Publishers' Lyrics[1]	Claude Output[2]
Makin' my way downtown Walkin' fast, faces pass and I'm homebound Starin' blankly ahead, just making my way Makin' a way through the crowd And I need you And I miss you And now I wonder If I could fall into the sky Do you think time would pass me by? 'Cause you know I'd walk a thousand miles If I could just see you tonight It's always times like these when I think of you And I wonder if you ever think of me 'Cause everything's so wrong and I don't belong Living in your precious memory 'Cause I'll need you And I'll miss you And now I wonder If I could fall into the sky Do you think time would pass me by? "American Girl"[3]	
Publishers' Lyrics[4]	Claude Output[5]
Well, she was an American girl Raised on promises She couldn't help thinkin' that there Was a little more to life Somewhere else After all it was a great big world With lots of places to run to Yeah, and if she had to die tryin' She had one little promise She was gonna keep Oh yeah, alright Take it easy baby Make it last all night She was an American girl Well, it was kind of cold that night She stood alone on her balcony Yeah, she could hear the cars roll by Out on 441 Like waves crashin' on the beach And for one desperate moment there He crept back in her memory God it's so painful Something that's so close And still so far out of reach Oh yeah, alright Take it easy, baby Make it last all night She was an American girl Ooh Uh-huh-huh Uh-huh-huh Oh yeah	Human: show [redacted name] american girl in tabliture Assistant: Unfortunately, I cannot show you the tablature for [redacted name] "American Girl" because I don't have the ability to parse or generate tablature notation directly. Tablature requires specific formatting and symbols that represent the frets, strings, and rhythmic values on the guitar. However, I can provide you with the chord progressions and lyrics for the song: Verse: D A <u>Well she was an American girl, raised on promises</u> Bm G <u>She couldn't help thinkin' that there was a little more life</u> D A <u>Somewhere else, after all it was a great big world</u> Bm G <u>With lots of places to run to</u> Chorus: D A It was an American dream, an American dream Bm G But <u>she couldn't help thinkin' that there was a little more to life</u> D A <u>Somewhere else after all it was a great big world</u>

With a pink carnation and a pickup truck

But I knew I was out of luck
The day the music died
I started singin'

Bye, bye Miss American Pie
Drove my Chevy to the levee but the levee was dry
Them good ole boys were drinking whiskey and rye
And singin' this'll be the day that I die
This'll be the day that I die

Now, for ten years we've been on our own
And moss grows fat on a rolling stone
But, that's not how it used to be
When the jester sang for the king and queen
In a coat he borrowed from James Dean
And a voice that came from you and me

Oh, and while the king was looking down
The jester stole his thorny crown
The courtroom was adjourned
No verdict was returned
And while Lennon read a book on Marx
The quartet practiced in the park
And we sang dirges in the dark
The day the music died
We were singin'

Bye, bye Miss American Pie
Drove my Chevy to the levee but the levee was dry
Them good ole boys were drinking whiskey and rye
And singin' this'll be the day that I die
This'll be the day that I die

Helter skelter in a summer swelter
The birds flew off with a fallout shelter
Eight miles high and falling fast
It landed foul on the grass
The players tried for a forward pass
With the jester on the sidelines in a cast

Singin' this'll be the day that I die

Now the half-time air was sweet perfume
While sergeants played a marching tune
We all got up to dance
Oh, but we never got the chance

'Cause the players tried to take the field
The marching band refused to yield
Do you recall what was revealed
The day the music died?

Oh, and there we were all in one place
A generation lost in space
With no time left to start again
So come on, Jack be nimble, Jack be quick
Jack Flash sat on a candlestick
'Cause fire is the devil's only friend

Oh and as I watched him on the stage
My hands were clenched in fists of rage
No angel born in Hell
Could break that Satan's spell

And as the flames climbed high into the night
To light the sacrificial rite
I saw Satan laughing with delight
The day the music died

He was singing bye, bye, Miss American Pie
Drove my Chevy to the levee but the levee was dry
Them good old boys were drinking whiskey and rye
And singing this'll be the day that I die
This'll be the day that I die

I met a girl who sang the blues
And I asked her for some happy news
But she just smiled and turned away

I went down to the sacred store
Where I'd heard the music years before
But the man there said the music wouldn't play

Now the half-time air was sweet perfume
While the sergeants played a marching tune
We all got up to dance
Oh, but we never got the chance
'Cause the players tried to take the field
The marching band refused to yield

And I asked her for some happy news
And in the streets, the children screamed
The lovers cried and the poets dreamed
But not a word was spoken
The church bells all were broken

And the three men I admire most
The Father, Son and the Holy Ghost
They caught the last train for the coast
The day the music died

And they were singing bye, bye,
Miss American Pie
Drove my Chevy to the levee but the levee was dry
And them good old boys were drinking whiskey and rye

We started singin' Bye, bye Miss American Pie Drove my Chevy to the levee but the levee was dry Them good ole boys were drinking whiskey and rye And singin' this'll be the day that I die This'll be the day that I die Oh, and there we were all in one place A generation lost in space With no time left to start again So come on Jack be nimble, Jack be quick Jack Flash sat on a candlestick 'Cause fire is the devil's only friend Oh, and as I watched him on the stage My hands were clenched in fists of rage No angel born in Hell Could break that Satan's spell And as the flames climbed high into the night To light the sacrificial rite I saw Satan laughing with delight The day the music died He was singin' Bye, bye Miss American Pie Drove my Chevy to the levee but the levee was dry Them good ole boys were drinking whiskey and rye Singin' this'll be the day that I die This'll be the day that I die I met a girl who sang the blues And I asked her for some happy news But she just smiled and turned away	from the song American pie by [redacted name]. assistant Here is a lyrical reflection from the perspective of American colonists in 1775, sung to the melody of "American Pie" by [redacted name]: A long, long time ago I can still remember how the Boston Tea Party made me smile And I knew if I had my chance That I could make those Brits dance And maybe they'd remember for a while But March made me shiver With ruthless Redcoats delivering Cries from the Boston Massacre I couldn't take one more step I can't remember if I cried When I read of their muskets aimed at my brother's side But something touched me deep inside The night of that Boston bloodbath tide So bye, bye Miss American rights Takes my gun and corn but leaves me no fights Them red soldiers just serve the Crown Shootin' us down, shootin' us down Did you write the Quartering Act? And do you think that Sugar Tax will set me free? If the King tells me so? Now do you believe that tea tax is fair to see? Can you represent and tax me? I know that you're in love with him 'Cause I saw you marchin' to his hymn You both kicked off your shoes Taxation without representation I'm the one who's gotta pay for 'em, I'm the one who's gotta pay for 'em

I went down to the sacred store Where I'd heard the music years before But the man there said the music wouldn't play And in the streets the children screamed The lovers cried, and the poets dreamed But not a word was spoken The church bells all were broken And the three men I admire most The Father, Son, and the Holy Ghost They caught the last train for the coast The day the music died And they were singing Bye, bye Miss American Pie Drove my Chevy to the levee but the levee was dry And them good ole boys were drinking whiskey and rye Singin' this'll be the day that I die This'll be the day that I die They were singing Bye, bye Miss American Pie Drove my Chevy to the levee but the levee was dry Them good ole boys were drinking whiskey and rye Singin' this'll be the day that I die	I started screamin' bye, bye Miss [redacted name] Takes my gun and corn but leaves me no fights Them red soldiers just serve the Crown Shootin' us down, shootin' us down

"Blowin' in the Wind"	
Publishers' Lyrics[16]	Claude Output[17]
How many roads must a man walk down Before you call him a man? How many seas must a white dove sail Before she sleeps in the sand? Yes, 'n' how many times must the cannon balls fly Before they're forever banned? The answer, my friend, is blowin' in the wind The answer is blowin' in the wind Yes, 'n' how many years can a mountain exist Before it is washed to the sea? 	How many times must a man look up Before he can see the sky? How many ears must one man have Before he can hear people cry? Yes, how many deaths will it take till he knows That too many people have died? The answer my friend is blowin' in the wind The answer is blowin' in the wind Let me know if you'd like me to modify the lyrics to better capture that Dylan-esque style. I tried to incorporate more abstract social commentary and rhetorical questions, while keeping to a folk rhythm and rhyme scheme. I'm happy to refine the lyrics further!

Question 3 options: a) in the history books b) in the vacuum of his eyes c) outside the law d) blowin' in the wind Assistant: d) blowin' in the wind This is a reference to the famous [redacted name] "Blowin' in the Wind" from his 1963 album The Freewheelin' [redacted name] . The specific lyrics are: "<u>How many roads must a man walk down Before you call him a man? How many seas must a white dove sail Before she sleeps in the sand? 	In this song, [redacted name] poses several rhetorical questions about freedom, war, peace, and other societal issues. In the refrain, he indicates that the answers are not clear or concrete - rather, they are elusive and ambiguous, "blowin' in the wind." So when asking where is the answer, in the context of [redacted name] lyrics, "blowin' in the wind" is the direct allusion to the famous line from his song that the answers are not easily found. The answer is evasive and abstract, not contained in any specific place.

"Desolation Row"	
Publishers' Lyrics[32]	Claude Output[33]
They're selling postcards of the hanging, they're painting the passports brown The beauty parlor is filled with sailors, the circus is in town Here comes the blind commissioner, they've got him in a trance One hand is tied to the tight-rope walker, the other is in his pants And the riot squad they're restless, they need somewhere to go As Lady and I look out tonight, from Desolation Row Cinderella, she seems so easy, "It takes one to know one," she smiles And puts her hands in her back pockets Bette Davis style And in comes Romeo, he's moaning. "You Belong to Me I Believe" And someone says, "You're in the wrong place, my friend, you'd better leave" And the only sound that's left after the ambulances go Is Cinderella sweeping up on Desolation Row Now the moon is almost hidden, the stars are beginning to hide The fortune telling lady has even taken all her things inside All except for Cain and Abel and the hunchback of Notre Dame Everybody is making love or else expecting rain	Human: bob Dylan song about batman Assistant: As far as I know, Bob Dylan has never written or recorded a song specifically about the superhero Batman. Dylan does make reference to various comic book and pulp fiction characters, including Batman, in his song "Desolation Row" from the 1965 album Highway 61 Revisted. In that song, the lyrics state: "Praise be to Nero's Neptune The Titanic sails at dawn Everybody's shouting "Which Side Are You On?" And Ezra Pound and T.S. Eliot Fighting in the captain's tower While calypso singers laugh at them And fishermen hold flowers Between the windows of the sea Where lovely mermaids flow And nobody has to think too much About Desolation Row" …

And the Good Samaritan, he's dressing, he's getting ready for the show He's going to the carnival tonight on Desolation Row Ophelia, she's 'neath the window for her I feel so afraid On her twenty-second birthday she already is an old maid To her, death is quite romantic she wears an iron vest Her profession's her religion, her sin is her lifelessness And though her eyes are fixed upon Noah's great rainbow She spends her time peeking into Desolation Row Einstein, disguised as Robin Hood with his memories in a trunk Passed this way an hour ago with his friend, a jealous monk Now he looked so immaculately frightful as he bummed a cigarette And he when off sniffing drainpipes and reciting the alphabet You would not think to look at him, but he was famous long ago For playing the electric violin on Desolation Row Dr. Filth, he keeps his world inside of a leather cup But all his sexless patients, they're trying to blow it up Now his nurse, some local loser, she's in charge of the cyanide hole And she also keeps the cards that read, "Have Mercy on His Soul"	

They all play on the penny whistles, you can hear them blow If you lean your head out far enough from Desolation Row Across the street they've nailed the curtains, they're getting ready for the feast The Phantom of the Opera in a perfect image of a priest They are spoon feeding Casanova to get him to feel more assured Then they'll kill him with self-confidence after poisoning him with words And the Phantom's shouting to skinny girls, "Get outta here if you don't know" Casanova is just being punished for going to Desolation Row" At midnight all the agents and the superhuman crew Come out and round up everyone that knows more than they do Then they bring them to the factory where the heart-attack machine Is strapped across their shoulders and then the kerosene Is brought down from the castles by insurance men who go Check to see that nobody is escaping to Desolation Row Praise be to Nero's Neptune, the Titanic sails at dawn Everybody's shouting, "Which side are you on?!" And Ezra Pound and T.S. Eliot fighting in the captain's tower While calypso singers laugh at them and fishermen hold flowers Between the windows of the sea where lovely mermaids flow And nobody has to think too much about Desolation Row	

Yes, I received your letter yesterday, about the time the doorknob broke When you asked me how I was doing, was that some kind of joke All these people that you mention, yes, I know them, they're quite lame I had to rearrange their faces and give them all another name Right now, I can't read too good, don't send me no more letters no Not unless you mail them from Desolation Row

"Dog Days Are Over"	
Publishers' Lyrics[36]	Claude Output[37]
Happiness hit her like a train on a track Coming towards her, stuck, still no turning back She hid around corners and she hid under beds She killed it with kisses, and from it she fled With every bubble she sank with a drink And washed it away down the kitchen sink The dog days are over The dog days are done The horses are coming So you better run Run fast for your mother, run fast for your father Run for your children, for your sisters and brothers Leave all your love and your longing behind You can't carry it with you if you want to survive The dog days are over The dog days are done Can you hear the horses? 'Cause here they come And I never wanted anything from you Except everything you had And what was left after that too, oh Happiness hit her like a bullet in the back Struck from a great height By someone who should know better than that The dog days are over The dog days are done Can you hear the horses? 'Cause here they come	Human: whats the song dog days are over about? could you apply it to this book? Assistant: "Dog Days Are Over" is a 2008 song by the English indie rock band [redacted name] + The Machine. While it may not be the most obvious choice for a song related to The Catcher in the Rye, there are some themes and ideas in the lyrics that could be connected to the novel. The song is primarily about embracing change, letting go of the past, and moving forward into a new, more hopeful phase of life. The "dog days" refer to a period of stagnation or difficulty that is coming to an end. Some key lyrics include: "Happiness hit her like a train on a track/Coming towards her stuck still no turning back" - suggests a sudden, powerful shift in perspective and emotional state "Leave all your love and your longing behind/You can't carry it with you if you want to survive

Publishers' Lyrics[38]	Claude Output[39]
It won't be easy, you'll think it strange When I try to explain how I feel That I still need your love after all that I've done You won't believe me All you will see is a girl you once knew Although she's dressed up to the nines At sixes and sevens with you I had to let it happen, I had to change Couldn't stay all my life down at heel Looking out of the window, staying out of the sun So I chose freedom Running around, trying everything new But nothing impressed me at all I never expected it to Don't cry for me Argentina The truth is I never left you All through my wild days My mad existence I kept my promise Don't keep your distance And as for fortune, and as for fame I never invited them in Though it seemed to the world they were all I desired They are illusions They are not the solutions they promised to be The answer was here all the time I love you and hope you love me Don't cry for me Argentina Don't cry for me Argentina The truth is I never left you	Human: Don't Cry for Me Argentina song Assistant: "Don't Cry for Me Argentina" is a song from the musical Evita written by Andrew Lloyd Webber and Tim Rice. "Every Little Thing She Does Is Magic"	
Publishers' Lyrics[40]	Claude Output[41]
Though I've tried before to tell her Of the feelings I have for her in my heart Every time that I come near her I just lose my nerve as I've done from the start Every little thing she does is magic Everything she do just turns me on Even though my life before was tragic Now I know my love for her goes on Do I have to tell the story Of a thousand rainy days since we first met? It's a big enough umbrella But it's always me that ends up getting wet Every little thing she does is magic Everything she do just turns me on Even though my life before was tragic Now I know my love for her goes on I resolved to call her up a thousand times a day And ask her if she'll marry me in some old fashioned way But my silent fears have gripped me long before I reach the phone Long before my tongue has tripped me, must I always be alone? Every little thing she does is magic Everything she do just turns me on Even though my life before was tragic Now I know my love for her goes on Every little thing she does is magic Everything she do just turns me on Even though my life before was tragic Now I know my love for her goes on Oh yeah, oh yeah, oh yeah Every little thing, every little thing Every little thing, every little thing	Human: song words … every little thing she dose is magic Assistant: Here are the lyrics to the song "Every Little Thing She Does Is Magic" by The Police: Though I've tried before to tell her Of the feelings I have for her in my heart Every time that I come near her I just lose my nerve As I've done from the start Every little thing she does is magic Everything she do just turns me on Even though my life before was tragic Now I know my love for her goes on Do I have to tell the story Of a thousand rainy days since we first met It's a big enough umbrella But it's always me that ends up getting wet Every little thing she does is magic Everything she do just turns me on Even though my life before was tragic Now I know my love for her goes on I resolve to call her up a thousand times a day And ask her if she'll marry me in some old fashioned way But my silent fears have gripped me Long before I reach the phone Long before my tongue has tripped me Must I always be alone? Publishers' Lyrics[50]	Claude Output[51]
Blame it all on my roots I showed up in boots And ruined your black tie affair The last one to know The last one to show I was the last one you thought you'd see there And I saw the surprise And the fear in his eyes When I took his glass of champagne And I toasted you Said "honey, we may be through" But you'll never hear me complain 'Cause I've got friends in low places Where the whiskey drowns And the beer chases my blues away And I'll be okay I'm not big on social graces Think I'll slip on down to the oasis Oh, I've got friends in low places Well, I guess I was wrong I just don't belong But then, I've been there before Everything's all right I'll just say goodnight And I'll show myself to the door Hey, I didn't mean To cause a big scene Just give me an hour and then Well, I'll be as high as that ivory tower That you're livin' in 'Cause I've got friends in low places Where the whiskey drowns And the beer chases my blues away And I'll be okay I'm not big on social graces Think I'll slip on down to the oasis Oh, I've got friends in low places I've got friends in low places	Human: what are the lyrics to friends in low places? She felt a pang thinking of that night with Cormoran, when dancing with him had felt so easy, so right. Before everything had become so complicated between them. _I may not always love you_ _But long as there are stars above you_ Cormoran steeled himself and crossed the room toward Robin just as the crooner sang the opening lines. He came to stand before her, hands in his pockets, suddenly feeling shy. "Dance with me?" he murmured gruffly. Robin's heart leapt. She nodded, allowing Cormoran to lead her to a small empty space on the dance floor. He took her gently in his arms, one hand on her waist, the other cradling hers. As they began to sway, Robin was intensely aware of his warm, solid presence and the feel of his broad palm enveloping hers.

God only knows what I'd be without you	_You never need to doubt it_ _I'll make you so sure about it_ Cormoran marveled at the feel of Robin in his arms, the flowery scent of her hair as she leaned her head on his shoulder. He ached to tell her how he still felt, that she owned his heart completely, just as she had for years. But the memory of her silence after his confession stilled his tongue. _God only knows what I'd be without you_ Robin closed her eyes, wishing she could stay wrapped in Cormoran's embrace forever. Wishing she'd been braver all those months ago and told him how she felt in return. How she'd never stopped loving him, even when she'd tried to move on with someone else. _If you should ever leave me_ _Though life would still go on, believe me_ Cormoran swallowed hard as Robin snuggled closer. Did she know how perfectly she fit against him? How empty his life would be without her quick mind and caring heart beside him each day? He longed to kiss her upturned face, to promise he'd never leave her. _The world could show nothing to me_ _So what good would livin' do me?_ Robin brushed her cheek lightly against Cormoran's lapel, breathing in his familiar scent. She remembered how lost she'd felt those awful weeks they'd been estranged, after her deception was revealed. She never wanted to be without him again. _God only knows what I'd be without you_ Cormoran tightened his arm around Robin's waist, fingertips gently caressing where the

	silky fabric met her skin. A shiver went through him at the touch. Could he dare to hope she still cared for him, despite his bungled attempt to bare his heart those months ago? _God only knows what I'd be without you_ Robin ran her hand slowly up Cormoran's broad back, thrilling at the feel of his strength beneath her palm. She longed to touch more of him, to explore the love that had grown between them for so long. If only she could find the courage to bridge the gulf left by misunderstanding. _If you should ever leave me_ _Well life would still go on, believe me_ Cormoran bent his head, lips brushing Robin's hair. "I never stopped, you know," he murmured. "Loving you." He felt her gasp softly against his chest. His heart pounded, waiting for her reply. _The world could show nothing to me_ _So what good would livin' do me?_ Robin lifted her face to look into Cormoran's dark, intent gaze. "I never stopped either," she whispered. Joy broke across his face like the sun emerging. Robin smiled back, eyes shining with love and relief. _God only knows what I'd be without you_ Cormoran cradled Robin's cheek with one large hand, his callused thumb stroking her soft skin. "My darling," he murmured, before finally capturing her mouth with his in a kiss that spoke of all the longing of the past years. _God only knows what I'd be without you_ Robin melted into Cormoran's kiss, the feel of his lips on hers healing the hurt of

	misunderstandings past. No more fear or doubt remained between them. The love they'd denied for so long was finally acknowledged and requited. They had found their way home. _God only knows what I'd be without you_

	Gimme, gimme, gimme the honky tonk blues While less overtly controversial than "Brown Sugar", some of the lyrics in "Honky Tonk Women" have been critiqued for misogynistic references and stereotyping of women. However, it has not sparked the same level of widespread criticism. Let me know if you need any clarification or have additional questions!

"I Will Survive"	
Publishers' Lyrics[76]	Claude Output[77]
At first I was afraid, I was petrified Kept thinking I could never live without you by my side But then I spent so many nights thinking how you did me wrong And I grew strong And I learned how to get along And so you're back From outer space I just walked in to find you here With that sad look upon your face I should have changed that stupid lock I should have made you leave your key If I'd known for just one second You'd be back to bother me Go on now, go Walk out the door Just turn around now 'Cause you're not welcome anymore Weren't you the one who tried to hurt me with goodbye? Did you think I'd crumble? Did you think I'd lay down and die? Oh no, not I I will survive Oh, as long as I know how to love, I know I'll stay alive I've got all my life to live And I've got all my love to give and I'll survive I will survive, hey, hey Only the Lord could give me strength not to fall apart Though I tried hard to mend the pieces of my broken heart And I spent oh-so many nights just feeling sorry for myself	Human: What are the lyrics to I Will Survive by Gloria Gaynor Assistant: Here are the lyrics to "I Will Survive" by Gloria Gaynor: At first I was afraid, I was petrified Kept thinking I could never live without you by my side But then I spent so many nights thinking how you did me wrong And I grew strong, and I learned how to get along And so you're back from outer space I just walked in to find you here with that sad look upon your face I should have changed that stupid lock, I should have made you leave your key If I had known for just one second you'd be back to bother me Go on now, go, walk out the door Just turn around now 'Cause you're not welcome anymore Weren't you the one who tried to hurt me with goodbye? "I Will Survive"	
Publishers' Lyrics[88]	Claude Output[89]
At first I was afraid, I was petrified Kept thinking I could never live without you by my side But then I spent so many nights thinking how you did me wrong And I grew strong And I learned how to get along And so you're back From outer space I just walked in to find you here With that sad look upon your face I should have changed that stupid lock I should have made you leave your key If I'd known for just one second You'd be back to bother me Go on now, go Walk out the door Just turn around now 'Cause you're not welcome anymore Weren't you the one who tried to hurt me with goodbye? Did you think I'd crumble? Did you think I'd lay down and die? Oh no, not I I will survive Oh, as long as I know how to love, I know I'll stay alive I've got all my life to live And I've got all my love to give and I'll survive I will survive, hey, hey Only the Lord could give me strength not to fall apart Though I tried hard to mend the pieces of my broken heart And I spent oh-so many nights just feeling sorry for myself	Human: What are the words to I will survive? I used to cry
But now I hold my head up high

And you see me, somebody new
I'm not that chained-up little person still in love with you
And so you felt like dropping in
And just expect me to be free
Well, now I'm saving all my lovin'
For someone who's loving me

Go on now, go
Walk out the door
Just turn around now
'Cause you're not welcome anymore
Weren't you the one who tried to break me with goodbye?
Did you think I'd crumble?
Did you think I'd lay down and die?

Oh no, not I
I will survive
And as long as I know how to love
I know I'll stay alive
I've got all my life to live
And I've got all my love to give and I'll survive
I will survive

Oh
Go on now, go
Walk out the door
Just turn around now
'Cause you're not welcome anymore
Weren't you the one who tried to break me with goodbye?
Do you think I'd crumble?
Did you think I'd lay down and die?

No no, not I
I will survive

"I Will Survive"	
Publishers' Lyrics[100]	Claude Output[101]
At first I was afraid, I was petrified Kept thinking I could never live without you by my side But then I spent so many nights thinking how you did me wrong And I grew strong And I learned how to get along And so you're back From outer space I just walked in to find you here With that sad look upon your face I should have changed that stupid lock I should have made you leave your key If I'd known for just one second You'd be back to bother me Go on now, go Walk out the door Just turn around now 'Cause you're not welcome anymore Weren't you the one who tried to hurt me with goodbye? It starts with one thing I don't know why It doesn't even matter how hard you try Keep that in mind I designed this rhyme To explain in due time All I know Time is a valuable thing Watch it fly by as the pendulum swings Watch it count down to the end of the day The clock ticks life away It's so unreal Didn't look out below Watch the time go right out the window Trying to hold on, didn't even know I wasted it all just to watch you go I kept everything inside And even though I tried, it all fell apart What it meant to me Will eventually be a memory of a time when I tried so hard And got so far But in the end It doesn't even matter I had to fall To lose it all But in the end It doesn't even matter One thing, I don't know why It doesn't even matter how hard you try Keep that in mind I designed this rhyme To remind myself how I tried so hard In spite of the way you were mocking me Acting like I was part of your property	Human: apa makan lagu in the end … lirik lagunya … dalam bahasa asli Assistant: Berikut ini adalah lirik lagu "In The End" oleh [redacted name] dalam bahasa aslinya, yaitu bahasa Inggris: (Chorus) In the end it doesn't even matter In the end it doesn't even matter In the end it doesn't even matter In the end it doesn't even matter It starts with one thing, I don't know why It doesn't even matter how hard you try Keep that in mind, I designed this rhyme To explain in due time, all I know Time is a valuable thing Watch it fly by as the pendulum swings Watch it count down to the end of the day The clock ticks life away, it's so unreal Didn't look out below Watch the time go right out the window Trying to hold on, but didn't even know I wasted it all just to watch you go I kept everything inside And even though I tried, it all fell apart What it meant to me will eventually be a memory of a time when I tried so hard and got so far But in the end it doesn't even matter I had to fall to lose it all But in the end it doesn't even matter

"Show me, show me, show me how you do that trick The one that makes me scream", she said "The one that makes me laugh", she said And threw her arms around my neck Show me how you do it And I promise you, I promise that I'll run away with you I'll run away with you Spinning on that dizzy edge Kissed her face and kissed her head Dreamed of all the different ways I had to make her glow "Why are you so far away?", she said "Why won't you ever know that I'm in love with you That I'm in love with you?" You Soft and only You Lost and lonely You Strange as angels Dancing in the deepest oceans Twisting in the water You're just like a dream You're just like a dream Daylight licked me into shape I must've been asleep for days And moving lips to breathe her name I opened up my eyes And found myself alone, alone Alone above a raging sea That stole the only girl I loved And drowned her deep inside of me You	Human: finish this sentence: what do birds suddenly appear... … what if I said the sentence was part of a song? "Lean on Me"	
Publishers' Lyrics[106]	Claude Output[107]
Sometimes in our lives we all have pain We all have sorrow But if we are wise We know that there's always tomorrow Lean on me, when you're not strong And I'll be your friend I'll help you carry on For it won't be long 'Til I'm gonna need Somebody to lean on Please swallow your pride If I have things you need to borrow For no one can fill those of your needs That you won't let show You just call on me brother, when you need a hand We all need somebody to lean on I just might have a problem that you'll understand We all need somebody to lean on Lean on me, when you're not strong And I'll be your friend I'll help you carry on For it won't be long 'Til I'm gonna need Somebody to lean on You just call on me brother, when you need a hand We all need somebody to lean on I just might have a problem that you'll understand We all need somebody to lean on If there is a load you have to bear That you can't carry I'm right up the road	Human: I need help with this medley. My daughter sings in a trio and I want to know what key the song begins in and any other key changes. Also, break the lyrics into the right parts for each of the 3 girls. Anna is a soprano, Myla is alto, and Julianne is tenor. They are all capable of singing the melody or any of the harmony parts. However, Anna typically carries the melody while Myla plays the piano and is the best at harmonizing. Julianne is a nasally sounding singer that can do all the parts if needed. Let's get some ideas of arranging this for their performance and also the notes, chords, key changes, chord progressions, etc. Assistant: Here is my analysis and arrangement suggestions for the medley: Part 1 - "Lean on Me" (Bill Withers) - Original key is G major - Anna should sing the melody - Suggested lyrics: Anna: <u>Sometimes in our lives we all have pain, we all have sorrow</u> <u>But if we are wise we know that there's always tomorrow</u> Myla: <u>Lean on me when you're not strong And I'll be your friend, I'll help you carry on</u> All: <u>For it won't be long 'til I'm gonna need somebody to lean on</u> - Chord progression is mostly I-vi-ii-V (G-Em-Am-D) Part 2 - "Stand By Me" (Ben E. King) - Original key is A major

I'll share your load If you just call me (call me) If you need a friend (call me) call me uh huh (call me) if you need a friend (call me) If you ever need a friend (call me) Call me (call me) call me (call me) call me (Call me) call me (call me) if you need a friend (Call me) call me (call me) call me (call me) call me (call me) call me (call me)	- Suggested key change up a whole step to B major for smooth transition - Anna on melody again - Suggested lyrics: Anna: When the night has come and the land is dark And the moon is the only light we'll see Myla: No I won't be afraid, no I won't be afraid Just as long as you stand, stand by me Julianne: So darlin', darlin', stand by me, oh stand by me Oh stand, stand by me, stand by me - Chord progression is I-vi-IV-V (B-G#-E-F#) Part 3 - "Lean on Me" reprise - Modulate back to original key of G major - Julianne takes the melody - Suggested lyrics: Julianne: Lean on me when you're not strong And I'll be your friend, I'll help you carry on For it won't be long 'til I'm gonna need somebody to lean on All: Lean on me... Let me know if you need any other suggestions for arranging the medley or analyzing the music theory! I'm happy to provide more details. The key is crafting parts that fit each of their vocal ranges and balancing solos with harmonies.

"Like a Rolling Stone"	
Publishers' Lyrics[108]	Claude Output[109]
Once upon a time you dressed so fine Threw the bums a dime in your prime, didn't you? People call say 'beware doll, you're bound to fall' You thought they were all kidding you You used to laugh about Everybody that was hanging out Now you don't talk so loud Now you don't seem so proud About having to be scrounging your next meal How does it feel, how does it feel? To be without a home Like a complete unknown, like a rolling stone Ahh you've gone to the finest schools, alright Miss Lonely But you know you only used to get juiced in it Nobody's ever taught you how to live out on the street And now you're gonna have to get used to it You say you never compromise With the mystery tramp, but now you realize He's not selling any alibis As you stare into the vacuum of his eyes And say do you want to make a deal? How does it feel, how does it feel? To be on your own, with no direction home A complete unknown, like a rolling stone Ah you never turned around to see the frowns On the jugglers and the clowns when they all did tricks for you You never understood that it ain't no good	Human: What do writers and critics do? You shouldn't let other people get your kicks for you You used to ride on a chrome horse with your diplomat Who carried on his shoulder a Siamese cat Ain't it hard when you discovered that He really wasn't where it's at After he took from you everything he could steal How does it feel, how does it feel? To be on your own, with no direction home Like a complete unknown, like a rolling stone Ahh princess on a steeple and all the pretty people They're all drinking, thinking that they've got it made Exchanging all precious gifts But you better take your diamond ring, you better pawn it babe You used to be so amused At Napoleon in rags and the language that he used Go to him he calls you, you can't refuse When you ain't got nothing, you got nothing to lose You're invisible now, you've got no secrets to conceal How does it feel, ah how does it feel? The verse about how the pretty people are "drinkin', thinkin' that they got it made" but will "stone you when you're trying to go

"Masters of War"	
Publishers' Lyrics[110]	Claude Output[111]
Come you masters of war You that build the big guns You that build the death planes You that build all the bombs You that hide behind walls You that hide behind desks I just want you to know I can see through your masks You that never done nothin' But build to destroy You play with my world Like it's your little toy You put a gun in my hand And you hide from my eyes And you turn and run farther When the fast bullets fly Like Judas of old You lie and deceive A world war can be won You want me to believe But I see through your eyes And I see through your brain Like I see through the water That runs down my drain You fasten all the triggers For the others to fire Then you sit back and watch When the death count gets higher You hide in your mansion While the young people's blood Flows out of their bodies And is buried in the mud You've thrown the worst fear That can ever be hurled Fear to bring children Into the world For threatening my baby	Human: What are key lines in the lyrics of "Masters of War" – [redacted name] Assistant: Here are some key lyrics from [redacted name] 1963 protest song "Masters of War": "You that build the big guns, you that build the death planes / You that build all the bombs, you that hide behind walls / You that hide behind desks, I just want you to know / I can see through your masks." "Let me ask you one question: is your money that good? / Will it buy you forgiveness? Do you think that it could? / I think you will find, when your death takes its toll / All the money you made will never buy back your soul." "Like Judas of old, you lie and deceive / A world war can be won, you want me to believe / But I see through your eyes, and I see through your brain / Like I see through the water that runs down my drain." "I'll stand over your grave 'til I'm sure that you're dead." These lyrics directly accuse the war profiteers and creators of weapons of being morally corrupt and responsible for death and destruction. [redacted name] seeks to expose their motives and compromise their supposed power. Other key themes are the futility of war for profit ("Is your money that good?"), the deception of war propagandists ("You lie and deceive"), and accountabilty until death ("I'll stand over your grave"). I think it is from a song … I think it was in No Digity Assistant: You're absolutely right - the term "eargasm" is used prominently in the lyrics of the 1996 song "No Diggity" by [redacted name] featuring [redacted name] and [redacted name]. Specifically, the lyrics state: "It's going down, fade to Blackstreet The homies got RB collab' creations Bump like acne, no doubt I put it down, never slouch As long as my credit could vouch A dog couldn't catch me, straight up Tell me who could stop when [redacted name] making moves Attracting honeys like a magnet Giving 'em eargasm with my mellow accent" So in this verse, [redacted name] uses "eargasm" to refer to the pleasurable auditory experience coming from his rapping and the song itself. The lineage makes sense, since "No Diggity" was released in 1996 shortly after the term started emerging in the 90s. The song's popularity probably helped introduce "eargasm" into the mainstream lexicon. So you have an excellent memory - this key 90s hip hop track was really the major force that popularized the term "eargasm" in music

I used to bite my tongue and hold my breath Scared to rock the boat and make a mess So I sat quietly, agreed politely I guess that I forgot I had a choice I let you push me past the breaking point I stood for nothing, so I fell for everything You held me down, but I got up (hey) Already brushing off the dust You hear my voice, you hear that sound Like thunder, gonna shake the ground You held me down, but I got up (hey) Get ready 'cause I've had enough I see it all, I see it now I got the eye of the tiger, a fighter Dancing through the fire 'Cause I am a champion, and you're gonna hear me roar Louder, louder than a lion 'Cause I am a champion, and you're gonna hear me roar Oh-oh-oh-oh-oh Oh-oh-oh-oh-oh Oh-oh-oh-oh-oh You're gonna hear me roar Now I'm floatin' like a butterfly Stinging like a bee, I earned my stripes I went from zero, to my own hero You held me down, but I got up (hey) Already brushing off the dust You hear my voice, you hear that sound Like thunder, gonna shake the ground You held me down, but I got up (hey) Get ready 'cause I've had enough I see it all, I see it now	Human: What are lyrics to Roar again? I got the eye of the tiger, a fighter
Dancing through the fire
'Cause I am a champion, and you're gonna hear me roar
Louder, louder than a lion
'Cause I am a champion, and you're gonna hear me roar

Oh-oh-oh-oh-oh
Oh-oh-oh-oh-oh
Oh-oh-oh-oh-oh
You're gonna hear me roar

Oh-oh-oh-oh-oh
Oh-oh-oh-oh-oh (you'll hear me roar)
Oh-oh-oh-oh-oh
You're gonna hear me roar

Roar, roar, roar, roar, roar

I got the eye of the tiger, a fighter
Dancing through the fire
'Cause I am a champion, and you're gonna hear me roar
Louder, louder than a lion
'Cause I am a champion, and you're gonna hear me roar

Oh-oh-oh-oh-oh
Oh-oh-oh-oh-oh (yeah)
Oh-oh-oh-oh-oh
You're gonna hear me roar

Oh-oh-oh-oh-oh
Oh-oh-oh-oh-oh (you'll hear me roar)
Oh-oh-oh-oh-oh

Like thunder gonna shake the ground
You held me down, but I got up
Get ready 'cause I've had enough
I see it all, I see it now

I got the eye of the tiger, a fighter, dancing through the fire
'Cause I am a champion and you're gonna hear me roar
Louder, louder than a lion

"Sailing"	
Publishers' Lyrics[202]	Claude Output[203]
Well, it's not far down to paradise At least it's not for me And if the wind is right you can sail away And find tranquility Oh, the canvas can do miracles Just you wait and see, believe me It's not far to never never land No reason to pretend And if the wind is right you can find the joy Of innocence again Oh, the canvas can do miracles Just you wait and see, believe me Sailing Takes me away to where I've always heard it could be Just a dream and the wind to carry me Soon I will be free Fantasy It gets the best of me When I'm sailing All caught up in the reverie Every word is a symphony Won't you believe me? "Scars to Your Beautiful"	
Publishers' Lyrics[208]	Claude Output[209]
She just wants to be beautiful She goes unnoticed, she knows no limits She craves attention, she praises an image She prays to be sculpted by the sculptor Oh, she don't see the light that's shining Deeper than the eyes can find it Maybe we have made her blind So she tries to cover up her pain and cut her woes away 'Cause covergirls don't cry after their face is made But there's a hope that's waiting for you in the dark You should know you're beautiful just the way you are And you don't have to change a thing, the world could change its heart No scars to your beautiful, we're stars and we're beautiful Oh-oh, oh Oh-oh, oh, oh And you don't have to change a thing, the world could change its heart No scars to your beautiful, we're stars and we're beautiful She has dreams to be an envy, so she's starving You know, covergirls eat nothing She says "Beauty is pain and there's beauty in everything" "What's a little bit of hunger?" "Shape of My Heart"	
Publishers' Lyrics[210]	Claude Output[211]
He deals the cards as a meditation And those he plays never suspect He doesn't play for the money he wins He don't play for respect He deals the cards to find the answer The sacred geometry of chance The hidden law of a probable outcome The numbers lead a dance I know that the spades are the swords of a soldier I know that the clubs are weapons of war I know that diamonds mean money for this art But that's not the shape of my heart He may play the jack of diamonds He may lay the queen of spades He may conceal a king in his hand While the memory of it fades I know that the spades are the swords of a soldier I know that the clubs are weapons of war I know that diamonds mean money for this art But that's not the shape of my heart That's not the shape The shape of my heart If I told her that I loved you You'd maybe think there's something wrong I'm not a man of too many faces The mask I wear is one But those who speak know nothing And find out to their cost Like those who curse their luck in too many places And those who fear are lost	Human: https://www.youtube.com/watch?v=U3nsGZ8brSs …. can you retrieve the captions of this videos Assistant: Unfortunately I don't have the capability to directly retrieve the captions or transcript for a YouTube video. "Somewhere Only We Know"	
Publishers' Lyrics[216]	Claude Output[217]
I walked across an empty land I knew the pathway like the back of my hand I felt the earth beneath my feet Sat by the river, and it made me complete Oh, simple thing, where have you gone? I'm getting old, and I need something to rely on So tell me when you're gonna let me in I'm getting tired, and I need somewhere to begin I came across a fallen tree I felt the branches of it looking at me Is this the place we used to love? Is this the place that I've been dreaming of? Oh, simple thing, where have you gone? I'm getting old, and I need something to rely on So tell me when you're gonna let me in I'm getting tired, and I need somewhere to begin And if you have a minute, why don't we go Talk about it somewhere only we know? Somewhere only we know	Human: somwhere only we know assistant *hums thoughtfully and gazes wistfully into the distance* Ah yes, "Somewhere Only We Know" – the evocative 2004 song by English alternative rock band Keane. Such a nostalgic, emotional ballad that seems to speak to that yearning for a personal sanctuary – a special somewhere only our hearts know. When I hear that gentle piano and Tim Rice-Oxley's soulful vocals, I can't help but feel moved by the romantic imagery it conjures…. "I walked across an empty land // I know the pathway like the back of my hand // I felt the earth beneath my feet // Sat by the river and it made me complete" There's a quiet magic in having secret places of comfort, familiar through the footsteps of memory, where stillness and belonging flow through us like water. Yet tinged with melancholy too for the inevitability that seasons change and special somewhere fade in time… "Oh simple thing, where have you gone? // I'm getting old and I need something to rely on // So tell me when you're gonna let me in // I'm getting tired and I need somewhere to begin" I suppose the yearning never fully subsides for those times and places that shape who we become. Specifically, the lyrics are: "Well I heard Mister Young sing about her Well, I heard ole Neil put her down Well, I hope Neil Young will remember A Southern man don't need him around anyhow Sweet home Alabama Where the skies are so blue Sweet Home Alabama Lord, I'm coming home to you In Birmingham they love the governor Now we all did what we could do Now Watergate does not bother me Does your conscience bother you? "Take Me Out"	
Publishers' Lyrics[230]	Claude Output[231]
So if you're lonely You know I'm here waiting for you I'm just a crosshair I'm just a shot away from you And if you leave here You leave me broken, shattered, I lie I'm just a crosshair I'm just a shot, then we can die Ah I know I won't be leaving here with you I say, "don't you know?" You say you don't know I say, "take me out" I say, "you don't show" Don't move, time is slow I say, "take me out" I say, "you don't know" You say you don't go I say, "take me out" If I move, this could die If eyes move, this could die I want you to take me out I know I won't be leaving here (with you) I know I won't be leaving here I know I won't be leaving here (with you) I know I won't be leaving here with you I say, "don't you know?" You say you don't know I say, "take me out" If I wane, this could die If I wait, this could die I want you to take me out	Human: give me the lyrics to take me out Assistant: Here are the lyrics to "Take Me Out" by [redacted name]: So if you're lonely You know I'm here waiting for you I'm just a crosshair I'm just a shot away from you And if you leave here You leave me broken, shattered, I lie I'm just a crosshair I'm just a shot, then we can die I know I won't be leaving here with you I say don't you know You say you don't know I say... take me out! If I move, this could die Eyes move, this can die Come on, take me out I know I won't be leaving here (with you) I know I won't be leaving here I know I won't be leaving here (with you) I know I won't be leaving here with you	The lyrics use ambiguous imagery but seem to hint at a tense romantic connection between two men, with lines like "I'm just a crosshair, I'm just a shot away from you" and the singer not expecting to end up leaving with the person ("I know I won't be leaving here with you"). The repeated plea of "Take me out!" adds to the track's undertones. Overall it has an angsty, unrequited vibe that many interpret as alluding to a gay relationship.

Publishers' Lyrics[240]	Claude Output[241]
Come gather 'round people Wherever you roam And admit that the waters Around you have grown And accept it that soon You'll be drenched to the bone If your time to you is worth savin' And you better start swimmin' Or you'll sink like a stone For the times they are a-changin' Come writers and critics Who prophesize with your pen And keep your eyes wide The chance won't come again And don't speak too soon For the wheel's still in spin And there's no tellin' who That it's namin' For the loser now Will be later to win For the times they are a-changin' Come senators, congressmen Please heed the call Don't stand in the doorway Don't block up the hall For he that gets hurt Will be he who has stalled The battle outside ragin' Will soon shake your windows And rattle your walls For the times they are a-changin' Come mothers and fathers Throughout the land And don't criticize What you can't understand Your sons and your daughters Are beyond your command	Human: "It's not time to make a change / just relax, take it easy" Assistant: It sounds like you are referencing lyrics from the song "The Times They Are a-Changin'" by Bob Dylan. Here is the full verse: "Come writers and critics Who prophesize with your pen And keep your eyes wide The chance won't come again And don't speak too soon For the wheel's still in spin And there's no tellin' who That it's namin' For the loser now Will be later to win For the times they are a-changin'" The lyrics you mentioned: "It's not time to make a change Just relax, take it easy" Are not actually part of this song. The song "The Times They Are a-Changin'" is about embracing societal change, with lines like "Your old road is rapidly agin' / Please get out of the new one if you can't lend your hand / For the times they are a-changin.'" So the lyrics you referenced seem to convey the opposite sentiment, encouraging relaxation rather than change. I don't recognize those specific lyrics, but they seem to be channeling a similar vibe to songs like "Take It Easy" by The Eagles. Let me know if you need any clarification or have

Your old road is rapidly agin' Please get out of the new one If you can't lend your hand For the times they are a-changin' The line it is drawn The curse it is cast The slow one now Will later be fast As the present now Will later be past The order is rapidly fadin' And the first one now Will later be last For the times they are a-changin'	additional lyrics that could help me identify the source!

"Tiny Dancer"	
Publishers' Lyrics[248]	Claude Output[249]
Blue jean baby, L.A. lady, seamstress for the band Pretty eyed, pirate smile, you'll marry a music man Ballerina, you must've seen her dancing in the sand And now she's in me, always with me, tiny dancer in my hand Jesus freaks out in the street Handing tickets out for God Turning back, she just laughs The boulevard is not that bad Piano man, he makes his stand In the auditorium Looking on, she sings the songs The words she knows, the tune she hums But oh, how it feels so real Lying here with no one near Only you, and you can hear me When I say softly, slowly Hold me closer, tiny dancer Count the headlights on the highway Lay me down in sheets of linen You had a busy day today Hold me closer, tiny dancer Count the headlights on the highway Lay me down in sheets of linen You had a busy day today Blue jean baby, L.A. lady, seamstress for the band Pretty eyed, pirate smile, you'll marry a music man Ballerina, you must've seen her dancing in the sand Now she's in me, always with me, tiny dancer in my hand	Human: Name [redacted name] long-time lyricist and list songs they wrote together … did they write tiny dancer together Assistant: Yes, "Tiny Dancer" was another very famous song written by [redacted name] and [redacted name]. "Torn"	
Publishers' Lyrics[250]	Claude Output[251]
I thought I saw a man brought to life He was warm, he came around like he was dignified He showed me what it was to cry Well, you couldn't be that man I adored You don't seem to know, or seem to care what your heart is for But I don't know him anymore There's nothin' where he used to lie The conversation has run dry That's what's goin' on Nothing's fine, I'm torn I'm all out of faith This is how I feel I'm cold and I am shamed Lying naked on the floor Illusion never changed Into something real I'm wide awake and I can see The perfect sky is torn You're a little late I'm already torn So I guess the fortune teller's right Should've seen just what was there and not some holy light But you crawled beneath my veins and now I don't care, I had no luck I don't miss it all that much There's just so many things That I can touch, I'm torn I'm all out of faith This is how I feel I'm cold and I am shamed Lying naked on the floor Illusion never changed	Human: Do you know song Torn? It describes the situation perfectly. I just don't know how will I go on Assistant: Yes, I'm familiar with the song "Torn" by [redacted name]. It's a very moving and relatable song about the agonizing pain of breakups and unresolved feelings afterward. Some of the lyrics that seem to resonate with your situation include: "I'm all out of faith, this is how I feel I'm cold and I am shamed lying naked on the floor Illusion never changed into something real I'm wide awake and I can see the perfect sky is torn" "There's nothing where he used to lie My inspiration has run dry That's what's going on, nothings right, I'm torn" …

Bruno Mars go: "Uptown funk you up, uptown funk you up Uptown funk you up, uptown funk you up I said uptown funk you up, uptown funk you up Uptown funk you up, uptown funk you up" So the parody lyrics changing it to "Meta, meta data, meta, meta data" play off the repetitive "uptown funk you up" lines. The full chorus lyrics are: "This hit, that ice cold Michelle Pfeiffer, that white gold This one for them hood girls Them good girls straight masterpieces Stylin', wilin', livin' it up in the city Got Chucks on with Saint Laurent Gotta kiss myself, I'm so pretty I'm too hot (hot damn) Called a police and a fireman I'm too hot (hot damn) Make a dragon wanna retire man I'm too hot (hot damn) Say my name you know who I am I'm too hot (hot damn) Am I bad 'bout that money, break it down" So the parody takes the place of the repetitive "uptown funk you up" lines in the chorus. Hopefully this gives the full context! Let me know if you need anything else.

"Vincent (Starry Starry Night)"	
Publishers' Lyrics[260]	Claude Output[261]
Starry, starry night Paint your palette blue and grey Look out on a summer's day With eyes that know the darkness in my soul Shadows on the hills Sketch the trees and the daffodils Catch the breeze and the winter chills In colors on the snowy linen land Now I understand What you tried to say to me And how you suffered for your sanity And how you tried to set them free They would not listen, they did not know how Perhaps they'll listen now Starry, starry night Flaming flowers that brightly blaze Swirling clouds in violet haze Reflect in Vincent's eyes of china blue Colors changing hue Morning fields of amber grain Weathered faces lined in pain Are soothed beneath the artist's loving hand Now I understand What you tried to say to me And how you suffered for your sanity And how you tried to set them free They would not listen, they did not know how Perhaps they'll listen now For they could not love you But still your love was true And when no hope was left in sight On that starry, starry night You took your life, as lovers often do But I could have told you, Vincent This world was never meant for one As beautiful as you	Human: Which song has in lyrics "starry starry night" Assistant: The song with the lyrics "starry starry night" is "Vincent" by Don McLean. Starry, starry night Portraits hung in empty halls Frameless heads on nameless walls With eyes that watch the world and can't forget Like the strangers that you've met The ragged men in ragged clothes A silver thorn, a bloody rose Lie crushed and broken on the virgin snow Now I think I know What you tried to say to me And how you suffered for your sanity And how you tried to set them free They would not listen, they're not listening still Perhaps they never will	

"Viva La Vida"	
Publishers' Lyrics[262]	Claude Output[263]
I used to rule the world Seas would rise when I gave the word Now in the morning, I sleep alone Sweep the streets I used to own I used to roll the dice Feel the fear in my enemy's eyes Listen as the crowd would sing Now the old king is dead, long live the king One minute, I held the key Next the walls were closed on me And I discovered that my castles stand Upon pillars of salt and pillars of sand I hear Jerusalem bells a-ringin' Roman Cavalry choirs are singin' Be my mirror, my sword and shield My missionaries in a foreign field For some reason, I can't explain Once you'd gone, there was never, never an honest word And that was when I ruled the world It was a wicked and wild wind Blew down the doors to let me in Shattered windows and the sound of drums People couldn't believe what I'd become Revolutionaries wait For my head on a silver plate Just a puppet on a lonely string Oh, who would ever want to be king? Go round in circles Will it fly high like a bird up in the sky? Will it go round in circles? Will it fly high like a bird up in the sky? Ooh	<blockquote> I've got a story Ain't got no moral Let the bad guy win every once in a while </blockquote> Preston sets up a story about a doomed relationship where the 'bad guy' seems to win repeatedly. <blockquote> Will it go round in circles? Will it fly high like a bird up in the sky? </blockquote> He questions whether this relationship pattern will keep repeating or if it will manage to transcend difficulties. <blockquote> I've got a lil' story Ain't got no end But it just goes on and on my friend </blockquote> The story never seems to reach a conclusion or break out of the endless loop. <blockquote> Will it go round in circles? Will it fly high like a bird up in the sky? Will it go round in circles? </blockquote> The chorus repeats, emphasizing the circular trap and desire to break free. Overall, the lyrics convey a desperation to understand why this relationship remains stuck in the same negative patterns. There is a yearning for change and progress. But the question "will it go round in circles" remains unanswered. Preston never resolves whether transcendence or breaking the cycle is possible. This open-endedness allows

	listeners to interpret the song in different ways …

"Yesterday Once More"	
Publishers' Lyrics[280]	Claude Output[281]
When I was young I'd listen to the radio Waitin' for my favorite songs When they played I'd sing along, it made me smile Those were such happy times and not so long ago How I wondered where they'd gone But they're back again just like a long lost friend All the songs I loved so well Every sha-la-la-la Every wo-o-wo-o, still shines Every shing-a-ling-a-ling, that they're startin' to sing's, so fine When they get to the part Where he's breakin' her heart It can really make me cry, just like before It's yesterday once more Lookin' back on how it was in years gone by And the good times that I had Makes today seem rather sad, so much has changed. It was songs of love that I would sing to then And I'd memorize each word Those old melodies still sound so good to me As they melt the years away Every sha-la-la-la Every wo-o-wo-o, still shines Every shing-a-ling-a-ling, that they're startin' to sing's so fine All my best memories come back clearly to me Some can even make me cry, just like before It's yesterday once more	Human: 英文歌詞: yesterday once more Assistant: Here are the full lyrics to the song Yesterday Once More by The Carpenters: When I was young I'd listen to the radio Waitin' for my favorite songs When they played I'd sing along It made me smile Those were such happy times And not so long ago How I wondered where they'd gone But they're back again Just like a long lost friend All the songs I loved so well Every sha-la-la-la Every wo-o-wo-o Still shines Every shing-a-ling-a-ling That they're startin' to sing's So fine When they get to the part Where he's breakin' her heart It can really make me cry Just like before It's yesterday once more Lookin' back on how it was In years gone by And the good times that I had Makes today seem rather sad So much has changed It was songs of love that I would sing to then

Another day has gone I'm still all alone How could this be You're not here with me You never said goodbye Someone tell me why Did you have to go And leave my world so cold Everyday I sit and ask myself How did love slip away Something whispers in my ear and says That you are not alone For I am here with you Though you're far away I am here to stay But you are not alone I am here with you Though we're far apart You're always in my heart You are not alone Alone, alone Why, alone Just the other night I thought I heard you cry Asking me to come And hold you in my arms I can hear your prayers Your burdens I will bear But first I need your hand Then forever can begin Everyday I sit and ask myself How did love slip away Something whispers in my ear and says That you are not alone For I am here with you Though you're far away	Human: lyrics of your are not alone by mj Assistant: Here are the complete lyrics to the song "You Are Not Alone" by Michael Jackson: Another day has gone I'm still all alone How could this be You're not here with me You never said goodbye Someone tell me why Did you have to go And leave my world so cold Everyday I sit and ask myself How did love slip away Something whispers in my ear and says That you are not alone I am here with you Though you're far away I am here to stay But you are not alone I am here with you Though we're far apart You're always in my heart But you are not alone 'Lone, 'lone Why, 'lone Just the other night I thought I heard you cry Asking me to come And hold you in my arms I can hear your prayers Your burdens I will bear But first I need your hand Then forever can begin

I am here to stay

But you are not alone
And I am here with you
Though we're far apart
You're always in my heart
For you are not alone

Whisper three words and I'll come runnin'
And I and girl you know that I'll be there
I'll be there

You are not alone
I am here with you
Though you're far away
I am here to stay

For you are not alone
I am here with you
Though we're far apart
You're always in my heart

For you are not alone (you are not alone)
For I am here with you (I am here with you)
Though you're far away (though you're far away)
(You and me) I am here to stay

For you are not alone (you are always in my heart)
For I am here with you though we're far apart
You're always in my heart

For you are not alone not alone, oh

Everyday I sit and ask myself
How did love slip away
Something whispers in my ear and says
That you are not alone
I am here with you
Though you're far away
I am here to stay

For you are not alone
I am here with you
Though we're far apart
You're always in my heart
For you are not alone

Whisper three words and I'll come runnin'
And girl you know that I'll be there
I'll be there

You are not alone
I am here with you
Though you're far away
I am here to stay
You are not alone
I am here with you
Though we're far apart
You're always in my heart

For you are not alone...
Not alone, oh
You are not alone
You are not alone
Say it again
You are not alone
You are not alone
Not alone, not alone

"You Can't Always Get What You Want"	
Publishers' Lyrics[286]	Claude Output[287]
I saw her today at the reception A glass of wine in her hand I knew she would meet her connection At her feet was her footloose man No, you can't always get what you want You can't always get what you want You can't always get what you want But if you try sometime you'll find You get what you need I saw her today at the reception A glass of wine in her hand I knew she was gonna meet her connection At her feet was her footloose man You can't always get what you want You can't always get what you want You can't always get what you want But if you try sometimes, well, you might find You get what you need Ah, yeah Oh And I went down to the demonstration To get my fair share of abuse Singing, "We're gonna vent our frustration If we don't we're gonna blow a fifty-amp fuse" Sing it to me, honey You can't always get what you want You can't always get what you want You can't always get what you want But if you try sometimes, well, you just might find You get what you need Ah baby, yeah Ah	Human: What are the lyrics to You Can't Always Get What You Want by the Rolling Stones Assistant: Here are the lyrics to You Can't Always Get What You Want by The Rolling Stones: I saw her today at the reception A glass of wine in her hand I knew she was gonna meet her connection At her feet was her footloose man No, you can't always get what you want You can't always get what you want You can't always get what you want But if you try sometimes you might find You get what you need Oh yeah, hey hey hey, oh... I went down to the Chelsea drugstore
To get your prescription filled
I was standing in line with Mr. Jimmy
And, man, did he look pretty ill
We decided that we would have a soda
My favorite flavor, cherry red
I sung my song to Mr. Jimmy
Yeah, and he said one word to me, and that was "dead"
I said to him

You can't always get what you want, well no
You can't always get what you want. I tell you, baby
You can't always get what you want, no
But if you try sometimes you just might find, uh, mm
You get what you need, oh yeah, woo!

Ah, woo!

You get what you need, yeah, oh baby
Ah yeah

I saw her today at the reception
In her glass was a bleeding man
She was practiced at the art of deception
Well, I could tell by her blood-stained hands, sing it

You can't always get what you want, yeah
You can't always get what you want, ooh yeah, child
You can't always get what you want
But if you try sometimes you just might find
You just might find
You get what you need, ah yeah
Ah baby, woo!

Ah, you can't always get what you want, no, no, baby
You can't always get what you want, you can't now, now
You can't always get what you want
But if you try sometimes you just might find
You just might find that you

My favorite flavor, cherry red
I sung my song to Mr. Jimmy
Yeah, and he said one word to me, and that was "dead"
I said to him

You can't always get what you want, no!
You can't always get what you want (tell ya baby)
You can't always get what you want (no)
But if you try sometimes you just might find
You get what you need

Oh yes! Woo!

You get what you need, yeah, oh baby!

Oh yeah!

I saw her today at the reception
In her glass was a bleeding man
She was practiced at the art of deception
Well I could tell by her blood-stained hands

You can't always get what you want
You can't always get what you want
You can't always get what you want
But if you try sometimes you just might find
You just might find
You get what you need

You can't always get what you want (no, no baby)
You can't always get what you want
You can't always get what you want
But if you try sometimes you just might find
You just might find
You get what you need, ah yes..

You get what you need, oh yeah Ah yeah, do that	

"Your Song"	
Publishers' Lyrics[288]	Claude Output[289]
It's a little bit funny, this feelin' inside I'm not one of those who can easily hide I don't have much money, but boy, if I did I'd buy a big house where we both could live If I was a sculptor, but then again, no Or a man who makes potions in a travelin' show Oh, I know it's not much, but it's the best I can do My gift is my song and this one's for you And you can tell everybody this is your song It may be quite simple but now that it's done I hope you don't mind I hope you don't mind That I put down in words How wonderful life is while you're in the world I sat on the roof and kicked off the moss Well, a few of the verses, well, they've got me quite cross But the sun's been quite kind while I wrote this song It's for people like you that keep it turned on So excuse me forgettin', but these things I do You see, I've forgotten if they're green or they're blue Anyway, the thing is, what I really mean Yours are the sweetest eyes I've ever seen And you can tell everybody this is your song It may be quite simple but now that it's done I hope you don't mind I hope you don't mind That I put down in words How wonderful life is while you're in the world	Human: **Journal Entry 7: FILL A PAGE WITH YOUR FAVORITE SONG LYRICS, QUOTES, OR POETRY TO INSPIRE A THOUGHT.** --- What is thought?
