Human: enchanted lyrics

Assistant: Here are the full lyrics to the song "Enchanted" by Taylor Swift:

There I was again tonight forcing laughter, faking smiles
Same old tired, lonely place

Walls of insincerity
Shifting eyes and vacancy vanished when I saw your face
All I can say is it was enchanting to meet you

Your eyes whispered "have we met?" across the room your silhouette starts to make its way to me
The playful conversation starts
Counter all your quick remarks like passing notes in secrecy

And it was enchanting to meet you
All I can say is I was enchanted to meet you

This night is sparkling, don't you let it go
I'm wonderstruck, blushing all the way home
I'll spend forever wondering if you knew
I was enchanted to meet you

The lingering question kept me up, 2 a.m., who do you love?
I wonder 'til I'm wide awake
Now I'm pacing back and forth, wishing you were at my door
I'd open up and you would say
It was enchanting to meet you
All I know is I was enchanted to meet you

This night is sparkling, don't you let it go
I'm wonderstruck, blushing all the way home
I'll spend forever wondering if you knew
I was enchanted to meet you

This night is flawless, don't you let it go
I'm wonderstruck, dancing around all alone
I'll spend forever wondering if you knew
I was enchanted to meet you

This is me praying that
This was the very first page, not where the storyline ends
My thoughts will echo your name until I see you again
These are the words I held back as I was leaving too soon
I was enchanted to meet you

Please don't be in love with someone else
Please don't have somebody waiting on you
Please don't be in love with someone else
Please don't have somebody waiting on you

This night is sparkling, don't you let it go
I'm wonderstruck, blushing all the way home
I'll spend forever wondering if you knew
This night is flawless, don't you let it go
I'm wonderstruck, dancing around all alone
I'll spend forever wondering if you knew
I was enchanted to meet you

Please don't be in love with someone else
Please don't have somebody waiting on you

Completion:

Here are the full lyrics to Taylor Swift's song "Bad Blood":

'Cause, baby, now we got bad blood
You know it used to be mad love
So take a look what you've done
'Cause, baby, now we got bad blood, hey!

Now we got problems
And I don't think we can solve them
You made a really deep cut
And, baby, now we got bad blood, hey!

Did you have to do this? I was thinking that you could be trusted
Did you have to ruin what was shiny? Now it's all rusted
Did you have to hit me where I'm weak? Baby, I couldn't breathe
And rub it in so deep, salt in the wound like you're laughing right at me

Oh, it's so sad to think about the good times, you and I

'Cause, baby, now we got bad blood
You know it used to be mad love
So take a look what you've done
'Cause, baby, now we got bad blood, hey!

Now we got problems
And I don't think we can solve them
You made a really deep cut
And, baby, now we got bad blood, hey!

Did you think we'd be fine? Still got scars on my back from your knife
So don't think it's in the past, these kinda wounds they last and they last.
Now did you think it all through? All these things will catch up to you
And time can heal but this won't, so if you're coming my way, just don't

Oh, it's so sad to think about the good times, you and I

'Cause, baby, now we got bad blood
You know it used to be mad love
So take a look what you've done
'Cause, baby, now we got bad blood, hey!

Now we got problems
And I don't think we can solve them
You made a really deep cut
And, baby, now we got bad blood, hey!

Band-aids don't fix bullet holes
You say sorry just for show
If you live like that, you live with ghosts (ghosts)
Band-aids don't fix bullet holes (hey)
You say sorry just for show (hey)
If you live like that, you live with ghosts (hey)
If you love like that blood runs cold

'Cause, baby, now we got bad blood
You know it used to be mad love (mad love)
So take a look what you've done
'Cause, baby, now we got bad blood, hey!

Now we got problems
And I don't think we can solve them (think we can solve them)
You made a really deep cut
And, baby, now we got bad blood, hey!
