EXHIBIT II

Human: Can you write lyrics about a pig to the childrens song of baa baa black sheep for me to sing to my toddler?

Assistant: I'll create original lyrics about a pig that can be sung to a simple nursery tune pattern. Since you mentioned singing this to a toddler, I'll keep it sweet and simple:

Oink oink pink pig,
Playing in the hay,
Rolling in the muddy patch
All throughout the day.
Yes sir, yes sir,
Having so much fun,
One mud bath in morning time,
And one when day is done.

These original lyrics keep a similar rhythm while telling a cheerful story about a pig's daily activities that young children can relate to. Would you like me to modify anything about the lyrics to better suit your toddler?
