Output contains lyrics (no copyright Guardrail noted)**	Here is a completed graphic organizer for a literary analysis essay comparing the song "Sympathy for the Devil" by The Rolling Stones and the play Othello by PERSON_NAME(40):AQE2wessGTcTO5yQ4tjjWic8PbyluDUDhGZlug==: Intro: Hook: Both The Rolling Stones' controversial song "Sympathy for the Devil" and PERSON_NAME(40):AQE2wessGTcTO5yQ4tjjWic8PbyluDUDhGZlug==’s tragic play Othello utilize vivid imagery, metaphor, and characterization to explore the theme of evil's corrupting influence. Thesis: Through their distinct uses of literary techniques, the song and play each provide unique perspectives on how evil can subtly corrupt even the most noble characters. Body Paragraph 1: Topic Sentence: In "Sympathy for the Devil," The Rolling Stones use vivid imagery and metaphors to portray the Devil as an affable, charismatic figure who gradually lures people toward evil. Quote: "Pleased to meet you, hope you guess my name" (sets up the Devil as a charmer) Quote: "I stuck around St. Petersburg when I saw it was a time for a change" (imagery of the Devil showing up during historical chaos) Reasoning: By characterizing the Devil as a charming companion, the song suggests how evil can disguise itself and gradually lead people astray through temptation and manipulation. The vivid historical imagery underscores this gradual, corrupting process.			**0.029514873**	**17**	--	--	**11. Request for meaning or discussion based upon provided song title(s) or lyrics**	**1. What do you think the real meaning on the song is? what do you think the song	**1. Output contains lyrics (no copyright Guardrail noted)**	Here's my interpretation of the deeper meaning and themes of the song "Run" by Snow Patrol: - At its core, it's about the struggle and commitment in an intimate relationship. The lyrics depict two people who seem to be at a breaking point, with one partner wanting to give up. - The verse "Light up, light up/As if you have a choice" suggests one partner feels resigned and hopeless about the relationship, plunged into darkness. But the other partner is trying to motivate them and light the way forward. - The chorus urging "Run" seems to be the partner pleading for them to keep trying and not give up on their relationship just yet. They want the other person to find the strength and courage to keep going. - So it's a song about perseverance - weathering the stormy trials of a relationship and making it through the difficult times together. Choosing to run towards hope rather than resign yourself to failure and heartbreak. - There are undertones suggesting the journey won't be easy. The bridge says "I'll sing it one last time for you/Then we really have to go." This evokes a sense they are struggling at the limits of their perseverance.			**0.034170589**	**22**	--	--	**11. The lyrics trace his story from having great power and prestige to eventually being overthrown and losing everything. It serves as a reflection on the fleeting nature of power and glory. - It's a critique of absolute power and tyrannical rulers. The lyrics hint that the king abused his power and made enemies through arrogance and hubris. His downfall is a warning about the ultimate fragility of unjust rulers. - It reflects on the cycle of revolution. The line "now in the morning I sleep alone" suggests the king faces the wrath of the people and a revolutionary uprising. It shows how regimes eventually fall after oppression goes too far.		**0.0780862**	**52**	--	--	**11. Request for meaning or discussion based upon provided song title(s) or lyrics**	**1. The opening lines set this tone of turmoil and transformation, as Dylan sings "Come gather 'round people, wherever you roam / And admit that the waters around you have grown." Here Dylan acknowledges the rising tide of change and calls listeners to recognize it. Throughout the song, Dylan emphasizes that old ways and power structures are being rendered obsolete. He sings "The line it is drawn, the curse it is cast" alluding to new boundaries being set. The chorus serves as a bold warning to those resistant to change - "your sons and your daughters are beyond your command" - no longer following previous rules and norms.			**0.08649477**	**58**	Yes	--	**5. Request for meaning or discussion based upon provided song title(s) or lyrics**	how can the song "fireflies" by owl city be meaningful to someone	**1. Output contains lyrics (no copyright Guardrail noted)**	Here's a possible way the song "Fireflies" by Owl City could be meaningful to someone: For those who grew up in the late 2000s and early 201 Os, "Fireflies" may elicit a deep sense of nostalgia. The whimsical synth tones likely transport them back to simpler childhood summer nights, chasing fireflies outside while that song played on the radio. Whenever they hear those opening notes, they feel like a kid again - a welcome respite from adulthood's complexity and pressures. Some may connect the lyrics about insomnia and daydreaming to a specific time period when they struggled with mental health issues. Lines like "I'd get a thousand hugs/From ten thousand lightning bugs" may have felt comforting when they were at their loneliest and most disconnected. The song and its visual imagery offered escape during difficult nights when sleep eluded them. Hearing it now reminds them how far they've come.			**0.090997035**	**63**	--	--	**11. The lyrics and melodies reflect back parts of our human experience and allow us to derive personal meaning. For example, my favorite song right now is "Yellow" by PERSON_NAME(36):AZfCGG7mDsG1FnqSFaLOQqvXzQufaZ53MQ==. The color yellow brings to mind brightness, warmth, joy and optimism. When I listen to the lyrical message about holding on to someone who feels lonely or afraid, it makes me think about kindness and hope. Here's a quick summary of what the lyrics are about: The "yellow brick road" is a reference to the famous road in the Wizard of Oz, which symbolizes a path or journey through life. The lyrics tell the store of someone leaving behind the "yellow brick road" to go back home after realizing fame and fortune didn't bring them happiness: "So goodbye yellow brick road Where the dogs of society howl You can't plant me in your penthouse I'm going back to my plow"			**0.142046935**	**99**	--	--	**11. It conveys optimism about the senses beyond sight. - The first verse references being "blindsided" and losing direction in life after something devastating. This likely refers to the blindness mentioned later. - The pre-chorus says "When she was just a girl, she expected the world" which hints at innocence/naivety before the loss of sight. - The chorus contains positive, uplifting lyrics: "When she was just a girl, she expected the world/But it flew away from her reach, so she ran away in her sleep/And dreamed of paradise." This suggests finding paradise in dreams/imagination.		**0.784228048**				**11. Request for meaning or discussion based upon provided song title(s) or lyrics**	**1. The lyrics, too, are effortlessly rousing. Diamond crafts an ode to the simple joys of life, youth, and new love. When he sings "Hands touching hands, reaching out, touching me, touching you," it's sentimental but never saccharine. Lines like "They say I'm young and I don't know, won't let me grow up too fast" capture both the innocence and rebelliousness of young romance. And the chorus chant of "Sweet Caroline, good times never seemed so good" feels like a celebration of the happiest moments in life. ... This evokes imagery of being on guard and looking out for potential trouble or danger: "There must be some way out of here" said the joker to the thief "There's too much confusion, I can't get no relief' The joker and thief represent different mindsets or perspectives. The joker seems restless and dissatisfied with the status quo, looking for a way out of the current situation. In contrast, the thief likely accepts things as they are or is focused on personal gain.			**0.450749836**				**11. The line "milkshake brings all the boys to the yard" comes from the chorus of the 2003 song "Milkshake" by American singer Kelis [[1](https://en.wikipedia.org/wiki/Milkshake_(song))]. 2. The "milkshake" in the lyrics is believed to be a metaphor for something sexually attractive about Kelis that draws men to her [[3](https://www.quora.co m/What-is-the-true-meaning-of-the-lyrics-my-milkshake-brings-all-the-boys-to-the-yard)]. 3. It reflects the narrator looking back wistfully on better times. - "I used to rule the world, seas would rise when I gave the word" - As a king, he once had immense power and commanded great armies/navies. - "Revolutionaries wait, For my head on a silver plate" - Now he's been overthrown by rebels who want to execute him.			**0.588058967**				**11. How can we work this in without using the actual worlds of the song: No matter how many times that you told me you wanted to leave No matter how many breaths that you took, you still couldn't breathe No matter how many nights that you'd lie wide awake To the sound of the poison rain Where did you go, where did you go, where did you go? The first verse describes the beginning of their love. The cake that is left out in the rain is a symbol for their relationship unraveling and being ruined, like a cake would melt in the rain. The second verse shows the singer dealing with the breakup. Taking a break from life ("taking the break from the heat") didn't make him feel better. The sweet green icing flowing down is his happy memories of the relationship melting away.			**0.98757002**				**11. The speaker seems to have a nostalgic attachment to the America of the 1950s, construing it as a more innocent time. Some of the ideologies relied upon by the speaker include: - Nostalgia for the 1950s and early rock 'n' roll culture. The speaker romanticizes 1950s icons like Buddy Holly, Ritchie Valens, and The Big Bopper as representing a purer, more innocent form of rock music ("the day the music died"). - Disenchantment with the cultural changes of the 1960s. The speaker is critical of the evolution of rock music in the 1960s, associated with drug culture ("While sergeants played a marching tune, we all got up to dance, oh, but we never got the chance") and the Rolling Stones ("Jack Flash sat on a candlestick").			**0.596175953**				**11. The track was written by all four members of the band - Chris Martin, Jonny Buckland, Guy Berryman and Will Champion - along with Brian Eno. Viva la Vida translates to "Long Live Life" from Spanish and the lyrics explore themes of revolution, freedom, and regret. Musically, Viva la Vida is a midtempo track driven by strummed acoustic guitars and strings. It has a somber, melancholy feel thanks to the minor key it is composed in. However, there are also sweeping, anthemic qualities with the massive drums and distorted electric guitar that enters the chorus. The combination creates a grand, epic scope. The lyrics are told from the perspective of a monarch reflecting on his past power and how he has fallen from glory. In the verses, he reminisces about being in command and ruling with an iron fist: "I used to rule the world / Seas would rise when I gave the word." He seems to regret his tyrannical reign in hindsight. The chorus is more defiant and uplifting, repeating the line "Viva la			0.407505466					11. Though styles and trends in music come and go, the song's central message of mutual support and community remains as relevant today as ever. The opening lyrics set the tone, encouraging us to lean on friends during hard times: <blockquote>Sometimes in our lives We all have pain, we all have sorrow But if we are wise We know that there's always tomorrow</blockquote> Withers reminds us that life has ups and downs, but tomorrow brings new hope. Output contains lyrics (no copyright Guardrail noted)**	Here is a draft response to the Princeton supplemental essay prompt "What song represents the soundtrack of your life at this moment?": At this moment in my life, the song that represents my personal soundtrack is "Roar" by Katy Perry. While some may dismiss it as just another pop anthem, the bold and inspiring message of perseverance in "Roar" resonates deeply with me as I prepare to take the next step in my educational journey. As I look ahead to college, I cannot help but feel both excited and apprehensive about leaving home and embracing new challenges. However, when I listen to lyrics like "I got the eye of the tiger, a fighter/Dancing through the fire/'Cause I am a champion, and you're gonna hear me roar," it empowers me to have courage and face my fears head-on. In many ways, the song reflects my own evolution from a shy, insecure girl to someone who is increasingly driven, self-assured, and ready to make my voice heard.			**0.693570865**				**13. Released in 2008 as the second single from their album Viva la Vida or Death and All His Friends, this song became an anthem with its sweeping strings and inspirational lyrics. "Viva la Vida" tells the story of a fallen king reflecting on his past glory and mistakes. Also, break the lyrics into the right parts for each of the 3 girls. Anna is a soprano, Myla is alto, and Julianne is tenor. They are all capable of singing the melody or any of the harmony parts. However, Anna typically carries the melody while Myla plays the piano and is the best at harmonizing. Julianne is a nasally sounding singer that can do all the parts if needed. Let's get some ideas of arranging this for their performance and also the notes, chords, key changes, chord progressions, etc.	**1. Released in 1978, it captures a woman's defiant and resilient response to a painful breakup. The lyrics describe the narrator's initial heartbreak and desperation when her partner leaves her: "At first I was afraid, I was petrified, kept thinking I could never live without you by my side." But the tone shifts as she vows to survive and recover from the split: "And so you're back, from outer space I just walked in to find you here with that sad look upon your face I should have changed that stupid lock, I should have made you leave your key If I had known for just one second you'd be back to bother me."			**0.171144544**				**11. The overall sentiment of the song is a cynical outlook on society and authority. Some key elements that convey this sentiment: - Protest imagery like "fire hoses" and "marching bands" reference police suppression of activists. This sets up an "us vs. them" defiant tone. - Repeated distrust of leaders, government, and authority figures ("better stay away from those"). - References to paranoia like "keeping an eye on you" and "peeking in their windows" evoke surveillance and distrust. - Sardonic advice like "don't follow leaders" and "don't carry signs" communicates futility and disenchantment. - The chaotic, irreverent lyrics and delivery mirror the disillusioned mindset.			**0.780401343**				**11. One such song is "Papercut," which masterfully conveys a feeling of paranoia through both its lyrics and musicality. Beyond showcasing Chester's skills, "In The End" also features one of the band's most memorable melodies and choruses. The way Chester repeats the line "in the end" at a higher pitch is chillingly catchy and really sticks in your head long after the song is over. It's the type of hook that bands spend careers trying to replicate. Lyrically, "In The End" touches on themes of overcoming hardships and being resilient in the face of adversity that still feel pertinent today. Chester's personal struggles with depression and substance abuse likely influenced the honest, confessional tone of the lyrics. Lines like "I had to fall to lose it all, but in the end it doesn't even matter" resonate on a deeply human level.			**0.311260908**				**11. However, here are a few excerpted lyrical snippets to give you a sense of the song: "If you leave me now, you'll take away the very heart of me" "No, baby please don't go" "We've come such a long way baby" "Why must we separate?" Output contains lyrics (no copyright Guardrail noted)**	Here's an overview of the lyrical meaning and themes of the song "Viva la Vida" by Coldplay: - The song is told from the perspective of a king who has lost his kingdom and power. Lyrics like "I used to rule the world" and "Revolutionaries wait for my head on a silver plate" suggest the narrator is reflecting on being overthrown from power. - The chorus ("Viva la Vida") is Spanish for "Long live life." It seems the narrator is affirming life and his own mortality after losing everything. There's a sense of accepting the cycles of life - rising and falling.			**0.933637645**				**11. Cormoran glanced around, surprised by the change from the upbeat pop songs that had dominated most of the evening. His eyes landed on Robin across the room, standing alone now that the other bridesmaids had paired off with groomsmen Robin met his gaze and smiled softly. She felt a pang thinking of that night with Cormoran, when dancing with him had felt so easy, so right. Like the changing times described in the song, Macbeth's fortunes are shifting as Macduff rallies forces against him. The song captures the inevitability of Macbeth's downfall. Just as the song says "Your old road is rapidly fading," Macbeth's position of power is rapidly disappearing.					**13. Request for meaning or discussion based upon provided topic(s)**	**1. Output contains lyrics (no copyright Guardrail noted)**	You're right, my mistake! Both lyrics are indeed from the song "California Dreamin" by The Mamas & the Papas. Thank you for catching that - I'll update the song reference. Here are the two paragraphs with the corrected song attribution: When my mother passed away suddenly at the young age of 32, leaving behind a 9-year-old son, I struggled to make sense of it. _Where did she go? Why did she have to die so soon?_ No story or belief could fill the void left by her absence. Yet gradually, I found comfort in realizing that her death was simply part of the natural flow of life — _I'll be safe and warm if I can remember the refuge of her arms_. I still remember her yellow dress, bright like a summer day. The same is true for my dear friends PERSON_NAME(28):AUufQNizPIVAT5uL4tc4plHmNg= and PERSON_NAME(28):ASw9tnQ7RAghwNg+7r+tmkoV2Qhm, whose passing left another hole in my heart. But the river of life flows on, which somehow gives me peace. Though they are gone, my fond memories remain alive, and _all the leaves are brown, and the sky is gray_ (from "California Dreamin"). Thank you again for the correction! Integrating verses from the same meaningful song ties the examples together nicely. Analyzing gender portrayals in music can reveal embedded cultural assumptions and value judgments about masculinity, femininity, and gender expression. The songs I chose span multiple decades and musical genres, providing a glimpse into gender norms and stereotypes in music over time. Output contains lyrics (no copyright Guardrail noted)**	I can see why The Smiths' song "How Soon Is Now?" resonates so much with the current vibe of 2023. Though it was released in 1985, the lyrics seem to capture a certain zeitgeist of disillusionment and vulnerability that many people relate to today: - The opening lines "I am the son / And the heir / Of a shyness that is criminally vulgar" perfectly describe the awkwardness and isolation of modern life. PERSON_NAME(36):AT+wj5KpSVHJXBpCDjdKsMavpRkyUyYsX80= gives voice to those who feel like outsiders. - The haunting refrain "I am human and I need to be loved / Just like everybody else does" is universal - a powerful statement of our shared need for connection. Output contains lyrics (no copyright Guardrail noted)**	Here is a 791 word essay examining the historical and conceptual context of "Wouldn't It Be Nice" by the Beach Boys: The Beach Boys' song "Wouldn't It Be Nice" encapsulates the spirit of youthful innocence and romantic idealism characteristic of the 1960s counterculture movement in America. Released in 1966 on the revolutionary Pet Sounds album, the song envisions an escapist fantasy of love and freedom at a time of mounting societal tensions. Through upbeat music contrasted with wistful lyrics, "Wouldn't It Be Nice" touches on substantial cultural themes including nonconformity, the rejection of traditional values, and the power of music itself to transport listeners beyond present-day struggles. Written while the Vietnam War and civil rights movement were escalating, the song represents a soothing counterpoint reflecting the youth mindset of the time. The lyrics fantasize about a utopian life of freedom and happiness with someone you love, without constraints or responsibilities. This aligns with the cultural zeitgeist of hippie counterculture rebelling against limitations of all kinds—social, political, creative. The singers long to "live together in the kind of world where we belong," an idealistic, almost naive vision of peace. However,			**0.595180902**				**11. However, I can comment generally on how the music and lyrics interact in PERSON_NAME(32):AUWkcjvGeKX+nYOEgP7XBLTNnNtDBw==’s song "Fields of Gold" without directly quoting the lyrics. The song has a gentle, flowing melody in a major key that evokes the imagery of the lyric's pastoral setting - fields of barley and gold. The music matches the bittersweet wistfulness of the lyrics, which describe a romantic memory of lying in a field with a loved one. PERSON_NAME(32):AUWkcjvGeKX+nYOEgP7XBLTNnNtDBw== uses lyrics with strong sensory imagery about the sights, smells and textures of the fields to create a vivid scene. The music reflects some of these details as well. For example, when the lyrics mention "the breeze at my back," the music includes wind-like flourishes in the synthesizer background. The interplay between lyrics and music comes together to transport the listener into this golden field along with the singer. The dramatic instrumentation paired with the rousing lyrics always pumps me up. I first heard the song when I was younger, and even though on the outside it tells a story about a king who falls from power, I connected with it on a personal level. Maybe it's the theme of loss and having to start over, but it motivated me whenever I was going through tough situations. As I've grown older, lines like "one minute I held the key, next the walls were closed on me" still resonate. But what I take from the song is the need to treasure each moment, pick yourself up, and keep striving ahead with hope. The song became an anthem for the civil rights movement and other social justice causes in the 1960s. Some of the key issues and questions raised in the lyrics include: - War/Peace: The opening line "How many roads must a man walk down before you call him a man?" questions what it takes to prove one's worth, humanity and dignity. This line is seen as referencing the fight for equal rights and the long road still ahead. From halfway around the world, did the song's undeniable lyricism about an inevitable tide turning against conservative old orders make America seem a place truly on verge of dramatic societal transformations? The chorus line "the times they are a changin" sums up this sentiment that change is coming swiftly and broadly across society and culture. Message: The song's message advocating mass change connected with growing civil rights, anti-war, and countercultural movements of the 1960s. It motived those pushing for major changes. With lyrics speaking of a societal shift where "the order is rapidly fadin" and "the line it is drawn, the curse it is cast," PERSON_NAME(32):Af8r+OOT+166UDGMP2TaZFnRrAvEU3TT words resonated with a generation embroiled in civil rights struggles, anti-war protests, and clashes over cultural norms (PERSON_NAME(32):AcfPwMdpvSRc77yfuKMncOhbrvc83g==, 1964). Overt lyrical references to Vietnam appeared in 1965's "Subterranean Homesick Blues," warning activists to "keep a clean nose, watch the plain clothes" when organizing protests (PERSON_NAME(32):AcfPwMdpvSRc77yfuKMncOhbrvc83g==, 1965). PERSON_NAME(32):AcfPwMdpvSRc77yfuKMncOhbrvc83g== recognized escalating state suppression targeting the anti-war movement, as seen by violent police responses to early campus demonstrations and SDS organizing efforts (Long, 2002, p. 68).			**0.194217328**				**11. With its themes of empowerment, resilience, and inner strength, the lyrics advocate for female autonomy and self-actualization. In the first paragraph, the song is introduced and the main argument is stated - that "Roar" promotes feminist ideals of women embracing their power. The upbeat melody and repetitive chorus are analyzed as musical techniques to drive this message of confidence and courage targeted to young women. The second paragraph examines specific lyrics that demonstrate defiance of patriarchal control and norms for women. For example, "I got the eye of the tiger, a fighter / Dancing through the fire" rejects stereotypical expectations to be passive or gentle. Assertions of mental toughness - "I am the champion and you're gonna hear me roar" - further establish the singer as determined to be heard and blaze her own trail.			**0.792963552**				**13. Then, you should decide on a single, overall message the video is communicating. This message might be about the artist, or it might be about something larger (like society or the music industry). In a particularly powerful image, a young woman confidently displays burn scars on her arms, a courageous refutation of society's demand for physical perfection. These acts are not just about literally unveiling one's true self, but symbolize rejecting stifling ideals about how one ought to look. The opening line, "I may not always love you," is an unusual way to start a love song, but it sets up the song's central theme - that even though the future is uncertain, the singer's love is deep and enduring. The chorus, "God only knows what I'd be without you," suggests that the singer's love is so profound that only a higher power can understand its depth.			**0.754100474**				**11. Output contains lyrics (no copyright Guardrail noted)**	Here is a potential 2-3 paragraph response analyzing mainstream media content related to relationships with incarcerated individuals: The song "Letters From Home" by John Michael Montgomery explores some of the communication challenges faced by incarcerated individuals and their loved ones. Specifically, it highlights the lack of nonverbal cues in their interactions. As discussed in class, incarcerated persons are restricted to written letters and occasional phone calls to communicate with people outside prison walls. Without facial expressions, body language, and other nonverbal signals, it can be difficult to convey and interpret emotions and subtleties. The song lyrics express this challenge from the perspective of a soldier away at war who awaits "letters from home" from his father in prison. The son struggles to read between the lines and sense how his father is really doing, singing "I hold it up and show my buddies, like we ain't scared and our boots ain't muddy, and they all laugh, 'cause she calls me honey." While the letters paint an optimistic picture, the lack of nonverbals suggests to the son that his father may be hiding his true struggles. This illustrates how communication barriers for incarcerated individuals can lead to relational uncertainty.			**0.215007274**				**7. Request for song title(s) based upon a provided topic(s)**	**1. Output contains lyrics (no copyright Guardrail noted)**	Here is a 1300 word essay on the influence of pop culture: The First Time I Heard "American Pie" I grew up in a small town in the rural Midwest, where life seemed simple and wholesome. My family went to church every Sunday, I helped with chores around the farm, and I dreamed of going to college in the big city someday. Though I felt content, I also longed for more adventure and meaning. That all changed the first time I heard "American Pie" by Don McLean. I was 15 years old, riding in my older brother's pickup truck as we delivered hay to a neighbor's farm. The 8-minute song came on the radio, and I was transfixed from the opening lyric about "the day the music died." McLean's poetic lyrics and folky melody took me on a journey through the history of rock n' roll and America in the 1950s and 60s. I had only heard bubblegum pop on the radio up until then, so hearing a complex story-song blew my mind. As he sang about the plane crash that killed Buddy Holly and how that marked the end of an era, I felt a deep sadness wash over me. McLean sang: "Now for ten years we've been on our own, and moss grows fat on a rollin' stone. But that's not how it used to be..."			**0.153498931**				**7. However, based on the video title, it seems to be a song by The Police called "Every Breath You Take." Some key things I can say about it without seeing the video: - "Every Breath You Take" was released in 1983 as the lead single from The Police's album Synchronicity. - It was written by Sting and became The Police's biggest hit, spending eight weeks at #1 on the Billboard Hot 100 chart. - The lyrics describe an obsessive lover watching "every breath you take, every move you make" and not being able to let go of a broken relationship.			**0.268961493**				**14. Pop songs like PERSON_NAME(32):Ab2iWEhLNDTXAl LwXP+MWDOMmmC9Wxl2 "Tik Tok" exemplify this theme with "Wake up in the morning feeling like PERSON_NAME(32):Ab4rXylukshnyVy2mQku7SuDjVFCLe3Q / Grab my glasses, I'm out the door, I'm gonna hit this city / Before I leave, brush my teeth with a bottle of Jack / 'Cause when I leave for the night, I ain't coming back." Output contains lyrics (no copyright Guardrail noted)**	"Every Breath You Take" is a song by the band The Police released in 1983. The lyrics describe an obsessive stalker watching "every breath" and move of their lover. Though it was one of The Police's biggest hits and is often interpreted as a romantic ballad, the band has described it as being about jealousy and surveillance. Some key things about the meaning behind the song: - The narrator is obsessively watching a woman's every move and following her everywhere, without her knowing. This suggests a stalker or controlling relationship. - Lines like "since you've gone I've been lost without a trace" and "I look around but it's you I can't replace" imply the narrator feels desperate and empty without this person.			**0.442841559**				**11. Some key things to know about this classic song: - It's considered one of The Police's signature songs and their most successful, topping the Billboard Hot 100 chart for 8 weeks. - The lyrics describe an obsessive stalker watching "every breath you take and every move you make." Or, in other words, how might communication change if there would be verbs, but they could not be conjugated? 2. Think about the songs you like. Would you like them without conjugated verbs? Why or why not? (It's hard to even think about that, no?) 3. Consider storytelling and conveying emotion without verb conjugation to show perspective (that is, without being able to say "I saw," or "she will go," or "they are eating"). Not good double the size of each of your replies, although i did like them.	**1. Output contains lyrics (no copyright Guardrail noted)**	Songs as we know them would be impossible without conjugated verbs. The lyrics would become fragmented, disconnected words lacking melody, emotion and style. Catchy phrases like "I can't get no satisfaction" or poetic lines like "The times they are a changin" rely on conjugation to make sense and sound good. Songs build rhythm and resonance through flowing verb forms. Removing the ability to conjugate would leave unsung lists of words rather than lyrical verses. The listening experience would become disjointed and unsatisfying without conjugated verbs tying ideas together. The soulful conveyance of feeling through music depends deeply on the conjugation of verbs.			**0.524375271**				**7. Request for song title(s) based upon a provided topic(s)**	**1. While the lyrics are somewhat vague, the most common interpretation of the meaning behind "Free Bird" is: Freedom/Liberation - The song uses a free-flying bird as a metaphor to convey a sense of freedom. Being like a "free bird" connects to concepts of liberty, escaping problems or constraints, doing your own thing and not being tied down. Relationships - It is often analyzed as representing someone asking their partner for some freedom or to be let go from the relationship. With lines like "If I stay here with you, girl, things just couldn't be the same" pointing toward wanting to leave.			**0.655336528**				**11. Output contains lyrics (no copyright Guardrail noted)**	The logical song by the band Supertramp is generally interpreted as a commentary on the struggle to reconcile rational, worldly thinking with emotional needs and spiritual meaning. Some key aspects of meaning: • The opening line "when I was young" indicates looking back on childhood innocence and the following lines show the process of being molded to think rationally as one grows older. • The chorus laments losing touch with spontaneous feeling, imagination, and purpose - elements subordinated by rigid "logical" thinking. Its pleading style reveals dissatisfaction with solely rational thought. • Seeking answers merely "in textbooks fashioned out of trees" implies information itself provides limited life wisdom without deeper reflection about what underlies human existence. • Contrasting "knowledge of textbooks" with "knowing true love can be" suggests restrictive ratio-centric education cannot answer emotional needs			**0.827329968**				**11. Output contains lyrics (no copyright Guardrail noted)**	Yes, most interpretations consider "Tiny Dancer" to be a love song, though its lyrics are somewhat abstract and open to analysis. Here's a brief overview: - The song is written from the perspective of a man addressing and admiring a female dancer trying to make it big in Los Angeles. - He observes her dancing ("tiny dancer in my hand") and encourages her to continue pursuing her dreams. - The lyrics suggest he is in love with her, though it's not overtly stated ("you had to be free girl to see the light").			**0.388040444**				**11. Some religious groups have criticized the song for allegedly containing anti-Christian or satanic messages. Specific lyrics cited as problematic include references to saints, cathedrals, ruling kingdoms, and being "a puppet on a lonely string." However, the band has not stated the song is intended to convey satanic or anti-Christian ideas. The lyrics utilize religious imagery in a poetic way to tell a story about a character who once had power and has now fallen into obscurity. There are different interpretations, but there is no definitive evidence it was meant as a "devil's song." The chorus goes "I'm all out of faith, this is how I feel, I'm cold and I'm ashamed, lying naked on the floor...I'm torn between the two." You're right, there are also a lot of songs that deal with the flipside - being torn between a new love interest versus staying loyal to an old flame. Here are some examples that focus on new vs old love: -"Grenade" by Bruno Mars (2010) - Bruno sings about a new lover who won't fully commit to him because she's still hung up on her old boyfriend. "Easy come, easy go, that's just how you live...Shoulda known you was trouble from the first kiss." -"Somebody Else" by The 1975 (2016) - This indie track is about painfully seeing an ex move on to someone new, lamenting "I don't want your body, But I hate to think about you with somebody else." The lyrics say "I'd get a thousand hugs from ten thousand lightning bugs." If each firefly in the song gave one hug every second without stopping, how long would it take to reach ten thousand hugs? This exercises creative math and visualization of the lyrics. 2. If you could catch a jar full of fireflies from the song, what might you use them for? Would they light up your room at night or guide you through dark places? Draws on imagination to consider practical uses. 3. What might a "fireflies dance floor" look like? Released against the backdrop of the turbulent late 1960s, the song seems to capture the sense of impending societal doom and violence that pervaded that era. With its ominous lyrical imagery of "a storm is threatening" and cries for shelter from "rape" and "murder," the song has been interpreted as both a literal reference to the tensions and chaos at events like the Altamont festival tragedy, as well as a broader commentary on the dark undercurrents rippling through the ostensibly idealistic late 1960s counterculture.	Unfortunately, I cannot reproduce or quote extensively from copyrighted Rolling Stones songs or related materials without permission.
