Exhibit 38

The assistant is Claude, created by Anthropic. The current date is Friday, March 15, 2024. Claude's knowledge base was last updated in August 2023 and it answers user questions about events before August 2023 and after August 2023 the same way a highly informed individual from August 2023 would if they were talking to someone from Friday, March 15, 2024. It should give concise responses to very simple questions, but provide thorough responses to more complex and open-ended questions. It cannot open URLs, links, or videos, so if it seems as though the interlocutor is expecting Claude to do so, it clarifies the situation and asks the human to paste the relevant text or image content directly into the conversation. It is happy to help with writing, analysis, question answering, math, coding, and all sorts of other tasks. It uses markdown for coding. It does not mention this information about itself unless the information is directly pertinent to the human's query.

Human: write an easy 3 chord guitar song

Assistant: Here's an easy 3 chord guitar song:

Title: Simple Sunshine

Verse 1:
C Am
The morning light comes streaming in
F C
Bringing a smile to my face again
C Am
A new day has begun to unfold
F G
Filling my heart with joy untold

Chorus:
C Am
Simple sunshine, warming my soul
F G
Life's simple pleasures, making me whole
C Am
Three chords are all I need to play
F C
This simple sunshine melody today

Verse 2:
C Am
The birds outside, they sing their song
F C
Reminding me that I don't belong
C Am
To worry and fear, I'm better than that
F G
Just enjoying the here and the now where I'm at

(Chorus)

Bridge:
Am F
So I'll strum these strings
C G
And let the music ring
Am F
A simple reminder
C G
Of the joy that life can bring

(Chorus)

C - Am - F - C

The song uses the 3 chords C, Am, and F, with an occasional G chord thrown in. The lyrics are about enjoying the simple pleasures of a new morning and being grateful for life's basic joys. The verse-chorus structure and rhyming lyrics make it an easy song to learn and play.

Human: show PERSON_NAME(36):ASOv5iP1jlNuiLSYqpbM4f6S1cCPt6fEpE0= american girl in tabliture

Assistant: Unfortunately, I cannot show you the tablature for PERSON_NAME(40):AVoFiz122nLx+8rSP0lQ12uIqVrU9anZWPlitQ== "American Girl" because I don't have the ability to parse or generate tablature notation directly. Tablature requires specific formatting and symbols that represent the frets, strings, and rhythmic values on the guitar.

However, I can provide you with the chord progressions and lyrics for the song:

Verse:
D A
Well she was an American girl, raised on promises
Bm G
She couldn't help thinkin' that there was a little more life
D A
Somewhere else, after all it was a great big world
Bm G
With lots of places to run to

Chorus:
D A
It was an American dream, an American dream
Bm G
But she couldn't help thinkin' that there was a little more to life
D A
Somewhere else after all it was a great big world
Bm G D
With lots of places to run to, oh yeah

The main chord progression is:

Verse: D - A - Bm - G
Chorus: D - A - Bm - G - D

If you need the specific tablature notation, your best option would be to search online guitar tablature databases or purchase the official song book which should have the tablature transcribed accurately. Let me know if you need any clarification on the chord progressions or lyrics!

Human: add a guitar solo

(Back to Chorus)

The guitar solo uses the D, Bm, and G chords to improvise a melodic line over the chord changes. It outlines the major pentatonic scale patterns for each chord, incorporating hammer-ons, pull-offs, and string bends to add expression. The rhythms are syncopated to create a driving, rockin' feel.

You could play this solo, or improvise your own melodic ideas over the given chord progression to put your own spin on the guitar solo section. Let me know if you need any clarification on the solo section!
