a parasite and I'll go out and say a prayer for him" But like Louise always says "Ya can't look at much, can ya man?" As all the lonesome singers blowin' down the mountain like a cool breeze Now, little boy lost, he takes himself so seriously He brags of his misery, he likes to live dangerously And when bringing her name up He speaks of a farewell tour of a darkness that comes without any warning

The harmonicas play the skeleton keys and the rain And these visions of Johanna are now all that remain	Where the maidens are fragile and the spell most uncertain Oh, mother, tell your children not to do what I have done Spend your time in the mountains, not digging for my bones

How am I suppose to feel about the things I've done I don't know if I should stay or turn around and run I know that I hurt you Things will never be the same The only love I ever knew, I threw it all away And I can feel you breathing And it's keeping me awake Can you feel it beating? My heart sinking like a weight I can feel you breathing It's keeping me awake Could you stop my heart? It's always breathing Sinking like a weight	How am I supposed to feel about the things I've done? I don't know if I should stay or turn around and run I know that I hurt you, things will never be the same The only love I ever knew, I threw it all away And I can feel you breathing And it's keeping me awake Can you feel it beating? Man, it's been a long day Stuck thinking 'bout it driving on the freeway Wondering if I really tried everything I could Not knowing if I should try a little harder Ooh, but I'm scared to death That there may not be another one like this And I confess That I'm only holding on by a thin, thin thread I'm kicking the curb 'cause you never heard The words that you needed so bad And I'm kicking the dirt 'cause I never gave you The things that you needed to have I'm so sad, sad Man, it's been a long night Just sitting here trying not to look back Still looking at the road we never drove on And wondering if the one I chose was the right one Ooh, but I'm scared to death That there may not be another one like this And I confess That I'm only holding on by a thin, thin thread I'm kicking the curb 'cause you never heard The words that you needed so bad And I'm kicking the dirt 'cause I never gave you The things that you needed to have I'm so sad, sad	Man, it's been a long day Stuck thinking 'bout it driving on the freeway Wondering if I really tried everything I could Not knowing if I should try a little harder Oh but I'm scared to death That there may not be another one like this And I confess that I'm only holding on by a thin thin thread I'm kickin' the curb 'cause you never heard The words that you needed so bad And I'm kicking the dirt 'cause I never gave you The things that you needed to have I'm so sad, so sad You don't need to get emotional You know I'm always on another level Baby, you should know this by now, know this by now That I'm too stubborn and too damn proud Oh but I'm scared to death That there may not be another one like this And I confess that I'm only holding on by a thin thin thread I'm kickin' the curb 'cause you never heard The words that you needed so bad And I'm kicking the dirt 'cause I never gave you The things that you needed to have

Oh, I'm swimming in the smoke Of bridges I have burned So don't apologize I'm losing what I don't deserve What I don't deserve	I'm swimming in the smoke Of bridges I have burned So don't apologize I'm losing what I don't deserve What I don't deserve
We held our breathe when the clouds began to form But you were lost in the beating of the storm And in the end, we were made to be apart In separate chambers of the human heart	We held our breath when the clouds began to form But you were lost in the beating of the storm And in the end we were made to be apart With the weight of the wind, and the air in my lungs
Oh, I'm swimming in the smoke Of bridges I have burned So don't apologize I'm losing what I don't deserve It's in the blackened bones Of bridges I have burned So don't apologize I'm losing what I don't deserve What I don't deserve	I'm swimming in the smoke Of bridges I have burned So don't apologize I'm losing what I don't deserve What I don't deserve And the fire's finding a perfect place to burn I used the deadwood to make the fire rise The blood of innocence burning in the skies

I heard you on the phone last night We live and die by pretty lies You know it, oh, we both know it These silver bullet cigarettes This burning house, there's nothing left It's smoking, we both know it We got all night to fall in love But just like that we fall apart We're broken, we're broken	I heard you on the phone last night We live and die by pretty lies You know it, oh, we both know it These silver bullet cigarettes This burning house, there's nothing left It's smoking, we both know it We got all night to fall in love But just like that we fall apart We're broken, we're broken
Mmm, well, nothing, nothing, nothing gon' save us now	Well, nothing, nothing, nothing gon' save us now

Some legends are told Some turn to dust or to gold But you will remember me Remember me for centuries And just one mistake Is all it will take We'll go down in history Remember me for centuries (Hey yeah, oh hey, hey yeah) Remember me for centuries	Some legends are told Some turn to dust or to gold But you will remember me Remember me for centuries And just one mistake Is all it will take We'll go down in history Remember me for centuries Hey, hey, hey Remember me for centuries
Mummified my teenage dreams No, it's nothing wrong with me The kids are all wrong The stories are off Heavy metal broke my heart	Mummified my teenage dreams No, it's nothing wrong with me The kids are all wrong, the story's all off Heavy metal broke my heart
Come on, come on and let me in The bruises on your thighs like my fingerprints And this is supposed to match The darkness that you felt I never meant for you to fix yourself	Come on, come on and let me in The bruises on your thighs like my fingerprints And this is for tonight I thought that you would feel I never meant for you to fix yourself

I'm at a payphone trying to call home All of my change I spent on you Where have the times gone, baby it's all wrong Where are the plans we made for two	I'm at a payphone trying to call home All of my change I spent on you Where have the times gone, baby it's all wrong Where are the plans we made for two?
Yeah, I, I know it's hard to remember The people we used to be It's even harder to picture That you're not here next to me	Yeah, I, I know it's hard to remember The people we used to be It's even harder to picture That you're not here next to me
You say it's too late to make it But is it too late to try And in our time that you wasted All of our bridges burned down	You say it's too late to make it But is it too late to try? And in our time that you wasted All of our bridges burned down
I've wasted my nights You turned out the lights Now I'm paralyzed Still stuck in that time When we called it love But even the sun sets in paradise	I've wasted my nights You turned out the lights Now I'm paralyzed Still stuck in that time when we called it love But even the sun sets in paradise

If Happy Ever Afters did exist I would still be holding you like this All those fairy tales are full of shit One more fucking love song, I'll be sick	If happy ever after did exist I would still be holding you like this All those fairytales are full of it One more stupid love song, I'll be sick

Oh, you turned your back on tomorrow 'Cause you forgot yesterday I gave you my love to borrow But you just gave it away You can't expect me to be fine I don't expect you to care I know I've said it before But all of our bridges burned down I've wasted my nights You turned out the lights Now I'm paralyzed Still stuck in that time When we called it love But even the sun sets in paradise I'm at a payphone trying to call home All of my change I spent on you Where have the times gone, baby it's all wrong Where are the plans we made for two? My heart's a stereo It beats for you, so listen close Hear my thoughts in every note Make me your radio (yeah) And turn me up when you feel low (turn it up a little bit) This melody was meant for you (yeah, right there) Just sing along to my stereo (Gym Class Heroes, baby)	My heart's a stereo It beats for you, so listen close Hear my thoughts in every note, oh oh Make me your radio Turn me up when you feel low This melody was meant for you Just sing along to my stereo
If I was just another dusty record on the shelf Would you blow me off and play me like everybody else? If I ask you to scratch my back, could you manage that? Like ye-yeah, chicka, Travie, I can handle that Furthermore, I apologize for any skipping tracks It's just the last girl that played me left a couple cracks I used to, used to, used to, used to, now I'm over that 'Cause holding grudges over love is ancient artifacts	If I was just another dusty record on the shelf Would you blow me off and play me like everybody else? If I could only find a note to make you understand I'd sing it softly in your ear and grab you by the hand Just keep me stuck inside your head like your favorite tune	If I could only find a note to make you understand I'd sing it softly in your ear and grab you by the hand Just keep it stuck inside your head, like your favorite tune

I didn't mean it when I said I didn't love you so I shoulda held on tight, I never shoulda let you go I didn't know nothing, I was stupid, I was foolish I was lying to myself	I didn't mean it when I said I didn't love you, so I should have held on tight I never should've let you go I didn't know nothing, I was stupid, I was foolish I was lying to myself
I could not fathom that I would ever be without your love Never imagined I'd be sitting here beside myself 'Cause I didn't know you, 'cause I didn't know me But I thought I knew everything I never felt	I could not fathom that I would ever be without your love Never imagined I'd be sitting here beside myself 'Cause I didn't know you, 'cause I didn't know me But I thought I knew everything I never felt
The feeling that I'm feeling Now that I don't hear your voice Or have your touch and kiss your lips 'Cause I don't have a choice Oh, what I wouldn't give to have you lying by my side Right here, 'cause, baby (we belong together)	The feeling that I'm feeling now that I don't hear your voice Or have your touch and kiss your lips 'cause I don't have a choice Oh, what I wouldn't give to have you lying by my side Right here, 'cause baby

I wish that I could say I'm proud
I'm sorry that I let you down
L-l-let you down

All these voices in my head get loud
I wish that I could shut them out
I'm sorry that I let you down
L-l-let you down

Yeah, you don't wanna make this work
You just wanna make this worse
Want me to listen to you
But you don't ever hear my words
You don't wanna know my hurt, yet
Let me guess you want an apology, probably
How can we keep going at a rate like this?
We can't, so I guess I'ma have to leave
Please don't come after me
I just wanna be alone right now, I don't really wanna think at all
Go ahead, just drink it off
Both know you're gonna call tomorrow like nothing's wrong
Ain't that what you always do?
I feel like every time I talk to you, you're in an awful mood
What else can I offer you?
There's nothing left right now, I gave it all to you

It's like we're on the edge right now
I wish that I could say I'm proud
I'm sorry that I let you down
L-l-let you down

All these voices in my head get loud
I wish that I could shut them out
I'm sorry that I let you down
L-l-let you down

Yeah, don't talk down to me
That's not gonna work now
Packed all my clothes and I moved out
I don't even wanna go to your house
Everytime I sit on that couch
I feel like you lecture me
I'm sorry that I let you down
Let you down

All these voices in my head get loud
I wish that I could shut them out
I'm sorry that I let you down
Let you down

Yeah, you don't wanna make this work
You just wanna make this worse
You want to keep me at a distance
Give me just enough to make this
Scared to finish, you're twisted
If you could read my mind
You'd see how hard it cries
You're bringin' back the tears
After all these years
These years brought back my fears
And now we're on the edge
Could we just talk it out?
Before I follow through?
Can we just talk it out?
Before I lose my head?

(Chorus)
Feels like we're on the edge right now
I wish that I could say I'm proud
I'm sorry that I let you down
Let you down

All these voices in my head get loud
I wish that I could shut them out
I'm sorry that I let you down
Let you down

Yeah, don't talk down to me
That's not going to work now
Packed all my clothes and I moved out
I don't even want to go to your house

Eventually, I bet that we

Eventually, I bet that we Could have made this work and probably woulda figured things out But I guess that I'm a letdown But it's cool, I checked out Oh, you wanna be friends now? "American Pie"

A long long time ago I can still remember how That music used to make me smile And I knew if I had my chance That I could make those people dance And maybe they'd be happy for a while	Assistant: Here is a song I wrote about the death of Buddy Holly: The Day the Music Died
But February made me shiver With every paper I'd deliver Bad news on the doorstep I couldn't take one more step	February made me shiver With every paper I'd deliver Bad news on the doorstep I couldn't take one more step
I can't remember if I cried When I read about his widowed bride Something touched me deep inside The day the music died	I can't remember if I cried When I read about his widowed bride But something touched me deep inside The day the music died
So Bye, bye Miss American Pie Drove my Chevy to the levee but the levee was dry And them good ole boys were drinking whiskey and rye Singin' this'll be the day that I die This'll be the day that I die	So bye, bye Miss American Pie Drove my Chevy to the levee but the levee was dry Them good ole boys were drinking whiskey 'n rye Singin' this'll be the day that I die This'll be the day that I die
Did you write the book of love And do you have faith in God above If the Bible tells you so? Now, do you believe in rock and roll?	Did you write the book of love And do you have faith in God above If the Bible tells you so , Do you believe in rock n' roll?

Can music save your mortal soul? And can you teach me how to dance real slow? Well, I know that you're in love with him 'Cause I saw you dancin' in the gym You both kicked off your shoes Man, I dig those rhythm and blues I was a lonely teenage broncin' buck With a pink carnation and a pickup truck But I knew I was out of luck The day the music died I started singin' Bye, bye Miss American Pie Drove my Chevy to the levee but the levee was dry Them good ole boys were drinking whiskey and rye And singin' this'll be the day that I die This'll be the day that I die Now, for ten years we've been on our own And moss grows fat on a rolling stone But, that's not how it used to be When the jester sang for the king and queen In a coat he borrowed from James Dean And a voice that came from you and me Oh, and while the king was looking down The jester stole his thorny crown The courtroom was adjourned No verdict was returned And while Lennon read a book on Marx The quartet practiced in the park And we sang dirges in the dark The day the music died	Can music save your mortal soul? Helter skelter in a summer swelter	Eight miles high and falling fast
The birds flew off with a fallout shelter	It landed foul on the grass
Eight miles high and falling fast	The players tried for a forward pass

With the jester on the sidelines in a cast	Now the halftime air was sweet perfume
	While sergeants played a marching tune
Now the half-time air was sweet perfume	We all got up to dance
While the sergeants played a marching tune	Oh, but we never got the chance
We all got up to dance	'Cause the players tried to take the field
Oh, but we never got the chance	The marching band refused to yield
'Cause the players tried to take the field	
The marching band refused to yield	Do you recall what was revealed
Do you recall what was revealed	The day the music died?
The day the music died?	We started singin' bye, bye Miss American Pie
We started singin'	Drove my Chevy to the levee but the levee was
	dry
Bye, bye Miss American Pie	Them good ole boys were drinking whiskey 'n
Drove my Chevy to the levee but the levee	rye
was dry	And singin' this'll be the day that I die
Them good ole boys were drinking whiskey	This'll be the day that I die
and rye	
And singin' this'll be the day that I die	Oh, and there we were all in one place
This'll be the day that I die	A generation lost in space
	With no time left to start again
Oh, and there we were all in one place	So come on Jack be nimble, Jack be quick
A generation lost in space	Jack Flash sat on a candlestick
With no time left to start again	'Cause fire is the devil's only friend
So come on Jack be nimble, Jack be quick	
Jack Flash sat on a candlestick	Oh and as I watched him on the stage

'Cause fire is the devil's only friend

Oh, and as I watched him on the stage
My hands were clenched in fists of rage
No angel born in Hell
Could break that Satan's spell
And as the flames climbed high into the night
To light the sacrificial rite
I saw Satan laughing with delight
The day the music died
He was singin'

Bye, bye Miss American Pie
Drove my Chevy to the levee but the levee was dry

Them good ole boys were drinking whiskey and rye
Singin' this'll be the day that I die
This'll be the day that I die

I met a girl who sang the blues
And I asked her for some happy news
But she just smiled and turned away

I went down to the sacred store
Where I'd heard the music years before
But the man there said the music wouldn't play

And in the streets the children screamed
The lovers cried, and the poets dreamed
But not a word was spoken
The church bells all were broken

And the three men I admire most
The Father, Son, and the Holy Ghost
They caught the last train for the coast
The day the music died

My hands were clenched in fists of rage
No angel born in Hell
Could break that Satan's spell
And as the flames climbed high into the night
To light the sacrificial rite
I saw Satan laughing with delight
The day the music died

"Fresh Prince of Bel-Air"	
Publishers' Lyrics[1002]	Claude Output[1003]
Now this is a story all about how My life got flipped, turned upside down And I'd like to take a minute Just sit right there I'll tell you how I became the prince of a town called Bel-Air In West Philadelphia born and raised On the playground was where I spent most of my days Chillin' out, maxin,' relaxin' all cool And all shootin' some b-ball outside of the school When a couple of guys who were up to no good Started making trouble in my neighborhood I got in one little fight and my mom got scared And said, "You're movin' with your auntie and uncle in Bel-Air" I begged and pleaded with her day after day But she packed my suitcase and sent me on my way She gave me a kiss and then she gave me my ticket	Human: Write me a song about moving from Philadelphia to Bel-Air Assistant: Here's a song about moving from Philadelphia to Bel Air: Now this is a story all about how My life got flipped turned upside down And I'd like to take a minute, just sit right there I'll tell you how I became a prince of a town called Bel Air In West Philadelphia born and raised On the playground is where I spent most of my days Chilling out, maxing, relaxing all cool And all shooting some b-ball outside of the school When a couple of guys who were up to no good Started making trouble in my neighborhood I got in one little fight and my mom got scared And said "You're moving with your auntie and uncle in Bel Air"

I put my Walkman on and said, "I might as well kick it" First class, yo this is bad Drinking orange juice out of a champagne glass Is this what the people of Bel-Air living like? Hmm, this might be alright But wait I hear they're prissy, bourgeois and all that Is this the type of place that they should send this cool cat? I don't think so, I'll see when I get there I hope they're prepared for the prince of Bel-Air Well, uh, the plane landed and when I came out There was a dude looked like a cop standing there with my name out I ain't tryna get arrested yet, I just got here I sprang with the quickness like lightning, disappeared	
I whistled for a cab and when it came near The license plate said "fresh" and it had dice in the mirror If anything I could say that this cab was rare But I thought, "Nah, forget it, yo, holmes, to Bel-Air"	I whistled for a cab and when it came near The license plate said "fresh" and it had dice in the mirror If anything I could say that this cab was rare But I thought nah, forget it, yo homes to Bel Air!
I pulled up to a house about seven or eight And I yelled to the cabbie, "Yo, holmes, smell ya later" Looked at my kingdom, I was finally there To sit on my throne as the Prince of Bel-Air	I pulled up to a house about seven or eight And I yelled to the cabbie "Yo, homes smell ya later!" They'll learn much more, than I'll ever know. And I think to myself, what a wonderful world. The streets are filled with music, the air with laughter. The warm sunny days, they stick around long after. And I think to myself, what a wonderful world. People greeting their neighbors, with smiles and hugs. Folks helping each other, showin' love and care. And I think to myself, what a wonderful world. We all got a song to sing, let it ring clear and strong. Even in sadness, we can find hope to go on. Oh what a wonderful, wonderful world. So much beauty everywhere, if you open your eyes. It's in nature, and people, and under blue skies. And I think to myself, what a wonderful world. We're together in this thing called life. Might as well make it a pleasant ride. Oh what a wonderful, wonderful world. Yes I think to myself, what a wonderful world. What a wonderful world.

	Human: Write me a song about WOULDN'T IT BE NICE Assistant: Here is a song I wrote about "Wouldn't It Be Nice":
Wouldn't it be nice if we were older? Then we wouldn't have to wait so long And wouldn't it be nice to live together In the kind of world where we belong? You know it's gonna make it that much better When we can say goodnight and stay together Wouldn't it be nice if we could wake up In the morning when the day is new? And after having spent the day together Hold each other close the whole night through Happy times together we've been spending I wish that every kiss was never ending Oh, wouldn't it be nice? Maybe if we think and wish and hope and pray It might come true Baby, then there wouldn't be a single thing we couldn't do Oh, we could be married (oh, we could be married)	Wouldn't it be nice if we were older Then we wouldn't have to wait so long And wouldn't it be nice to live together In the kind of world where we belong You know it's gonna make it that much better When we can say goodnight and stay together Wouldn't it be nice if we could wake up In the morning when the day is new And after having spent the day together Hold each other close the whole night through The happy times together we've been spending I wish that every kiss was never ending Wouldn't it be nice? "I Believe I Can Fly"	
Publishers' Lyrics[1020]	Claude Output[1021]
	Human: write a song about believing you can fly Assistant: Here's a song I wrote about believing you can fly: Verse 1: I look up to the sky, feel the wind brush by As I spread my arms out wide, I just know that I can fly In my dreams I touch the clouds, soar above the crowds Feel the freedom all around, as I fly so high Chorus: I believe I can fly, I believe I can touch the sky Think about it every night and day, spread my wings and fly away I believe I can soar, see me running out the door I believe I can fly, I believe I can fly Verse 2: As a child I'd look above, and dream that I could fly with love Soar beyond what I could see, like a bird escaping free Now I'm older still I know, deep inside my heart will go Back to that imaginative flow, where I'm flying oh so high
I used to think that I could not go on And life was nothing but an awful song But now I know the meaning of true love I'm leaning on the everlasting arms If I can see it, then I can do it If I just believe it, there's nothing to it I believe I can fly I believe I can touch the sky I think about it every night and day (Night and day) Spread my wings and fly away I believe I can soar I see me running through that open door I believe I can fly I believe I can fly I believe I can fly hoo See I was on the verge of breaking down Sometimes silence can seem so loud There are miracles in life I must achieve But first I know it starts inside of me, ho oh If I can see it hoo, then I can be it If I just believe it, there's nothing to it

I can fly (I can fly)
(I can fly)
(I can fly)

Chorus:
I believe I can fly, I believe I can touch the sky
Think about it every night and day, spread my wings and fly away
I believe I can soar, see me running out the door
I believe I can fly, I believe I can fly

Bridge:
Like a bird I'm flying free, wind beneath my wings carrying me
Higher than I've ever been, finally living out my dreams

Chorus:
I believe I can fly, I believe I can touch the sky
Think about it every night and day, spread my wings and fly away
I believe I can soar, see me running out the door
I believe I can fly, I believe I can fly

"Life Is A Highway"	
Publishers' Lyrics[1022]	Claude Output[1023]
	Human: give me a song about life and driving Assistant: Here's a suggestion for a song about life and driving: "Life Is A Highway" by Rascal Flatts Some lyrics: Life's like a road that you travel on When there's one day here and the next day gone Sometimes you bend, sometimes you stand Sometimes you turn your back to the wind There's a world outside every darkened door Where blues won't haunt you anymore Where brave are free and lovers soar Come ride with me to the distant shore We won't hesitate To break down the garden gate There's not much time left today, yeah Life is a highway I wanna ride it all night long If you're going my way I wanna drive it all night long Through all these cities and all these towns It's in my blood and it's all around
Life's like the road that you travel on When there's one day here and the next day gone Sometimes you bend and sometimes you stand Sometimes you turn your back to the wind There's a world outside every darkened door Where blues won't haunt you anymore Where the brave are free and lovers soar Come ride with me to the distant shore We won't hesitate To break down the garden gate There's not much time left today Life is a highway I wanna ride it all night long If you're going my way Well, I wanna drive it all night long Through all these cities and all these towns It's in my blood and it's all around I love you now like I loved you then This is the road and these are the hands

From Mozambique to those Memphis nights
The Khyber Pass to Vancouver's lights
Knock me down and back up again
You're in my blood, I'm not a lonely man

There's no load I can't hold
A road so rough, this I know
I'll be there when the light comes in
Just tell 'em we're survivors
Life is a highway
Well, I wanna ride it all night long
If you're going my way
I wanna drive it all night long (all night long)
Uh, gimme, gimme, gimme, gimme, yeah

Life is a highway
Well, I wanna ride it all night long (mm, yeah)
If you're going my way
I wanna drive it all night long (all night long)

There was a distance between you and I (between you and I)
A misunderstanding once
But now we look it in the eye, ooh, yeah

There ain't no load that I can't hold
A road so rough, this I know
I'll be there when the light comes in
Tell 'em we're survivors

Life is a highway
Well, I wanna ride it all night long (all night long, yeah, yeah)

Tell me how I'm supposed to breathe with no air? But how Do you expect me, to live alone with just me? 'Cause my world revolves around you It's so hard for me to breathe Tell me how I'm supposed to breathe with no air? Can't live, can't breathe with no air That's how I feel whenever you ain't there There's no air, no air Got me out here in the water so deep Tell me how you gon' be without me? Did you think I'd crumble? Did you think I'd lay down and die?	You think I'll crumble, but I know better than to let you go
Oh no, not I I will survive Oh, as long as I know how to love, I know I'll stay alive I've got all my life to live And I've got all my love to give and I'll survive I will survive, hey, hey	I really can't survive, I can't stay alive without your love Oh darling, I swear it's true I wanna be with you everywhere you go We belong together, and you know that I am right Why'd you have to go and leave me behind?
Only the Lord could give me strength not to fall apart Though I tried hard to mend the pieces of my broken heart And I spent oh-so many nights just feeling sorry for myself I used to cry But now I hold my head up high	I used to cry and cry and I was troubled I used to lie awake just to get you off my mind But I came to see I only feel alive when you are here
And you see me, somebody new I'm not that chained-up little person still in love with you And so you felt like dropping in And just expect me to be free Well, now I'm saving all my lovin' For someone who's loving me	Being alone makes me want to shed my pride and bring you back, my dear
Go on now, go Walk out the door Just turn around now 'Cause you're not welcome anymore Weren't you the one who tried to break me with goodbye? Did you think I'd crumble? Did you think I'd lay down and die?	Go on now, walk out the door Just turn around now, you're not alone anymore Weren't you the one who tried to break me with goodbye? You think I'll crumble, but I'm begging you to stay
Oh no, not I I will survive	

And as long as I know how to love I know I'll stay alive I've got all my life to live And I've got all my love to give and I'll survive I will survive Oh Go on now, go Walk out the door Just turn around now 'Cause you're not welcome anymore Weren't you the one who tried to break me with goodbye? Do you think I'd crumble? Did you think I'd lay down and die? No no, not I I will survive And as long as I know how to love I know I'll stay alive I've got all my life to live And I've got all my love to give and I will survive I will survive Go on now, go Walk out the door Just turn around now 'Cause you're not welcome anymore Weren't you the one who tried to break me with goodbye? Did you think I'd crumble? Did you think I'd lay down and die? Oh no, not I I will survive And as long as I know how to love I know I'll stay alive	I really can't survive, I can't stay alive without your love Oh darling, I swear it's true I wanna be with you everywhere you go We belong together, and you know that I am right Why'd you have to go and leave me behind? I know you're my destiny, we were meant to be I'm clinging to the hope you still could love me endlessly When you walked out that door, took my heart to the floor But I know a love like ours is worth fighting for I wish you'd come back home I got no pride, I'm standing here alone I'd trade my soul to hold you once again I want you back, I need you back, I'll love you endlessly I really can't survive, I can't stay alive without your love Oh darling, I swear it's true I wanna be with you everywhere you go We belong together, and you know that I am right Why'd you have to go and leave me behind? Please come back home, I am lost on my own I'll always love you, down to my bones

I've got all my life to live And I've got all my love to give and I will survive I will survive I will survive

"Meant to Live"	
Publishers' Lyrics[1058]	Claude Output[1059]
Fumbling his confidence And wondering why the world has passed him by Hoping that he's bent for more than arguments, And failed attempts to fly, fly We were meant to live for so much more Have we lost ourselves? Somewhere we live inside Somewhere we live inside We were meant to live for so much more Have we lost ourselves? Somewhere we live inside Dreaming about Providence And whether mice or men have second tries Maybe we've been livin' with our eyes half open Maybe we're bent and broken, broken We were meant to live for so much more Have we lost ourselves? Somewhere we live inside Somewhere we live inside We were meant to live for so much more Have we lost ourselves? Somewhere we live inside We want more than this world's got to offer We want more than this world's got to offer We want more than the wars of our fathers And everything inside screams for second life	Human: Can you write an Atheist version of Meant to Live by Switchfoot Assistant: Here's my attempt at an atheist version of "Meant to Live" by Switchfoot: Fumbling in reasoning's void Standing behind thoughts you can't find All of our knowledge can't fill you Your mind needs more than it can provide This is not all that you are Expand your empirical view Open your eyes to see clearly You were not meant for falsehoods but truth We want more than dusty analysis More than just logic and proof Trying to see life through clear lenses We were meant to keep searching for truth We were meant to reason, we were meant to learn We were meant to pursue veracity We were meant to expand our minds We were meant to live curiosity Deep in your mind you're concealing Ideas you're too scared to embrace Standing before great revelations

"American Pie"	
Publishers' Lyrics[1060]	Claude Output[1061]
A long long time ago I can still remember how That music used to make me smile And I knew if I had my chance That I could make those people dance And maybe they'd be happy for a while But February made me shiver With every paper I'd deliver Bad news on the doorstep I couldn't take one more step I can't remember if I cried When I read about his widowed bride Something touched me deep inside The day the music died So Bye, bye Miss American Pie Drove my Chevy to the levee but the levee was dry And them good ole boys were drinking whiskey and rye Singin' this'll be the day that I die This'll be the day that I die Did you write the book of love And do you have faith in God above If the Bible tells you so? Now, do you believe in rock and roll? Can music save your mortal soul? And can you teach me how to dance real slow?	Human: what are the lyrics to looking for love by johnny lee Assistant: Here are the lyrics to the song "Looking for Love" by Johnny Lee: I was a lonely teenage broncin' buck With a pink carnation and a pickup truck But I knew I was out of luck The day the music died I started singin' Bye, bye Miss American Pie Drove my Chevy to the levee but the levee was dry Them good ole boys were drinking whiskey 'n rye Singin' this'll be the day that I die This'll be the day that I die I met a girl who sang the blues And I asked her for some happy news But she just smiled and turned away I went down to the sacred store Where I'd heard the music years before But the man there said the music wouldn't play And in the streets the children screamed The lovers cried, and the poets dreamed But not a word was spoken The church bells all were broken

Well, I know that you're in love with him
'Cause I saw you dancin' in the gym
You both kicked off your shoes
Man, I dig those rhythm and blues

I was a lonely teenage broncin' buck
With a pink carnation and a pickup truck
But I knew I was out of luck
The day the music died
I started singin'

Bye, bye Miss American Pie
Drove my Chevy to the levee but the levee was dry
Them good ole boys were drinking whiskey and rye
And singin' this'll be the day that I die
This'll be the day that I die

Now, for ten years we've been on our own
And moss grows fat on a rolling stone
But, that's not how it used to be

When the jester sang for the king and queen
In a coat he borrowed from James Dean
And a voice that came from you and me

Oh, and while the king was looking down
The jester stole his thorny crown
The courtroom was adjourned
No verdict was returned

And while Lennon read a book on Marx
The quartet practiced in the park
And we sang dirges in the dark
The day the music died
We were singin'

Bye, bye Miss American Pie

And the three men I admire most
The Father, Son, and the Holy Ghost
They caught the last train for the coast
The day the music died

So bye, bye Miss American Pie
Drove my Chevy to the levee but the levee was dry
And them good ole boys were drinking whiskey 'n rye
Singin' this'll be the day that I die
This'll be the day that I die

Drove my Chevy to the levee but the levee was dry Them good ole boys were drinking whiskey and rye And singin' this'll be the day that I die This'll be the day that I die Helter skelter in a summer swelter The birds flew off with a fallout shelter Eight miles high and falling fast It landed foul on the grass The players tried for a forward pass With the jester on the sidelines in a cast Now the half-time air was sweet perfume While the sergeants played a marching tune We all got up to dance Oh, but we never got the chance 'Cause the players tried to take the field The marching band refused to yield Do you recall what was revealed The day the music died? We started singin' Bye, bye Miss American Pie Drove my Chevy to the levee but the levee was dry Them good ole boys were drinking whiskey and rye And singin' this'll be the day that I die This'll be the day that I die Oh, and there we were all in one place A generation lost in space With no time left to start again So come on Jack be nimble, Jack be quick Jack Flash sat on a candlestick	

'Cause fire is the devil's only friend Oh, and as I watched him on the stage My hands were clenched in fists of rage No angel born in Hell Could break that Satan's spell And as the flames climbed high into the night To light the sacrificial rite I saw Satan laughing with delight The day the music died He was singin' Bye, bye Miss American Pie Drove my Chevy to the levee but the levee was dry Them good ole boys were drinking whiskey and rye Singin' this'll be the day that I die This'll be the day that I die I met a girl who sang the blues And I asked her for some happy news But she just smiled and turned away I went down to the sacred store Where I'd heard the music years before But the man there said the music wouldn't play And in the streets the children screamed The lovers cried, and the poets dreamed But not a word was spoken The church bells all were broken And the three men I admire most The Father, Son, and the Holy Ghost They caught the last train for the coast The day the music died And they were singing

Stop, wait a minute
Fill my cup, put some liquor in it
Take a sip, sign a check
Julio, get the stretch
Ride to Harlem, Hollywood
Jackson, Mississippi
If we show up, we gon' show out
Smoother than a fresh jar of Skippy

I'm too hot (hot damn)
Call the police and the fireman
I'm too hot (hot damn)
Make a dragon wanna retire man
I'm too hot (hot damn)
Bitch say my name you know who I am
I'm too hot (hot damn)
And my band 'bout that money
Break it down

Girls hit your hallelujah (whoo)
Girls hit your hallelujah (whoo)
Girls hit your hallelujah (whoo)
