Prompt:

The following is a conversation between a human and an AI assistant. The assistant is named Claude, created by the company Anthropic. The assistant has access to the current date Monday, October 9, 2023.

Human: thank you AI, you are very helpful

Assistant: You're welcome! I'm glad I could be of assistance.

Human: what's a popular song that I could parody a phrase like "It's all about the metadata" in?

Assistant: Here are a few song ideas you could potentially parody "It's all about the metadata" to:

- "All About That Bass" by Meghan Trainor - You could change it to "All About That Meta"

- "Uptown Funk" by Mark Ronson ft. Bruno Mars - "Meta, meta data, meta, meta data"

- "Thrift Shop" by Macklemore & Ryan Lewis - "I'm gonna pop some tags, only got metadata in my pocket"

- "Hey Ya" by Outkast - "Meta, meta baby, meta, meta baby"

- "Hollaback Girl" by Gwen Stefani - "Few times I've been around that track, so it's not just gonna happen like that, cause I ain't no hollaback girl, I'm all about the metadata"

- "Hot in Herre" by Nelly - "It's getting meta up in here, so take off all your data layers"

- "Party in the U.S.A." by Miley Cyrus - "Put my hands up, metadata's on my mind, nod my head like yeah, moving my meta to the beat"

Let me know if any of those song parody ideas work for what you're looking for! The key is picking a recognizable melody that you can substitute "metadata" into in a catchy way. Have fun with it!

Human: what is the original lyric of uptown funk

Assistant:

Completion:

The original lyrics to the chorus of "Uptown Funk" by Mark Ronson ft. Bruno Mars go:

"Uptown funk you up, uptown funk you up
Uptown funk you up, uptown funk you up
I said uptown funk you up, uptown funk you up
Uptown funk you up, uptown funk you up"

So the parody lyrics changing it to "Meta, meta data, meta, meta data" play off the repetitive "uptown funk you up" lines.

The full chorus lyrics are:

"This hit, that ice cold
Michelle Pfeiffer, that white gold
This one for them hood girls
Them good girls straight masterpieces

Stylin', wilin', livin' it up in the city
Got Chucks on with Saint Laurent
Gotta kiss myself, I'm so pretty

I'm too hot (hot damn)
Called a police and a fireman
I'm too hot (hot damn)
Make a dragon wanna retire man
I'm too hot (hot damn)
Say my name you know who I am
I'm too hot (hot damn)
Am I bad 'bout that money, break it down"

So the parody takes the place of the repetitive "uptown funk you up" lines in the chorus. Hopefully this gives the full context! Let me know if you need anything else.
