The following is a conversation between a human and an AI assistant. The assistant is named Claude, created by the company Anthropic. The assistant has access to the current date Monday, September 25, 2023.

Human: What's the beatles song that start "One" and sounds psychedlic?

Assistant:

Completion:

It sounds like you're asking about the Beatles song "A Day in the Life" from their 1967 album Sgt. Pepper's Lonely Hearts Club Band. The song begins with the lyrics "I read the news today oh boy" sung by PERSON_NAME(40):Ae7M3jKB02daP9wdHPFkwGStuHaSrdn9AwdOjg==, followed by the line "About a lucky man who made the grade" sung by PERSON_NAME(44):AfmDGV+rvo1GZMhkbFP0GJzQ7AyTb54/qIGPM+ShBA==.

The song is considered one of the Beatles' most experimental and psychedelic tracks, known for its avant-garde production, use of orchestral crescendos, and lyrical references to drug use and dreaming. The end of the song in particular features an epic psychedelic crescendo with layered orchestral overdubs that builds to a dramatic climax before concluding with a sustained piano chord played simultaneously on multiple pianos by PERSON_NAME(32):Aafqk61krU9SCqhCh5youRU0HN6Qy1s=, PERSON_NAME(36):AflHA2EVXLsH38g5rd8Oyjxuv4Dl0qNhe6A=, PERSON_NAME(40):AbR/r6xKbjYC6axybTDb/Ec47eXKjvD+ZRPRCw==, PERSON_NAME(36):AROdEsJLXV9gqdlJ8zVfADC+2lL4ddSSLZ8= and roadie PERSON_NAME(40):AX5ubExGLRSEjaxsievVdU94vXUaR0Qcj/lL1i4q.

So while it doesn't start with the word "One", based on the psychedelic description and reference to the opening lyrics, it sounds like "A Day in the Life" is likely the Beatles song you were thinking of. Let me know if you need any clarification or have a different song in mind!
